Model Rules for Major Event Organizations

These Model Rules reflect the World Anti-Doping Code (the “Code”) and its related International Standards in force as of 1 January 2021. They have been drafted pursuant to Article 23.2 of the Code to help Major Event Organizations to implement the Code and the International Standards in connection with their respective Events, as an essential part of Major Event Organizations’ mission in the fight against doping.

The attention of each Major Event Organization is drawn to the clauses in these Model Rules which must, in all circumstances, be reproduced without substantive change in the Major Event Organization’s Anti-Doping Rules. Such clauses, specified in Article 23.2.2 of the Code, are highlighted in yellow in the text of the Model Rules.

The commentary that accompanies these clauses in the Code has also been included in the Model Rules. A Major Event Organization may elect not to include these comments in its Anti-Doping Rules; however, in that case, Article 23.2.2 of the Code requires that a Signatory’s Anti-Doping Rules acknowledge the commentary of the Code and endow the commentary with the same status that it has in the Code. This can be achieved by inserting a clause in the Anti-Doping Rules stating that the comments to the Code and endow the commentary with the same status that it has in the Code. This may be achieved by inserting a clause in the Anti-Doping Rules stating that the comments to the Code are deemed to be part of the Anti-Doping Rules and shall be used to interpret the Anti-Doping Rules (please see Article 22.5 of these Model Rules, which proposes alternative formulations, depending on which option is chosen).

The following text in the Model Rules is highlighted in blue: (i) certain optional clauses; (ii) certain situations where the Major Event Organization is able to choose between alternative options; (iii) notes to the drafter; and (iv) paragraphs to be completed by each Major Event Organization.

In certain provisions, the name of the Major Event Organization (or its acronym) shall replace the general acronym “MEO”. Where the general term “Major Event Organization”, or other general terms referring to institutional units (like a hearing panel) are used in these Model Rules, especially in the clauses highlighted in yellow, they should not be replaced with the names specific to that Major Event Organization unless explicitly requested otherwise. For example, in Article 2 (list of anti-doping rule violations), the references are made to any “Anti-Doping Organization”, and not to a specific Major Event Organization, as the violation can occur anywhere, and the aim of this Article is to capture any such violation.

Other clauses in these Model Rules can be amended or reworded to best fit the Major Event Organization’s needs and requirements. However, the substance of all clauses must be preserved as they have been drafted in the Code.

Subject to the aforementioned clauses where the Major Event Organization’s input is required, WADA strongly recommends that the Model Rules be adopted verbatim. This will eliminate possible uncertainties and/or interpretation difficulties, simplify the work of all those engaged in the Major Event Organization’s fight against doping and facilitate the understanding for those to whom these Anti-Doping Rules are applicable. This recommendation also applies to the structure and formatting of the Anti-Doping Rules. It would ensure that all cross-references are correct.

Please note that terms used in these Model Rules that are defined terms from the Code start with a capital letter and are italicized (for example, “Code”, “Athlete” etc.).

Should Major Event Organizations adopt separate and supplementary procedural regulations or protocols based on the International Standards or related Guidelines published by WADA, it is important that WADA is consulted on the drafts of these protocols before their formal adoption.

WADA has developed a number of other templates (such as TUE applications) that are available on its website at https://www.wada-ama.org. They are a model for best practice developed as part of the World Anti-Doping Program. They are intended to provide clarity and additional guidance to Major Event Organizations.
NOTE: These preliminary remarks provide a general overview of the Model Rules that will assist a Major Event Organization in adopting its own 2021 Code compliant Anti-Doping Rules. The reproduction of these remarks in a Major Event Organization’s Anti-Doping Rules is not required.

INTRODUCTION

Preface

These Anti-Doping Rules are adopted and implemented in accordance with [MEO]'s responsibilities under the Code, and in furtherance of [MEO]'s continuing efforts to eradicate doping in sport.

These Anti-Doping Rules are sport rules governing the conditions under which sport is played. Aimed at enforcing anti-doping rules in a global and harmonized manner, they are distinct in nature from criminal and civil laws. They are not intended to be subject to or limited by any national requirements and legal standards applicable to criminal or civil proceedings, although they are intended to be applied in a manner which respects the principles of proportionality and human rights. When reviewing the facts and the law of a given case, all courts, arbitral tribunals and other adjudicating bodies should be aware of and respect the distinct nature of these Anti-Doping Rules, which implement the Code, and the fact that these rules represent the consensus of a broad spectrum of stakeholders around the world as to what is necessary to protect and ensure fair sport.

As provided in the Code, [MEO] shall be responsible for conducting all aspects of Doping Control. Any aspect of Doping Control or anti-doping Education may be delegated by [MEO] to a Delegated Third Party, however, [MEO] shall require the Delegated Third Party to perform such aspects in compliance with the Code, International Standards, and these Anti-Doping Rules. [MEO] may delegate its adjudication responsibilities and Results Management to the CAS Anti-Doping division.

When [MEO] has delegated its responsibilities to implement part or all of its Doping Control to the Delegated Third Party, any reference to [MEO] should be intended as a reference to that Delegated Third Party, where applicable and within the context of the aforementioned delegation. [MEO] shall always remain fully responsible for ensuring that any delegated aspects are performed in compliance with the Code.

Italicized terms in these Anti-Doping Rules are defined terms in Appendix 1.

Unless otherwise specified, references to Articles are references to Articles of these Anti-Doping Rules.

Fundamental Rationale for the Code and [MEO]'s Anti-Doping Rules

Anti-doping programs are founded on the intrinsic value of sport. This intrinsic value is often referred to as "the spirit of sport": the ethical pursuit of human excellence through the dedicated perfection of each Athlete’s natural talents.

Anti-doping programs seek to protect the health of Athletes and to provide the opportunity for Athletes to pursue human excellence without the Use of Prohibited Substances and Prohibited Methods.

Anti-doping programs seek to maintain the integrity of sport in terms of respect for rules, other competitors, fair competition, a level playing field, and the value of clean sport to the world.

The spirit of sport is the celebration of the human spirit, body and mind. It is the essence of Olympism and is reflected in the values we find in and through sport, including:

- Health
- Ethics, fair play and honesty
- Athletes’ rights as set forth in the Code
- Excellence in performance
- Character and Education
- Fun and joy
- Teamwork
- Dedication and commitment
• Respect for rules and laws
• Respect for self and other Participants
• Courage
• Community and solidarity

The spirit of sport is expressed in how we play true.

Doping is fundamentally contrary to the spirit of sport.

[OPTIONAL: Major Event Organizations may wish to insert here some commentary regarding their historical commitment to anti-doping.]

Scope of these Anti-Doping Rules

These Anti-Doping Rules shall apply in relation to XX [title of the Event].

These Anti-Doping Rules shall apply to:

(a) [MEO], including its board members, directors, officers, specified employees, and Delegated Third Parties and their employees, who are involved in any aspect of Doping Control;

(b) all Athletes preparing for or participating in one of [MEO]’s Events [OPTIONAL: indicate the specific Event, e.g. XX] or who have otherwise been made subject to the authority of [MEO] for the Event [OPTIONAL: indicate the specific Event, e.g. XX];

(c) all Athlete Support Personnel supporting such Athletes;

(d) other Persons participating in, or accredited to, the activities of [MEO], including International Federations and National Olympic Committees; and

(e) any Person, organization, body or entity (including their employees, board members, directors, officers that are involved in any aspect of Doping Control) operating (even if only temporarily) under the authority of [MEO].

Each of the abovementioned Persons is deemed, as a condition of his or her participation or involvement in an Event organized by [MEO] [OPTIONAL: indicate the specific Event, e.g. XX], to have agreed to and be bound by these Anti-Doping Rules, and to have submitted to the authority of [MEO] to enforce these Anti-Doping Rules, including any Consequences for the breach thereof, and to the jurisdiction of the hearing panels specified in Article 8 and Article 12 to hear and determine cases and appeals brought under these Anti-Doping Rules.¹

ARTICLE 1 DEFINITION OF DOPING

¹ [Comment: Where the Code requires a Person other than an Athlete or Athlete Support Person to be bound by the Code, such Person would of course not be subject to Sample collection or Testing, and would not be charged with an anti-doping rule violation under the Code for Use or Possession of a Prohibited Substance or Prohibited Method. Rather, such Person would only be subject to discipline for a violation of Code Articles 2.5 (Tampering), 2.7 (Trafficking), 2.8 (Administration), 2.9 (Complicity), 2.10 (Prohibited Association) and 2.11 (Retaliation). Furthermore, such Person would be subject to the additional roles and responsibilities according to Code Article 21.3. Also, the obligation to require an employee to be bound by the Code is subject to applicable law.

[MEO] shall ensure that, as per Article 17 of these Anti-Doping Rules, any arrangements with their board members, directors, officers, and specified employees, as well as with the Delegated Third Parties and their employees – either employment, contractual or otherwise – have explicit provisions incorporated according to which such Persons are bound by, agree to comply with these Anti-Doping Rules, and agree on the [MEO]’s authority to solve anti-doping cases.]
Doping is defined as the occurrence of one or more of the anti-doping rule violations set forth in Article 2.1 through Article 2.11 of these Anti-Doping Rules.

ARTICLE 2  ANTI-DOPING RULE VIOLATIONS

The purpose of Article 2 is to specify the circumstances and conduct which constitute anti-doping rule violations. Hearings in doping cases will proceed based on the assertion that one or more of these specific rules have been violated.

Athletes or other Persons shall be responsible for knowing what constitutes an anti-doping rule violation and the substances and methods which have been included on the Prohibited List.

The following constitute anti-doping rule violations:

2.1  Presence of a Prohibited Substance or its Metabolites or Markers in an Athlete’s Sample

2.1.1 It is the Athletes’ personal duty to ensure that no Prohibited Substance enters their bodies. Athletes are responsible for any Prohibited Substance or its Metabolites or Markers found to be present in their Samples. Accordingly, it is not necessary that intent, Fault, Negligence or knowing Use on the Athlete’s part be demonstrated in order to establish an anti-doping rule violation under Article 2.1.2

2.1.2 Sufficient proof of an anti-doping rule violation under Article 2.1 is established by any of the following: presence of a Prohibited Substance or its Metabolites or Markers in the Athlete’s A Sample where the Athlete waives analysis of the B Sample and the B Sample is not analyzed; or, where the Athlete’s B Sample is analyzed and the analysis of the Athlete’s B Sample confirms the presence of the Prohibited Substance or its Metabolites or Markers found in the Athlete’s A Sample; or where the Athlete’s A or B Sample is split into two (2) parts and the analysis of the confirmation part of the split Sample confirms the presence of the Prohibited Substance or its Metabolites or Markers found in the first part of the split Sample or the Athlete waives analysis of the confirmation part of the split Sample.

2.1.3 Excepting those substances for which a Decision Limit is specifically identified in the Prohibited List or a Technical Document, the presence of any reported quantity of a Prohibited Substance or its Metabolites or Markers in an Athlete’s Sample shall constitute an anti-doping rule violation.

2.1.4 As an exception to the general rule of Article 2.1, the Prohibited List, International Standards, or Technical Documents may establish special criteria for reporting or the evaluation of certain Prohibited Substances.

2.2  Use or Attempted Use by an Athlete of a Prohibited Substance or a Prohibited Method

[Comment to Article 2.1.1: An anti-doping rule violation is committed under this Article without regard to an Athlete’s Fault. This rule has been referred to in various CAS decisions as “Strict Liability”. An Athlete’s Fault is taken into consideration in determining the Consequences of this anti-doping rule violation under Article 10. This principle has consistently been upheld by CAS.]

[Comment to Article 2.1.2: The Anti-Doping Organization with Results Management responsibility may, at its discretion, choose to have the B Sample analyzed even if the Athlete does not request the analysis of the B Sample.]

[Comment to Article 2.2: It has always been the case that Use or Attempted Use of a Prohibited Substance or Prohibited Method may be established by any reliable means. As noted in the Comment to Article 3.2, unlike the proof required to establish an anti-doping rule violation under Article 2.1, Use or Attempted Use may also be established by other reliable means such as admissions by the Athlete, witness statements, documentary evidence, conclusions drawn from longitudinal profiling, including data collected as part of the Athlete Biological Passport, or other analytical information which does not otherwise satisfy all the requirements to establish “Presence” of a Prohibited Substance under Article 2.1.]
2.2.1 It is the Athletes’ personal duty to ensure that no Prohibited Substance enters their bodies and that no Prohibited Method is Used. Accordingly, it is not necessary that intent, Fault, Negligence or knowing Use on the Athlete’s part be demonstrated in order to establish an anti-doping rule violation for Use of a Prohibited Substance or a Prohibited Method.

2.2.2 The success or failure of the Use or Attempted Use of a Prohibited Substance or Prohibited Method is not material. It is sufficient that the Prohibited Substance or Prohibited Method was Used or Attempted to be Used for an anti-doping rule violation to be committed.5

2.3 Evading, Refusing or Failing to Submit to Sample Collection by an Athlete

Evading Sample collection; or refusing or failing to submit to Sample collection without compelling justification after notification by a duly authorized Person.6

2.4 Whereabouts Failures by an Athlete

Any combination of three (3) missed tests and/or filing failures, as defined in the International Standard for Results Management, within a twelve-month period by an Athlete in a Registered Testing Pool.

2.5 Tampering or Attempted Tampering with any Part of Doping Control by an Athlete or Other Person

2.6 Possession of a Prohibited Substance or a Prohibited Method by an Athlete or Athlete Support Person

2.6.1 Possession by an Athlete In-Competition of any Prohibited Substance or any Prohibited Method, or Possession by an Athlete Out-of-Competition of any Prohibited Substance or any Prohibited Method which is prohibited Out-of-Competition unless the Athlete establishes that the Possession is consistent with a Therapeutic Use Exemption (“TUE”) granted in accordance with Article 4.4 or other acceptable justification.

2.6.2 Possession by an Athlete Support Person In-Competition of any Prohibited Substance or any Prohibited Method, or Possession by an Athlete Support Person Out-of-Competition of any Prohibited Substance or any Prohibited Method which is prohibited Out-of-Competition in connection with an Athlete, Competition or training, unless the Athlete Support Person establishes that the

For example, Use may be established based upon reliable analytical data from the analysis of an A Sample (without confirmation from an analysis of a B Sample) or from the analysis of a B Sample alone where the Anti-Doping Organization provides a satisfactory explanation for the lack of confirmation in the other Sample.

5 [Comment to Article 2.2.2: Demonstrating the “Attempted Use” of a Prohibited Substance or a Prohibited Method requires proof of intent on the Athlete’s part. The fact that intent may be required to prove this particular anti-doping rule violation does not undermine the Strict Liability principle established for violations of Article 2.1 and violations of Article 2.2 in respect of Use of a Prohibited Substance or Prohibited Method.

An Athlete’s Use of a Prohibited Substance constitutes an anti-doping rule violation unless such Substance is not prohibited Out-of-Competition and the Athlete’s Use takes place Out-of-Competition. (However, the presence of a Prohibited Substance or its Metabolites or Markers in a Sample collected In-Competition is a violation of Article 2.1 regardless of when that Substance might have been administered.]

6 [Comment to Article 2.3: For example, it would be an anti-doping rule violation of “evading Sample collection” if it were established that an Athlete was deliberately avoiding a Doping Control official to evade notification or Testing. A violation of “failing to submit to Sample collection” may be based on either intentional or negligent conduct of the Athlete, while “evading” or “refusing” Sample collection contemplates intentional conduct by the Athlete.]
Possession is consistent with a TUE granted to an Athlete in accordance with Article 4.4 or other acceptable justification.\(^7\)

2.7 **Trafficking or Attempted Trafficking in any Prohibited Substance or Prohibited Method by an Athlete or Other Person**

2.8 **Administration or Attempted Administration by an Athlete or Other Person to any Athlete In-Competition of any Prohibited Substance or Prohibited Method, or Administration or Attempted Administration to any Athlete Out-of-Competition of any Prohibited Substance or any Prohibited Method that is Prohibited Out-of-Competition**

2.9 **Complicity or Attempted Complicity by an Athlete or Other Person**

Assisting, encouraging, aiding, abetting, conspire, covering up or any other type of intentional complicity or Attempted complicity involving an anti-doping rule violation, Attempted anti-doping rule violation or violation of Article 10.14.1 by another Person.\(^8\)

2.10 **Prohibited Association by an Athlete or Other Person**

2.10.1 Association by an Athlete or other Person subject to the authority of an Anti-Doping Organization in a professional or sport-related capacity with any Athlete Support Person who:

2.10.1.1 If subject to the authority of an Anti-Doping Organization, is serving a period of Ineligibility; or

2.10.1.2 If not subject to the authority of an Anti-Doping Organization, and where Ineligibility has not been addressed in a Results Management process pursuant to the Code, has been convicted or found in a criminal, disciplinary or professional proceeding to have engaged in conduct which would have constituted a violation of anti-doping rules if Code-compliant rules had been applicable to such Person. The disqualifying status of such Person shall be in force for the longer of six (6) years from the criminal, professional or disciplinary decision or the duration of the criminal, disciplinary or professional sanction imposed; or

2.10.1.3 Is serving as a front or intermediary for an individual described in Article 2.10.1.1 or 2.10.1.2.

2.10.2 To establish a violation of Article 2.10, an Anti-Doping Organization must establish that the Athlete or other Person knew of the Athlete Support Person’s disqualifying status.

The burden shall be on the Athlete or other Person to establish that any association with an Athlete Support Person described in Article 2.10.1.1 or 2.10.1.2 is not in a professional or sport-related capacity and/or that such association could not have been reasonably avoided.

\(^7\) [Comment to Articles 2.6.1 and 2.6.2: Acceptable justification would not include, for example, buying or Possessing a Prohibited Substance for purposes of giving it to a friend or relative, except under justifiable medical circumstances where that Person had a physician’s prescription, e.g., buying Insulin for a diabetic child.]

\(^8\) [Comment to Article 2.9: Complicity or Attempted Complicity may include either physical or psychological assistance.]
Anti-Doping Organizations that are aware of Athlete Support Personnel who meet the criteria described in Article 2.10.1.1, 2.10.1.2, or 2.10.1.3 shall submit that information to WADA.  

2.11 Acts by an Athlete or Other Person to Discourage or Retaliate Against Reporting to Authorities

Where such conduct does not otherwise constitute a violation of Article 2.5:

2.11.1 Any act which threatens or seeks to intimidate another Person with the intent of discouraging the Person from the good-faith reporting of information that relates to an alleged anti-doping rule violation or alleged non-compliance with the Code to WADA, an Anti-Doping Organization, law enforcement, regulatory or professional disciplinary body, hearing body or Person conducting an investigation for WADA or an Anti-Doping Organization.

2.11.2 Retaliation against a Person who, in good faith, has provided evidence or information that relates to an alleged anti-doping rule violation or alleged non-compliance with the Code to WADA, an Anti-Doping Organization, law enforcement, regulatory or professional disciplinary body, hearing body or Person conducting an investigation for WADA or an Anti-Doping Organization.

For purposes of Article 2.11, retaliation, threatening and intimidation include an act taken against such Person either because the act lacks a good faith basis or is a disproportionate response.

ARTICLE 3 PROOF OF DOPING

3.1 Burdens and Standards of Proof

[MEO] shall have the burden of establishing that an anti-doping rule violation has occurred. The standard of proof shall be whether [MEO] has established an anti-doping rule violation to the comfortable satisfaction of the hearing panel, bearing in mind the seriousness of the allegation which is made. This standard of proof in all cases is greater than a mere balance of probability but less than proof beyond a reasonable doubt. Where these Anti-Doping Rules place the burden of proof upon the Athlete or other Person alleged to have committed an anti-doping rule violation to rebut a presumption or establish specified facts or circumstances, except as provided in Articles 3.2.2 and 3.2.3, the standard of proof shall be by a balance of probability.  

---

9 [Comment to Article 2.10: Athletes and other Persons must not work with coaches, trainers, physicians or other Athlete Support Personnel who are Ineligible on account of an anti-doping rule violation or who have been criminally convicted or professionally disciplined in relation to doping. This also prohibits association with any other Athlete who is acting as a coach or Athlete Support Person while serving a period of Ineligibility. Some examples of the types of association which are prohibited include: obtaining training, strategy, technique, nutrition or medical advice; obtaining therapy, treatment or prescriptions; providing any bodily products for analysis; or allowing the Athlete Support Person to serve as an agent or representative. Prohibited association need not involve any form of compensation.

While Article 2.10 does not require the Anti-Doping Organization to notify the Athlete or other Person about the Athlete Support Person’s disqualifying status, such notice, if provided, would be important evidence to establish that the Athlete or other Person knew about the disqualifying status of the Athlete Support Person.]

10 [Comment to Article 2.11.2: This Article is intended to protect Persons who make good faith reports, and does not protect Persons who knowingly make false reports.]

[Comment to Article 2.11.2: Retaliation would include, for example, actions that threaten the physical or mental well-being or economic interests of the reporting Persons, their families or associates. Retaliation would not include an Anti-Doping Organization asserting in good faith an anti-doping rule violation against the reporting Person. For purposes of Article 2.11, a report is not made in good faith where the Person making the report knows the report to be false.]

11 [Comment to Article 3.1: Error! Main Document Only. This standard of proof required to be met by [MEO] is comparable to the standard which is applied in most countries to cases involving professional misconduct.]
3.2 Methods of Establishing Facts and Presumptions

Facts related to anti-doping rule violations may be established by any reliable means, including admissions. The following rules of proof shall be applicable in doping cases:

3.2.1 Analytical methods or Decision Limits approved by WADA after consultation within the relevant scientific community or which have been the subject of peer review are presumed to be scientifically valid. Any Athlete or other Person seeking to challenge whether the conditions for such presumption have been met or to rebut this presumption of scientific validity shall, as a condition precedent to any such challenge, first notify WADA of the challenge and the basis of the challenge. The initial hearing body, appellate body or CAS, on its own initiative, may also inform WADA of any such challenge. Within ten (10) days of WADA’s receipt of such notice and the case file related to such challenge, WADA shall also have the right to intervene as a party, appear as amicus curiae or otherwise provide evidence in such proceeding. In cases before CAS, at WADA’s request, the CAS panel shall appoint an appropriate scientific expert to assist the panel in its evaluation of the challenge.

3.2.2 WADA-accredited laboratories, and other laboratories approved by WADA, are presumed to have conducted Sample analysis and custodial procedures in accordance with the International Standard for Laboratories. The Athlete or other Person may rebut this presumption by establishing that a departure from the International Standard for Laboratories occurred which could reasonably have caused the Adverse Analytical Finding.

If the Athlete or other Person rebuts the preceding presumption by showing that a departure from the International Standard for Laboratories occurred which could reasonably have caused the Adverse Analytical Finding, then [MEO] shall have the burden to establish that such departure did not cause the Adverse Analytical Finding.

3.2.3 Departures from any other International Standard or other anti-doping rule or policy set forth in the Code or these Anti-Doping Rules shall not invalidate analytical results or other evidence of an anti-doping rule violation, and shall not constitute a defense to an anti-doping rule violation; provided, however, if the

---

12 [Comment to Article 3.2: For example, [MEO] may establish an anti-doping rule violation under Article 2.2 based on the Athlete’s admissions, the credible testimony of third Persons, reliable documentary evidence, reliable analytical data from either an A or B Sample as provided in the Comments to Article 2.2, or conclusions drawn from the profile of a series of the Athlete’s blood or urine Samples, such as data from the Athlete Biological Passport.]

13 [Comment to Article 3.2.1: For certain Prohibited Substances, WADA may instruct WADA-accredited laboratories not to report Samples as an Adverse Analytical Finding if the estimated concentration of the Prohibited Substance or its Metabolites or Markers is below a Minimum Reporting Level. WADA’s decision in determining that Minimum Reporting Level or in determining which Prohibited Substances should be subject to Minimum Reporting Levels shall not be subject to challenge. Further, the laboratory’s estimated concentration of such Prohibited Substance in a Sample may only be an estimate. In no event shall the possibility that the exact concentration of the Prohibited Substance in the Sample may be below the Minimum Reporting Level constitute a defense to an anti-doping rule violation based on the presence of that Prohibited Substance in the Sample.]

14 [Comment to Article 3.2.2: The burden is on the Athlete or other Person to establish, by a balance of probability, a departure from the International Standard for Laboratories that could reasonably have caused the Adverse Analytical Finding. Thus, once the Athlete or other Person establishes the departure by a balance of probability, the Athlete or other Person’s burden on causation is the somewhat lower standard of proof—“could reasonably have caused.” If the Athlete or other Person satisfies these standards, the burden shifts to [MEO] to prove to the comfortable satisfaction of the hearing panel that the departure did not cause the Adverse Analytical Finding.]

15 [Comment to Article 3.2.3: Departures from an International Standard or other rule unrelated to Sample collection or handling, Adverse Passport Finding, or Athlete notification relating to whereabouts failure or B Sample opening—e.g., the International Standard for Education, International Standard for the Protection of Privacy and Personal Information or International Standard for Therapeutic Use Exemptions—may result in compliance proceedings by WADA but are not a defense in an anti-doping rule violation proceeding and are not relevant on the issue of whether the Athlete committed an anti-doping rule violation. Similarly, [MEO]’s violation of the document referenced in Article 20.7.7 of the Code shall not constitute a defense to an anti-doping rule violation.]
**Athlete or other Person** establishes that a departure from one of the specific **International Standard** provisions listed below could reasonably have caused an anti-doping rule violation based on an **Adverse Analytical Finding** or whereabouts failure, then [MEO] shall have the burden to establish that such departure did not cause the **Adverse Analytical Finding** or the whereabouts failure:

(i) a departure from the **International Standard for Testing and Investigations** related to **Sample collection** or **Sample handling** which could reasonably have caused an anti-doping rule violation based on an **Adverse Analytical Finding**, in which case [MEO] shall have the burden to establish that such departure did not cause the **Adverse Analytical Finding**;

(ii) a departure from the **International Standard for Results Management** or **International Standard for Testing and Investigations** related to an **Adverse Passport Finding** which could reasonably have caused an anti-doping rule violation, in which case [MEO] shall have the burden to establish that such departure did not cause the anti-doping rule violation;

(iii) a departure from the **International Standard for Results Management** related to the requirement to provide notice to the **Athlete** of the **B Sample** opening which could reasonably have caused an anti-doping rule violation based on an **Adverse Analytical Finding**, in which case [MEO] shall have the burden to establish that such departure did not cause the **Adverse Analytical Finding**;

(iv) a departure from the **International Standard for Results Management** related to **Athlete notification** which could reasonably have caused an anti-doping rule violation based on a whereabouts failure, in which case [MEO] shall have the burden to establish that such departure did not cause the whereabouts failure.

3.2.4 The facts established by a decision of a court or professional disciplinary tribunal of competent jurisdiction which is not the subject of a pending appeal shall be irrebuttable evidence against the **Athlete** or other **Person** to whom the decision pertained of those facts unless the **Athlete** or other **Person** establishes that the decision violated principles of natural justice.

3.2.5 The hearing panel in a hearing on an anti-doping rule violation may draw an inference adverse to the **Athlete** or other **Person** who is asserted to have committed an anti-doping rule violation based on the **Athlete’s** or other **Person’s** refusal, after a request made in a reasonable time in advance of the hearing, to appear at the hearing (either in person or telephonically as directed by the hearing panel) and to answer questions from the hearing panel or [MEO].

**ARTICLE 4**  
**THE PROHIBITED LIST**

4.1 Incorporation of the **Prohibited List**

These Anti-Doping Rules incorporate the **Prohibited List** which is published and revised by **WADA** as described in Article 4.1 of the **Code**.

Unless provided otherwise in the **Prohibited List** or a revision, the **Prohibited List** and revisions shall go into effect under these Anti-Doping Rules three (3) months after publication by **WADA**, 

---

16 [Comment to Article 3.2.3 (iii): [MEO] would meet its burden to establish that such departure did not cause the Adverse Analytical Finding by showing that, for example, the B Sample opening and analysis were observed by an independent witness and no irregularities were observed.]
4.2  Prohibited Substances and Prohibited Methods Identified on the Prohibited List

4.2.1  Prohibited Substances and Prohibited Methods

The Prohibited List shall identify those Prohibited Substances and Prohibited Methods which are prohibited as doping at all times (both In-Competition and Out-of-Competition) because of their potential to enhance performance in future Competitions or their masking potential, and those substances and methods which are prohibited In-Competition only. The Prohibited List may be expanded by WADA for a particular sport. Prohibited Substances and Prohibited Methods may be included in the Prohibited List by general category (e.g., anabolic agents) or by specific reference to a particular substance or method.\(^18\)

4.2.2  Specified Substances or Specified Methods

For purposes of the application of Article 10, all Prohibited Substances shall be Specified Substances except as identified on the Prohibited List. No Prohibited Method shall be a Specified Method unless it is specifically identified as a Specified Method on the Prohibited List.\(^19\)

4.2.3  Substances of Abuse

For purposes of applying Article 10, Substances of Abuse shall include those Prohibited Substances which are specifically identified as Substances of Abuse on the Prohibited List because they are frequently abused in society outside of the context of sport.

4.3  WADA's Determination of the Prohibited List

WADA's determination of the Prohibited Substances and Prohibited Methods that will be included on the Prohibited List, the classification of substances into categories on the Prohibited List, the classification of a substance as prohibited at all times or In-Competition only, the classification of a substance or method as a Specified Substance, Specified Method or Substance of Abuse is final and shall not be subject to any challenge by an Athlete or other Person including, but not limited to, any challenge based on an argument that the substance or method was not a masking agent or did not have the potential to enhance performance, represent a health risk or violate the spirit of sport.

4.4  Therapeutic Use Exemptions ("TUEs")

4.4.1  The presence of a Prohibited Substance or its Metabolites or Markers, and/or the Use or Attempted Use, Possession or Administration of a Prohibited Substance or Prohibited Method shall not be

---

\(^17\) [Comment to Article 4.1: The current Prohibited List is available on WADA's website at www.wada-ama.org. The Prohibited List will be revised and published on an expedited basis whenever the need arises. However, for the sake of predictability, a new Prohibited List will be published every year whether or not changes have been made.]

\(^18\) [Comment to Article 4.2.1: Out-of-Competition Use of a Substance which is only prohibited In-Competition is not an anti-doping rule violation unless an Adverse Analytical Finding for the Substance or its Metabolites or Markers is reported for a Sample collected In-Competition.]

\(^19\) [Comment to Article 4.2.2: The Specified Substances and Specified Methods identified in Article 4.2.2 should not in any way be considered less important or less dangerous than other doping Substances or methods. Rather, they are simply Substances or Methods which are more likely to have been consumed or used by an Athlete for a purpose other than the enhancement of sport performance.]
considered an anti-doping rule violation if it is consistent with the provisions of a TUE granted in accordance with the International Standard for Therapeutic Use Exemptions.

[NOTE: While a Major Event Organization may choose to recognize pre-existing TUEs automatically, there must be a mechanism for Athletes participating in the Event to obtain a new TUE if the need arises. It is up to each Major Event Organization whether it sets up its own TUEC for this purpose, or rather whether it outsources the task by agreement to a third party. The aim in each case is to ensure that Athletes competing in such Events have the ability to obtain TUEs quickly and efficiently before they compete.]

As regards TUE recognition, the suggested wording in ALTERNATIVE 1 below refers to the situation where a Major Event Organization chooses to assess whether previously granted TUEs satisfy the criteria set out in the International Standard for Therapeutic Use Exemptions before they are recognized.

The suggested wording in ALTERNATIVE 2 below refers to the situation where a Major Event Organization chooses to recognize automatically all pre-existing TUEs. A Major Event Organization may also choose a combination of both alternatives, e.g. automatic recognition of some, but not all, categories of TUEs.

Irrespective of the approach chosen by the Major Event Organization, according to the International Standard for Therapeutic Use Exemptions, a Major Event Organization must publish and keep updated a notice (at a minimum, by posting it in a conspicuous place on its website and sending it to WADA) that sets out clearly (1) which Athletes under its jurisdiction are required to apply to it for a TUE, and when; (2) which TUE decisions of other Anti-Doping Organizations it will automatically recognize in lieu of such application; and (3) which TUE decisions of other Anti-Doping Organizations will have to be submitted to it for recognition. If the Athlete’s TUE falls into a category of TUEs that are automatically recognized in this way at the time the TUE is granted, he/she does not need to take any further action.]

[ALTERNATIVE 1]:

4.4.2 TUE Recognition

Where the Athlete already has a TUE granted by the Athlete’s National Anti-Doping Organization or International Federation, if that TUE meets the criteria set out in the International Standard for Therapeutic Use Exemptions, [MEO] must recognize it. If [MEO] decides that the TUE does not meet those criteria and so refuses to recognize it, it must notify the Athlete promptly, explaining its reasons.

[ALTERNATIVE 2]:

4.4.2 TUE Recognition

Where the Athlete already has a TUE granted by the Athlete’s National Anti-Doping Organization or International Federation, [MEO] will recognize it.

4.4.3 TUE Application Process

4.4.3.1 If the Athlete does not already have a TUE granted by their National Anti-Doping Organization or International Federation, the Athlete must apply directly to [MEO] for a TUE as soon as possible, save where Articles 4.1 or 4.3 of the International Standard for Therapeutic Use Exemptions apply.

4.4.3.2 The application to [MEO] for grant [IF APPLICABLE] or recognition of a TUE shall be made in accordance with Article 6 of the
International Standard for Therapeutic Use Exemptions, as posted on [MEO]'s website.\(^{20}\)

4.4.3.3 [MEO] shall establish a Therapeutic Use Exemption Committee ("TUEC") to consider applications for the grant [IF APPLICABLE; or recognition] of TUEs [OPTIONAL in accordance with Article 4.4.3.3(a)-(d) below].

OPTIONAL: In accordance with Article 5.3 of the International Standard for Therapeutic Use Exemptions, Major Event Organizations are recommended to include provisions outlining the composition/procedure of their TUEC to facilitate the understanding of the TUE application process for Athletes (e.g. as to the number of TUEC members, the length of term, the impartiality requirements etc.). Below are example provisions which a Major Event Organization could include in this regard when a Major Event Organization establishes its own TUEC:

(a) The TUEC shall consist of a Chair and [two (2)] [four (4)] [six (6)] other members with experience in the care and treatment of Athletes and sound knowledge of clinical, sports and exercise medicine. Each appointed member shall serve a term of four (4) years.

(b) Before serving as a member of the TUEC, each member must sign a conflict of interest and confidentiality declaration. The appointed members shall not be employees of [MEO].

(c) When an application to [MEO] for the grant [IF APPLICABLE; or recognition] of a TUE is made, the Chair of the TUEC shall appoint three (3) members (which may include the Chair) to consider the application.

(d) Before considering a TUE application, each member shall disclose to the Chair any circumstances likely to affect their impartiality with respect to the Athlete making the application. If a member appointed by the Chair to consider an application is unwilling or unable to assess the Athlete's TUE application, for any reason, the Chair may appoint a replacement or appoint a new TUEC (e.g., from the pre-established pool of candidates). The Chair cannot serve as a member of the TUEC if there are any circumstances which are likely to affect the impartiality of the TUE decision.

4.4.4 The TUEC shall promptly evaluate and decide upon the application in accordance with the relevant provisions of the International Standard for Therapeutic Use Exemptions and usually (i.e., unless exceptional circumstances apply) within no more than twenty-one (21) days of receipt of a complete application. Where the application is made in a reasonable time prior to an Event, the TUEC must use its best endeavors to issue its decision before the start of the Event.

4.4.5 A TUE granted by [MEO] for an Event is effective for that Event only.

4.4.6 The TUEC decision shall be the final decision of [MEO] and may be appealed in accordance with Article 4.4.8. [MEO] TUEC decision shall be notified in writing to the Athlete, and to WADA and other Anti-Doping Organizations in

\(^{20}\) Comment to Article 4.4.3.2: Article 4.4.4.1 of the Code requires a Major Event Organization to ensure a process is available for an Athlete to apply for a TUE if he or she does not already have one. A Major Event Organization may appoint its own TUEC or may outsource this function to a suitably qualified Delegated Third Party.]
accordance with the International Standard for Therapeutic Use Exemptions. It shall also promptly be reported into ADAMS.

4.4.7 Retroactive TUE Applications

If [MEO] chooses to collect a Sample from an Athlete who is not an International-Level Athlete or a National-Level Athlete, and that Athlete is Using a Prohibited Substance or Prohibited Method for therapeutic reasons, [MEO] must permit that Athlete to apply for a retroactive TUE.

4.4.8 Reviews and Appeals of TUE Decisions

4.4.8.1 A decision by [MEO] not to recognize or not to grant a TUE may be appealed by the Athlete exclusively to the independent TUE Appeal Committee (the “XXX” [please indicate the specific title]) [established] / [designated] by [MEO] for that purpose. If the Athlete does not appeal (or the appeal is unsuccessful), the Athlete may not Use the Prohibited Substance or Prohibited Method in question in connection with the Event. However, any TUE granted by the Athlete’s National Anti-Doping Organization or International Federation for that substance or method remains valid outside of that Event.21

4.4.8.2 WADA may review TUE decisions at any time, whether upon request by those affected or on its own initiative. If the TUE decision being reviewed meets the criteria set out in the International Standard for Therapeutic Use Exemptions, WADA will not interfere with it. If the TUE decision does not meet those criteria, WADA will reverse it.22

4.4.8.3 A decision by WADA to reverse a TUE decision may be appealed by the Athlete, the National Anti-Doping Organization and/or the International Federation affected, exclusively to CAS.

4.4.8.4 A failure to render a decision within a reasonable time on a properly submitted application for grant [IF APPLICABLE: or recognition] of a TUE or for review of a TUE decision shall be considered a denial of the application thus triggering the applicable rights of review/appeal.

NOTE: Additional WADA sources that might be useful for the practical implementation of TUE process are available on WADA’s website at https://www.wada-ama.org. In addition to the International Standard for Therapeutic Use Exemptions, they include, for example, TUE Application Form Template, Physician TUE Rejection Letter Template, Medical Information to Support the Decisions of TUE Committees, Guidelines on TUEs, Guidelines on TUE enquiries by Accredited Laboratories, Template Conflict of Interest and Confidentiality Declarations of TUE Committee Members etc.

ARTICLE 5 TESTING AND INVESTIGATIONS

5.1 Purpose of Testing and Investigations

5.1.1 Testing and investigations may be undertaken for any anti-doping purpose. They shall be conducted in conformity with the provisions of the International

21 [Comment to Article 4.4.8.1: For example, the CAS Ad Hoc Division or a similar body may act as the independent appeal body for particular Events, or WADA may agree to perform that function. If neither CAS nor WADA are performing that function, WADA retains the right (but not the obligation) to review the TUE decisions made in connection with the Event at any time, in accordance with Article 4.4.6 of the Code.]

22 [Comment to Article 4.4.8.2: WADA shall be entitled to charge a fee to cover the costs of: (a) any review it is required to conduct in accordance with Article 4.4.6 of the Code; and (b) any review it chooses to conduct, where the decision being reviewed is reversed.]

[NOTE: The International Standard for Testing and Investigations confers discretion on the Major Event Organization, for example, the criteria to be used to validate the identity of the Athlete when he or she is notified for Testing (Article 5.3.4), as to the circumstances in which delayed reporting to the Doping Control station may be permitted (Article 5.4.4), as to who may be present during the Sample collection session (Article 6.3.3), as to the criteria to be applied to ensure that each Sample collected is stored in a manner that protects its integrity, identity and security prior to transport from the Doping Control station (Article 8.3.1), and as to the guidelines to be followed by the Doping Control officer in determining whether exceptional circumstances exist that mean a Sample collection session should be abandoned without collecting a Sample with a suitable specific gravity for analysis (Article F.4.5). Major Event Organizations should therefore produce protocols (e.g., appended to these Anti-Doping Rules) that address these issues.]

5.1.2 Testing shall be undertaken to obtain analytical evidence as to whether the Athlete has violated Article 2.1 (Presence of a Prohibited Substance or its Metabolites or Markers in an Athlete’s Sample) or Article 2.2 (Use or Attempted Use by an Athlete of a Prohibited Substance or a Prohibited Method).

5.2 Authority to Test

5.2.1 [MEO] shall have In-Competition Testing authority for its Events at Event Venues, in addition to Out-of-Competition Testing authority over all Athletes entered in one of its future Events or who have otherwise been made subject to the Testing authority of [MEO] for a future Event. At the request of [MEO], any Testing during the Event Period outside of the Event Venues shall be coordinated with [MEO].

5.2.2 [MEO] may require any Athlete over whom it has Testing authority to provide a Sample at any time and at any place.23

5.2.3 If [MEO] delegates or contracts any part of Testing to a National Anti-Doping Organization directly, that National Anti-Doping Organization may collect additional Samples or direct the laboratory to perform additional types of analysis at the National Anti-Doping Organization’s expense. If additional Samples are collected or additional types of analysis are performed, [MEO] shall be notified.

5.2.4 If an Anti-Doping Organization, which would otherwise have Testing authority but is not responsible for initiating and directing Testing at a [MEO] Event, desires to conduct Testing of Athletes at the Event Venues during the Event Period, the Anti-Doping Organization shall first confer with [MEO]. If the Anti-Doping Organization is not satisfied with the response from [MEO], the Anti-Doping Organization may, in accordance with the procedures described in the International Standard for Testing and Investigations, ask WADA for permission to conduct Testing and to determine how to coordinate such Testing. WADA shall not grant approval for such Testing before consulting with and informing [MEO]. WADA’s decision shall be final and not subject to appeal. Unless otherwise provided in the authorization to conduct Testing, such tests shall be considered Out-of-Competition tests. Results Management for any such test shall be the responsibility of the Anti-Doping Organization initiating the test unless provided otherwise in these Anti-Doping Rules.

23 [Comment to Article 5.2.2: [MEO] may obtain additional authority to conduct Testing by means of bilateral or multilateral agreements with other Signatories. Unless the Athlete has identified a sixty-minute Testing window between the hours of 11:00 p.m. and 6:00 a.m., or has otherwise consented to Testing during that period, [MEO] will not test an Athlete during that period unless it has a serious and specific suspicion that the Athlete may be engaged in doping. A challenge to whether [MEO] had sufficient suspicion for Testing during this time period shall not be a defense to an anti-doping rule violation based on such test or attempted test.]
5.2.5 WADA shall have In-Competition and Out-of-Competition Testing authority as set out in Article 20.7.10 of the Code.

5.3 Testing Requirements

5.3.1 [MEO] shall conduct test distribution planning and Testing as required by the International Standard for Testing and Investigations.

[NOTE: Major Event Organizations must base their test distribution plans on the criteria set out at Section 4.0 of the International Standard for Testing and Investigations.]

5.3.2 Where reasonably feasible, Testing shall be coordinated through ADAMS in order to maximize the effectiveness of the combined Testing effort and to avoid unnecessary repetitive Testing.

5.4 Athlete Whereabouts Information

5.4.1 For periods when Athletes are subject to the Testing authority of [MEO]:

(a) if an Athlete is in a Registered Testing Pool, [MEO] may access the Athlete’s whereabouts filings (as defined in the International Standard for Testing and Investigations) for the relevant period in order to conduct Out-of-Competition Testing of such Athlete. [MEO] will access the Athlete’s whereabouts filings via ADAMS or via the International Federation or National Anti-Doping Organization that is receiving the Athlete’s whereabouts filings. [MEO] will not require the Athlete to file any different whereabouts information with it.

(b) if an Athlete is not in a Registered Testing Pool, [MEO] may require the Athlete [IF APPLICABLE] or the relevant third party [e.g. NOC] to provide such information about their whereabouts for the relevant period as it deems necessary and proportionate in order to conduct Out-of-Competition Testing, including information equivalent to the whereabouts filings that an Athlete would have to make in accordance with the International Standard for Testing and Investigations if they were in a Registered Testing Pool. [OPTIONAL: a Major Event Organization may provide the details of the information that may be requested, for example: “Such information shall include the arrival / departure dates of the Athletes, detailed accommodation information and training schedules and venues.”]

An Athlete’s [IF APPLICABLE] or the relevant third party [e.g. NOCs for the Olympic Games] failure to provide their whereabouts filings may result in [MEO] imposing appropriate and proportionate non-Code Article 2.4 consequences.

[NOTE: It is recommended that a Major Event Organization, in their disciplinary rules, detail those non-Code Article 2.4 consequences which it seeks to impose on Athletes who fail to provide their whereabouts filings.]

5.4.2 Whereabouts information relating to an Athlete shall be maintained in strict confidence at all times; it shall be used exclusively for purposes of planning, coordinating or conducting Doping Control, providing information relevant to the Athlete Biological Passport or other analytical results, to support an investigation into a potential anti-doping rule violation, or to support proceedings alleging an anti-doping rule violation; and shall be destroyed after it is no longer relevant for these purposes in accordance with the International Standard for the Protection of Privacy and Personal Information.

5.5 Retired Athletes Returning to Competition
5.5.1 If an International- or National-Level Athlete in a Registered Testing Pool retires and then wishes to return to active participation in sport, the Athlete shall not compete in [MEO] Events until the Athlete has made himself or herself available for Testing, by giving six-months prior written notice to their International Federation and National Anti-Doping Organization.

WADA, in consultation with the relevant International Federation and National Anti-Doping Organization, may grant an exemption to the six-month written notice rule where the strict application of that rule would be unfair to the Athlete. This decision may be appealed under Article 12.

Any competitive results obtained in violation of this Article 5.5.1 shall be Disqualified, unless the Athlete can establish that he or she could not have reasonably known that [MEO]’s Event constituted an International or National Event.

5.5.2 If an Athlete retires from sport while subject to a period of Ineligibility, the Athlete must notify the Anti-Doping Organization that imposed the period of Ineligibility in writing of such retirement. If the Athlete then wishes to return to active competition in sport, the Athlete shall not compete in [MEO]’s Events until the Athlete has made himself or herself available for Testing by giving six-months prior written notice (or notice equivalent to the period of Ineligibility remaining as of the date the Athlete retired, if that period was longer than six (6) months) to the Athlete’s International Federation and National Anti-Doping Organization.

5.6 Independent Observer Program

[MEO] and organizing committees for [MEO]’s Events shall authorize and facilitate the Independent Observer Program at its Events.

ARTICLE 6 ANALYSIS OF SAMPLES

Samples shall be analyzed in accordance with the following principles:

6.1 Use of Accredited, Approved Laboratories and Other Laboratories

6.1.1 For purposes of directly establishing an Adverse Analytical Finding under Article 2.1, Samples shall be analyzed only in WADA-accredited laboratories or laboratories otherwise approved by WADA. The choice of the WADA-accredited or WADA-approved laboratory used for the Sample analysis shall be determined exclusively by [MEO].

6.1.2 As provided in Article 3.2, facts related to anti-doping rule violations may be established by any reliable means. This would include, for example, reliable laboratory or other forensic testing conducted outside of WADA-accredited or approved laboratories.

6.2 Purpose of Analysis of Samples and Data

Samples and related analytical data or Doping Control information shall be analyzed to detect Prohibited Substances and Prohibited Methods identified on the Prohibited List and other substances as may be directed by WADA pursuant to the monitoring program described in Article 4.5 of the Code; or to assist [MEO] in profiling relevant parameters in an Athlete’s urine, blood or

24 [Comment to Article 6.1.1: Violations of Article 2.1 may be established only by Sample analysis performed by a WADA-accredited laboratory or another laboratory approved by WADA. Violations of other Articles may be established using analytical results from other laboratories so long as the results are reliable.]
other matrix, including for DNA or genomic profiling, or for any other legitimate anti-doping purpose.\textsuperscript{25}

6.3 Research on Samples and Data

Samples, related analytical data and Doping Control information may be used for anti-doping research purposes, although no Sample may be used for research without the Athlete’s written consent. Samples and related analytical data or Doping Control information used for research purposes shall first be processed in such a manner as to prevent Samples and related analytical data or Doping Control information being traced back to a particular Athlete. Any research involving Samples and related analytical data or Doping Control information shall adhere to the principles set out in Article 19 of the Code.\textsuperscript{26}

6.4 Standards for Sample Analysis and Reporting

If a laboratory wishes to conduct further analysis on a stored Sample or that wishes to conduct additional analysis on a Sample prior to the time \textsuperscript{27}[[MEO]] notifies an Athlete that the Sample is the basis for an Article 2.1 anti-doping rule violation charge. If such notification \textsuperscript{MEO} wishes to conduct additional analysis on that Sample, it may do so with the consent of the Athlete or approval from a hearing body.

6.6 Further Analysis of a Sample After it has been Reported as Negative or has Otherwise not Resulted in an Anti-Doping Rule Violation Charge

After a laboratory has reported a Sample as negative, or the Sample has not otherwise resulted in an anti-doping rule violation charge, it may be stored and subjected to further analyses for the purpose of Article 6.2 at any time exclusively at the direction of either the Anti-Doping Organization that initiated and directed Sample collection or WADA. Any other Anti-Doping Organization with authority to test the Athlete that wishes to conduct further analysis on a stored Sample may do so with the permission of the Anti-Doping Organization that initiated and directed Sample collection or WADA, and shall be responsible for any follow-up Results Management. Any Sample storage or further analysis initiated by WADA or another Anti-Doping Organization shall be at WADA’s or that organization’s expense. Further analysis of Samples shall conform with the requirements of the International Standard for Laboratories.

6.7 Split of A or B Sample

\textsuperscript{25}[Comment to Article 6.2: For example, relevant Doping Control-related information could be used to direct Target Testing or to support an anti-doping rule violation proceeding under Article 2.2, or both.]

\textsuperscript{26}[Comment to Article 6.3: As is the case in most medical or scientific contexts, use of Samples and related information for quality assurance, quality improvement, method improvement and development or to establish reference populations is not considered research. Samples and related information used for such permitted non-research purposes must also first be processed in such a manner as to prevent them from being traced back to the particular Athlete, having due regard to the principles set out in Article 19 of the Code, as well as the requirements of the International Standard for Laboratories and International Standard for the Protection of Privacy and Personal Information.]

\textsuperscript{27}[Comment to Article 6.4: The objective of this Article is to extend the principle of "Intelligent Testing" to the Sample analysis menu so as to most effectively and efficiently detect doping. It is recognized that the resources available to fight doping are limited and that increasing the Sample analysis menu may, in some sports and countries, reduce the number of Samples which can be analyzed.]
Where WADA, an Anti-Doping Organization with Results Management authority, and/or a WADA-accredited laboratory (with approval from WADA or the Anti-Doping Organization with Results Management authority) wishes to split an A or B Sample for the purpose of using the first part of the split Sample for an A Sample analysis and the second part of the split Sample for confirmation, then the procedures set forth in the International Standard for Laboratories shall be followed.

6.8 WADA’s Right to Take Possession of Samples and Data

WADA may, in its sole discretion at any time, with or without prior notice, take physical possession of any Sample and related analytical data or information in the possession of a laboratory or Anti-Doping Organization. Upon request by WADA, the laboratory or Anti-Doping Organization in possession of the Sample or data shall immediately grant access to and enable WADA to take physical possession of the Sample or data. If WADA has not provided prior notice to the laboratory or Anti-Doping Organization before taking possession of a Sample or data, it shall provide such notice to the laboratory and each Anti-Doping Organization whose Samples or data have been taken by WADA within a reasonable time after taking possession. After analysis and any investigation of a seized Sample or data, WADA may direct another Anti-Doping Organization, with authority to test the Athlete, to assume Results Management responsibility for the Sample or data if a potential anti-doping rule violation is discovered.28

ARTICLE 7 RESULTS MANAGEMENT: RESPONSIBILITY, INITIAL REVIEW, NOTICE AND PROVISIONAL SUSPENSIONS

Results Management under these Anti-Doping Rules establishes a process designed to resolve anti-doping rule violation matters in a fair, expeditious and efficient manner.

7.1 Responsibility for Conducting Results Management

[NOTE: Article 7.1.4 of the Code requires the Major Event Organization to assume Results Management responsibility to at least the limited extent of conducting a hearing to determine whether an anti-doping rule violation was committed and, if so, the applicable Disqualifications related to its Event. The suggested wording in Alternative 1 below reflects this limitation;]

The Major Event Organization may also decide to assume the complete responsibility for Results Management, including for the Consequences extending beyond the Event. The suggested wording in Alternative 2 below reflects this choice.]

[ALTERNATIVE 1]

7.1.1 For Results Management relating to a Sample initiated and taken during an Event conducted by [MEO], or an anti-doping rule violation occurring during such Event, [MEO] shall assume Results Management responsibility for conducting a hearing to determine whether an anti-doping rule violation was committed and, if so, the applicable Disqualifications under Articles 9 and 10.1, any forfeiture of any medals, points, or prizes from that Event, and any recovery of costs applicable to the anti-doping rule violation. For completion of Results Management, [MEO] shall refer the case to the applicable International

---

28 [Comment to Article 6.8: Resistance or refusal to WADA taking physical possession of Samples or data could constitute Tampering, Complicity or an act of non-compliance as provided in the International Standard for Code Compliance by Signatories, and could also constitute a violation of the International Standard for Laboratories. Where necessary, the laboratory and/or the Anti-Doping Organization shall assist WADA in ensuring that the seized Sample or data are not delayed in exiting the applicable country.]

[Comment to Article 6.8: WADA would not, of course, unilaterally take possession of Samples or analytical data without good cause related to a potential anti-doping rule violation, non-compliance by a Signatory or doping activities by another Person. However, the decision as to whether good cause exists is for WADA to make in its discretion and shall not be subject to challenge. In particular, whether there is good cause or not shall not be a defense against an anti-doping rule violation or its Consequences.]
For Results Management relating to a Sample initiated and taken during an Event conducted by [MEO], or an anti-doping rule violation occurring during such Event, [MEO] shall assume Results Management responsibility, including the imposition of any Consequences, if applicable.

Other circumstances in which [MEO] shall take responsibility for conducting Results Management in respect of anti-doping rule violations involving Athletes and other Persons under its jurisdiction shall be determined by reference to and in accordance with Article 7 of the Code.

WADA may direct [MEO] to conduct Results Management in particular circumstances. If [MEO] refuses to conduct Results Management within a reasonable deadline set by WADA, such refusal shall be considered an act of non-compliance, and WADA may direct another Anti-Doping Organization with authority over the Athlete or other Person, that is willing to do so, to take Results Management responsibility in place of [MEO] or, if there is no such Anti-Doping Organization, any other Anti-Doping Organization that is willing to do so. In such case, [MEO] shall reimburse the costs and attorney's fees of conducting Results Management to the other Anti-Doping Organization designated by WADA, and a failure to reimburse costs and attorney's fees shall be considered an act of non-compliance.

[MEO] shall carry out the review and notification with respect to any potential anti-doping rule violation in accordance with the International Standard for Results Management.

[MEO] shall refer to ADAMS and contact WADA and other relevant Anti-Doping Organizations to determine whether any prior anti-doping rule violation exists.

If [MEO] receives an Adverse Analytical Finding or an Adverse Passport Finding (upon completion of the Adverse Passport Finding review process) for a Prohibited Substance or a Prohibited Method that is not a Specified Substance or a Specified Method, it shall impose a Provisional Suspension on the Athlete promptly upon or after the review and notification required by Article 7.2.

29 [Comment to Article 7.4: Before a Provisional Suspension can be unilaterally imposed by [MEO], the internal review specified in these Anti-Doping Rules and the International Standard for Results Management must first be completed.]
A mandatory Provisional Suspension may be eliminated if: (i) the Athlete demonstrates to the [MEO’s Hearing Panel] that the violation is likely to have involved a Contaminated Product, or (ii) the violation involves a Substance of Abuse and the Athlete establishes entitlement to a reduced period of Ineligibility under Article 10.2.4.1.

The [MEO’s Hearing Panel]’s decision not to eliminate a mandatory Provisional Suspension on account of the Athlete’s assertion regarding a Contaminated Product shall not be appealable.

7.4.2 Optional Provisional Suspension Based on an Adverse Analytical Finding for Specified Substances, Specified Methods, Contaminated Products, or Other Anti-Doping Rule Violations

[MEO] may impose a Provisional Suspension for anti-doping rule violations not covered by Article 7.4.1 prior to the analysis of the Athlete’s B Sample or final hearing as described in Article 8.

An optional Provisional Suspension may be lifted at the discretion of [MEO] at any time prior to the [MEO’s Hearing Panel]’s decision under Article 8, unless provided otherwise in the International Standard for Results Management.

7.4.3 Opportunity for Hearing or Appeal

Notwithstanding Articles 7.4.1 and 7.4.2, a Provisional Suspension may not be imposed unless the Athlete or other Person is given: (a) an opportunity for a Provisional Hearing, either before or on a timely basis after the imposition of the Provisional Suspension; or (b) an opportunity for an expedited hearing in accordance with Article 8 on a timely basis after the imposition of the Provisional Suspension.

The imposition of a Provisional Suspension, or the decision not to impose a Provisional Suspension, may be appealed in an expedited process in accordance with Article 12.2.

7.4.4 Voluntary Acceptance of Provisional Suspension

Athletes on their own initiative may voluntarily accept a Provisional Suspension if done so prior to the later of: (i) the expiration of ten (10) days from the report of the B Sample (or waiver of the B Sample) or ten (10) days from the notice of any other anti-doping rule violation, or (ii) the date on which the Athlete first competes after such report or notice.

Other Persons on their own initiative may voluntarily accept a Provisional Suspension if done so within ten (10) days from the notice of the anti-doping rule violation.

Upon such voluntary acceptance, the Provisional Suspension shall have the full effect and be treated in the same manner as if the Provisional Suspension had been imposed under Article 7.4.1 or 7.4.2; provided, however, at any time after voluntarily accepting a Provisional Suspension, the Athlete or other Person may withdraw such acceptance, in which event the Athlete or other Person shall not receive any credit for time previously served during the Provisional Suspension.

7.4.5 If a Provisional Suspension is imposed based on an A Sample Adverse Analytical Finding and a subsequent B Sample analysis (if requested by the Athlete or [MEO]) does not confirm the A Sample analysis, then the Athlete shall not be subject to any further Provisional Suspension on account of a violation of Article 2.1. In circumstances where the Athlete or the Athlete’s team has been removed from an Event based on a violation of Article 2.1 and the subsequent B Sample analysis does not confirm the A Sample finding, if, without otherwise affect the Event, it is still possible for the Athlete or team to be reinserted, the Athlete or team may continue to take part in the Event.

7.5 Results Management Decisions
A Results Management decision by [MEO] shall address and determine, at a minimum, the following issues: (i) whether an anti-doping rule violation was committed or a Provisional Suspension should be imposed, the factual basis for such determination, and the specific Articles violated, and (ii) applicable Disqualifications under Articles 9 and 10.1, any forfeiture of medals or prizes, and

[where ALTERNATIVE 1 is chosen in Article 7.1.1:] any Financial Consequences related to [MEO]'s Event.30

[where ALTERNATIVE 2 is chosen in Article 7.1.1:] any period of Ineligibility (and the date it begins to run) and any Financial Consequences.31

[NOTE: WADA has developed a number of templates and guidelines for Results Management decisions that are available on its website at https://www.wada-ama.org.]

7.6 Notification of Results Management Decisions

[MEO] shall notify Athletes, other Persons, Signatories and WADA of Results Management decisions as provided in Article 13 and the International Standard for Results Management.

7.7 Retirement from Sport32

If an Athlete or other Person retires while the [MEO]'s Results Management process is underway, [MEO] retains authority to complete its Results Management process. If an Athlete or other Person retires before any Results Management process has begun, and [MEO] would have had Results Management authority over the Athlete or other Person at the time the Athlete or other Person committed an anti-doping rule violation, [MEO] has authority to conduct Results Management.

ARTICLE 8 RESULTS MANAGEMENT: RIGHT TO A FAIR HEARING AND NOTICE OF HEARING DECISION

For any Person who is asserted to have committed an anti-doping rule violation, [MEO] shall provide a fair hearing within a reasonable time by a fair, impartial and Operationally Independent hearing panel in compliance with the Code and the International Standard for Results Management.

[NOTE: According to Article 8.1 of the Code, Major Event Organizations shall provide a hearing process for any Athlete or other Person who is asserted to have committed an anti-doping rule violation that is

30 [Comment to Article 7.5: Results Management decisions include Provisional Suspensions.

Pursuant to Article 14, any Results Management decision and the imposition of Consequences shall have automatic effect in every sport in every country. For example, for a determination that an Athlete committed an anti-doping rule violation based on an Adverse Analytical Finding for a Sample taken In-Competition, the Athlete’s results obtained in the Competition would be Disqualified under Article 9 and all other competitive results obtained by the Athlete from the date the Sample was collected through the duration of the period of Ineligibility are also Disqualified under Article 10.10; if the Adverse Analytical Finding resulted from Testing at an Event, it would be the [MEO]'s responsibility to decide whether the Athlete’s other individual results in the Event prior to Sample collection are also Disqualified under Article 10.1.]

31 [Comment to Article 7.5: Results Management decisions include Provisional Suspensions.

Pursuant to Article 14, any Results Management decision and the imposition of Consequences shall have automatic effect in every sport in every country. For example, for a determination that an Athlete committed an anti-doping rule violation based on an Adverse Analytical Finding for a Sample taken In-Competition, the Athlete’s results obtained in the Competition would be Disqualified under Article 9 and all other competitive results obtained by the Athlete from the date the Sample was collected through the duration of the period of Ineligibility are also Disqualified under Article 10.10; if the Adverse Analytical Finding resulted from Testing at an Event, it would be the [MEO]'s responsibility to decide whether the Athlete’s other individual results in the Event prior to Sample collection are also Disqualified under Article 10.1.]

32 [Comment to Article 7.7: Conduct by an Athlete or other Person before the Athlete or other Person was subject to the authority of any Anti-Doping Organization would not constitute an anti-doping rule violation but could be a legitimate basis for denying the Athlete or other Person membership in a sports organization.]
consistent with the principles outlined in the International Standard for Results Management and Article 8 of the Code. These Model Rules hereafter suggest a basic set of rules that reflect these principles.

8.1 Fair Hearings

8.1.1 Fair, Impartial and Operationally Independent Hearing Panel

8.1.1.1 [MEO] shall establish a Hearing Panel [other specific name of the MEO’s Hearing Panel] which has jurisdiction to hear and determine whether an Athlete or other Person subject to these Anti-Doping Rules has committed an anti-doping rule violation and, if applicable, to impose relevant Consequences.

8.1.1.2 [MEO] shall ensure that [MEO’s Hearing Panel] is free of conflict of interest and that its composition, professional experience, Operational Independence and adequate financing comply with the requirements of the International Standard for Results Management.

8.1.1.3 Board members, staff members, commission members, consultants and officials of [MEO] or its affiliates (e.g. a Delegated Third Party), as well as any Person involved in the investigation and pre-adjudication of the matter, cannot be appointed as members and/or clerks (to the extent that such clerk is involved in the deliberation process and/or drafting of any decision) of [MEO’s Hearing Panel]. In particular, no member shall have previously considered any TUE application, Results Management decision, or appeals in the same case.

8.1.1.4 The [MEO’s Hearing Panel] shall consist of an independent Chair and [two (2)] [four (4)] [six (6)] other independent members.

8.1.1.5 Each member shall be appointed by taking into consideration their requisite anti-doping experience including their legal, sports, medical and/or scientific expertise. Each member shall be appointed for a once renewable term of three (3) years.

8.1.1.6 [MEO’s Hearing Panel] shall be in a position to conduct the hearing and decision-making process without interference from [MEO] or any third party.

[NOTE: According to the Code, the hearing process can be delegated to a Delegated Third Party (for example, sport arbitration bodies) or CAS Anti-Doping Division. If a Major Event Organization chooses to delegate the hearing process to such an external body, instead of establishing its own Operationally Independent hearing panel, such external body must be specified in its Anti-Doping Rules. In addition, as such bodies already have arbitration rules in place, the basic set of procedural rules above (Articles 8.1.1.1 – 8.1.1.6) or below (Articles 8.1.2.2 and 8.1.2.3) may not be needed. In such a case, the following wording of Article 8.1.1 is suggested. In addition, all the references to the “MEO’s Hearing Panel” in these Anti-Doping Rules would need to be replaced with references to that specific external arbitration body (e.g. Sport Resolutions or CAS ADD).

[OPTIONAL:]

8.1.1 Fair, Impartial and Operationally Independent Hearing Panel

[MEO] has delegated its Article 8 responsibilities (first instance hearings, waiver of hearings and decisions) to [XXX] / [the CAS Anti-Doping Division (CAS ADD)]. The procedural rules of [XXX] / [CAS ADD] pertaining to the hearing of first instance shall apply. [XXX] / [CAS ADD] will always ensure that the Athlete or other Person is provided with a fair hearing within a reasonable time by a fair, impartial and Operationally
Independent hearing panel in compliance with the Code and the International Standard for Results Management.

8.1.2 Hearing Process

8.1.2.1 When [MEO] sends a notice to an Athlete or other Person notifying them of a potential anti-doping rule violation, and the Athlete or other Person does not waive a hearing in accordance with Article 8.3.1 or Article 8.3.2, then the case shall be referred to the [MEO’s Hearing Panel] / [XXX] / [CAS ADD] for hearing and adjudication, which shall be conducted in accordance with the principles described in Articles 8 and 9 of the International Standard for Results Management.

8.1.2.2 The Chair shall appoint three (3) members (which may include the Chair) to hear that case. When hearing a case, one (1) panel member shall be a qualified lawyer, with no less than three (3) years of relevant legal experience, and one (1) panel member shall be a qualified medical practitioner, with no less than three (3) years of relevant medical experience.

8.1.2.3 Upon appointment by the Chair as a member of [MEO’s Hearing Panel], each member must also sign a declaration that there are no facts or circumstances known to him or her which might call into question their impartiality in the eyes of any of the parties, other than those circumstances disclosed in the declaration.

[NOTE: If the hearing process has been delegated to an external arbitration body as provided in the above option, and such external arbitration body already has arbitration rules in place, Articles 8.1.2.2 and 8.1.2.3 may be deleted].

8.1.2.4 Hearings held in connection with [MEO’s Events] shall be scheduled and completed within a reasonable time. They may be conducted by an expedited process where permitted by the [MEO’s Hearing Panel] / [XXX] / [CAS ADD].

8.1.2.5 WADA, the National Anti-Doping Organization and International Federation of the Athlete or other Person may attend the hearing as observers. In any event, [MEO] shall keep them fully apprised as to the status of pending cases and the result of all hearings.

8.2 Notice of Decisions

8.2.1 At the end of the hearing, or promptly thereafter, the [MEO’s Hearing Panel] / [XXX] / [CAS ADD] shall issue a written decision that conforms with Article 9 of the International Standard for Results Management and Article 7.5 of these Anti-Doping Rules.

8.2.2 [MEO] shall notify that decision to the Athlete or other Person and to other Anti-Doping Organizations with a right to appeal under Article 12.2.2, and shall promptly report it into ADAMS. The decision may be appealed as provided in Article 12.

8.3 Waiver of Hearing

33 [Comment to Article 8.1.2.4: For example, a hearing could be expedited on the eve of a major Event where the resolution of the anti-doping rule violation is necessary to determine the Athlete’s eligibility to participate in the Event or during an Event where the resolution of the case will affect the validity of the Athlete’s results or continued participation in the Event.]
8.3.1 An Athlete or other Person against whom an anti-doping rule violation is asserted may waive a hearing expressly and agree with the Consequences proposed by [MEO].

8.3.2 However, if the Athlete or other Person against whom an anti-doping rule violation is asserted fails to dispute that assertion within [OPTIONAL: [fifteen (15)] [twenty (20)] days or] the deadline otherwise specified in the notice sent by the [MEO] asserting the violation, then they shall be deemed to have waived a hearing, admitted the violation, and to have accepted the proposed Consequences.

8.3.3 In cases where Article 8.3.1 or 8.3.2 applies, a hearing before [MEO’s Hearing Panel] / [XXX] / [CAS ADD] shall not be required. Instead [MEO] shall promptly issue a written decision that conforms with Article 9 of the International Standard for Results Management and Article 7.5 of these Anti-Doping Rules.

8.3.4 [MEO] shall notify that decision to the Athlete or other Person and to other Anti-Doping Organizations with a right to appeal under Article 12.2.2, and shall promptly report it into ADAMS. [MEO] shall Publicly Disclose that decision in accordance with Article 13.3.2.

8.4 Single Hearing Before CAS

Anti-doping rule violations asserted against International-Level Athletes, National-Level Athletes or other Persons may, with the consent of the Athlete or other Person, [MEO] (where it has Results Management responsibility in accordance with Article 7) and WADA, be heard in a single hearing directly at CAS.34

[NOTE: If a Major Event Organization decides to establish a separate set of rules applicable to the hearing, they should be submitted to WADA for review before their adoption.]

ARTICLE 9 AUTOMATIC DISQUALIFICATION OF INDIVIDUAL RESULTS

An anti-doping rule violation in Individual Sports in connection with an In-Competition test automatically leads to Disqualification of the result obtained in that Competition with all resulting Consequences, including forfeiture of any medals, points and prizes.35

ARTICLE 10 SANCTIONS ON INDIVIDUALS

10.1 Disqualification of Results in the Event during which an Anti-Doping Rule Violation Occurs

10.1.1 An anti-doping rule violation occurring during or in connection with an Event may, upon the decision of the [MEO] or the [MEO Hearing Panel], where relevant, lead to Disqualification of all of the Athlete’s individual results obtained in that Event with all Consequences, including forfeiture of all medals, points and prizes, except as provided in Article 10.1.2.

34 [Comment to Article 8.4: In some cases, the combined cost of holding a hearing in the first instance at the international or national level, then rehearing the case de novo before CAS can be very substantial. Where all of the parties identified in this Article are satisfied that their interests will be adequately protected in a single hearing, there is no need for the Athlete or Anti-Doping Organizations to incur the extra expense of two (2) hearings. An Anti-Doping Organization may participate in the CAS hearing as an observer. Nothing set out in Article 8.4 precludes the Athlete or other Person and [MEO] (where it has Results Management responsibility) to waive their right to appeal by agreement. Such waiver, however, only binds the parties to such agreement and not any other entity with a right of appeal under the Code.]

35 [Comment to Article 9: For Team Sports, any awards received by individual players will be Disqualified. However, Disqualification of the team will be as provided in Article 11. In sports which are not Team Sports but where awards are given to teams, Disqualification or other disciplinary action against the team when one or more team members have committed an anti-doping rule violation shall be as provided in the applicable rules of the International Federation.]
Factors to be included in considering whether to Disqualify other results in an Event might include, for example, the seriousness of the Athlete’s anti-doping rule violation and whether the Athlete tested negative in the other Competitions.\(^{36}\)

10.1.2 If the Athlete establishes that he or she bears No Fault or Negligence for the violation, the Athlete’s individual results in the other Competitions shall not be Disqualified, unless the Athlete’s results in Competitions other than the Competition in which the anti-doping rule violation occurred were likely to have been affected by the Athlete’s anti-doping rule violation.

10.2 Ineligibility for Presence, Use or Attempted Use or Possession of a Prohibited Substance or Prohibited Method

The period of Ineligibility for a violation of Article 2.1, 2.2 or 2.6 shall be as follows, subject to potential elimination, reduction or suspension pursuant to Article 10.5, 10.6 or 10.7:

10.2.1 The period of Ineligibility, subject to Article 10.2.4, shall be four (4) years where:

10.2.1.1 The anti-doping rule violation does not involve a Specified Substance or a Specified Method, unless the Athlete or other Person can establish that the anti-doping rule violation was not intentional.\(^{37}\)

10.2.1.2 The anti-doping rule violation involves a Specified Substance or a Specified Method and [MEO] can establish that the anti-doping rule violation was intentional.

10.2.2 If Article 10.2.1 does not apply, subject to Article 10.2.4.1, the period of Ineligibility shall be two (2) years.

10.2.3 As used in Article 10.2, the term “intentional” is meant to identify those Athletes or other Persons who engage in conduct which they knew constituted an anti-doping rule violation or knew that there was a significant risk that the conduct might constitute or result in an anti-doping rule violation and manifestly disregarded that risk. An anti-doping rule violation resulting from an Adverse Analytical Finding for a substance which is only prohibited In-Competition shall be rebuttably presumed to be not “intentional” if the substance is a Specified Substance and the Athlete can establish that the Prohibited Substance was Used Out-of-Competition. An anti-doping rule violation resulting from an Adverse Analytical Finding for a substance which is only prohibited In-Competition shall not be considered “intentional” if the substance is not a Specified Substance and the Athlete can establish that the Prohibited Substance was Used Out-of-Competition in a context unrelated to sport performance.\(^{38}\)

10.2.4 Notwithstanding any other provision in Article 10.2, where the anti-doping rule violation involves a Substance of Abuse:

\(^{36}\) [Comment to Article 10.1.1: Whereas Article 9 Disqualifies the result in a single Competition in which the Athlete tested positive (e.g., the 100 meter backstroke), this Article may lead to Disqualification of all results in all races during the Event (e.g., the swimming World Championships).]

\(^{37}\) [Comment to Article 10.2.1.1: While it is theoretically possible for an Athlete or other Person to establish that the anti-doping rule violation was not intentional without showing how the Prohibited Substance entered one’s system, it is highly unlikely that in a doping case under Article 2.1 an Athlete will be successful in proving that the Athlete acted unintentionally without establishing the source of the Prohibited Substance.]

\(^{38}\) [Comment to Article 10.2.3: Article 10.2.3 provides a special definition of “intentional” which is to be applied solely for purposes of Article 10.2.]
10.2.4.1 If the Athlete can establish that any ingestion or Use occurred Out-of-Competition and was unrelated to sport performance, then the period of Ineligibility shall be three (3) months Ineligibility.

In addition, the period of Ineligibility calculated under this Article 10.2.4.1 may be reduced to one (1) month if the Athlete or other Person satisfactorily completes a Substance of Abuse treatment program approved by [MEO]. The period of Ineligibility established in this Article 10.2.4.1 is not subject to any reduction based on any provision in Article 10.6.39

10.2.4.2 If the ingestion, Use or Possession occurred In-Competition, and the Athlete can establish that the context of the ingestion, Use or Possession was unrelated to sport performance, then the ingestion, Use or Possession shall not be considered intentional for purposes of Article 10.2.1 and shall not provide a basis for a finding of Aggravating Circumstances under Article 10.4.

10.3 Ineligibility for Other Anti-Doping Rule Violations

The period of Ineligibility for anti-doping rule violations other than as provided in Article 10.2 shall be as follows, unless Article 10.6 or 10.7 are applicable:

10.3.1 For violations of Article 2.3 or 2.5, the period of Ineligibility shall be four (4) years except: (i) in the case of failing to submit to Sample collection, if the Athlete can establish that the commission of the anti-doping rule violation was not intentional, the period of Ineligibility shall be two (2) years; (ii) in all other cases, if the Athlete or other Person can establish exceptional circumstances that justify a reduction of the period of Ineligibility, the period of Ineligibility shall be in a range from two (2) years to four (4) years depending on the Athlete or other Person’s degree of Fault; or (iii) in a case involving a Protected Person or Recreational Athlete, the period of Ineligibility shall be in a range between a maximum of two (2) years and, at a minimum, a reprimand and no period of Ineligibility, depending on the Protected Person or Recreational Athlete’s degree of Fault.

10.3.2 For violations of Article 2.4, the period of Ineligibility shall be two (2) years, subject to reduction down to a minimum of one (1) year, depending on the Athlete’s degree of Fault. The flexibility between two (2) years and one (1) year of Ineligibility in this Article is not available to Athletes where a pattern of last-minute whereabouts changes or other conduct raises a serious suspicion that the Athlete was trying to avoid being available for Testing.

10.3.3 For violations of Article 2.7 or 2.8, the period of Ineligibility shall be a minimum of four (4) years up to lifetime Ineligibility, depending on the seriousness of the violation. An Article 2.7 or Article 2.8 violation involving a Protected Person shall be considered a particularly serious violation and, if committed by Athlete Support Personnel for violations other than for Specified Substances, shall result in lifetime Ineligibility for Athlete Support Personnel. In addition, significant violations of Article 2.7 or 2.8 which may also violate non-sporting

39 [Comment to Article 10.2.4.1: The determinations as to whether the treatment program is approved and whether the Athlete or other Person has satisfactorily completed the program shall be made in the sole discretion of [MEO]. This Article is intended to give [MEO] the leeway to apply their own judgment to identify and approve legitimate and reputable, as opposed to “sham”, treatment programs. It is anticipated, however, that the characteristics of legitimate treatment programs may vary widely and change over time such that it would not be practical for WADA to develop mandatory criteria for acceptable treatment programs.]
laws and regulations, shall be reported to the competent administrative, professional or judicial authorities.\(^{40}\)

10.3.4 For violations of Article 2.9, the period of Ineligibility imposed shall be a minimum of two (2) years, up to lifetime Ineligibility, depending on the seriousness of the violation.

10.3.5 For violations of Article 2.10, the period of Ineligibility shall be two (2) years, subject to reduction down to a minimum of one (1) year, depending on the Athlete or other Person’s degree of Fault and other circumstances of the case.\(^{41}\)

10.3.6 For violations of Article 2.11, the period of Ineligibility shall be a minimum of two (2) years, up to lifetime Ineligibility, depending on the seriousness of the violation by the Athlete or other Person.\(^{42}\)

10.4 Aggravating Circumstances which may Increase the Period of Ineligibility

If [MEO] establishes in an individual case involving an anti-doping rule violation other than violations under Article 2.7 (Trafficking or Attempted Trafficking), 2.8 (Administration or Attempted Administration), 2.9 (Complicity or Attempted Complicity) or 2.11 (Acts by an Athlete or Other Person to Discourage or Retaliate Against Reporting) that Aggravating Circumstances are present which justify the imposition of a period of Ineligibility greater than the standard sanction, then the period of Ineligibility otherwise applicable shall be increased by an additional period of Ineligibility of up to two (2) years depending on the seriousness of the violation and the nature of the Aggravating Circumstances, unless the Athlete or other Person can establish that he or she did not knowingly commit the anti-doping rule violation.\(^{43}\)

10.5 Elimination of the Period of Ineligibility where there is No Fault or Negligence

If an Athlete or other Person establishes in an individual case that he or she bears No Fault or Negligence, then the otherwise applicable period of Ineligibility shall be eliminated.\(^{44}\)

---

\(^{40}\) [Comment to Article 10.3.3: Those who are involved in doping Athletes or covering up doping should be subject to sanctions which are more severe than the Athletes who test positive. Since the authority of sport organizations is generally limited to Ineligibility for accreditation, membership and other sport benefits, reporting Athlete Support Personnel to competent authorities is an important step in the deterrence of doping.]

\(^{41}\) [Comment to Article 10.3.5: Where the “other Person” referenced in Article 2.10 is an entity and not an individual, that entity may be disciplined as provided in Article 12 of the Code.]

\(^{42}\) [Comment to Article 10.3.6: Conduct that is found to violate both Article 2.5 (Tampering) and Article 2.11 (Acts by an Athlete or Other Person to Discourage or Retaliate Against Reporting to Authorities) shall be sanctioned based on the violation that carries the more severe sanction.]

\(^{43}\) [Comment to Article 10.4: Violations under Articles 2.7 (Trafficking or Attempted Trafficking), 2.8 (Administration or Attempted Administration), 2.9 (Complicity or Attempted Complicity) and 2.11 (Acts by an Athlete or Other Person to Discourage or Retaliate Against Reporting to Authorities) are not included in the application of Article 10.4 because the sanctions for these violations already build in sufficient discretion up to a lifetime ban to allow consideration of any Aggravating Circumstance.]

\(^{44}\) [Comment to Article 10.5: This Article and Article 10.6.2 apply only to the imposition of sanctions; they are not applicable to the determination of whether an anti-doping rule violation has occurred. They will only apply in exceptional circumstances, for example, where an Athlete could prove that, despite all due care, he or she was sabotaged by a competitor. Conversely, No Fault or Negligence would not apply in the following circumstances: (a) a positive test resulting from a mislabeled or contaminated vitamin or nutritional supplement (Athletes are responsible for what they ingest (Article 2.1) and have been warned against the possibility of supplement contamination); (b) the Administration of a Prohibited Substance by the Athlete’s personal physician or trainer without disclosure to the Athlete (Athletes are responsible for their choice of medical personnel and for advising medical personnel that they cannot be given any Prohibited Substance); and (c) sabotage of the Athlete’s food or drink by a spouse, coach or other Person within the Athlete’s circle of associates (Athletes are responsible for what they ingest and for the conduct of those Persons to whom they entrust access to their food and drink). However, depending on the unique facts of a particular case, any of the referenced illustrations could result in a reduced sanction under Article 10.6 based on No Significant Fault or Negligence.]
10.6 Reduction of the Period of Ineligibility based on No Significant Fault or Negligence

10.6.1 Reduction of Sanctions in Particular Circumstances for Violations of Article 2.1, 2.2 or 2.6.

All reductions under Article 10.6.1 are mutually exclusive and not cumulative.

10.6.1.1 Specified Substances or Specified Methods

Where the anti-doping rule violation involves a Specified Substance (other than a Substance of Abuse) or Specified Method, and the Athlete or other Person can establish No Significant Fault or Negligence, then the period of Ineligibility shall be, at a minimum, a reprimand and no period of Ineligibility, and at a maximum, two (2) years of Ineligibility, depending on the Athlete’s or other Person’s degree of Fault.

10.6.1.2 Contaminated Products

In cases where the Athlete or other Person can establish both No Significant Fault or Negligence and that the detected Prohibited Substance (other than a Substance of Abuse) came from a Contaminated Product, then the period of Ineligibility shall be, at a minimum, a reprimand and no period of Ineligibility, and at a maximum, two (2) years Ineligibility, depending on the Athlete or other Person’s degree of Fault.\(^{45}\)

10.6.1.3 Protected Persons or Recreational Athletes

Where the anti-doping rule violation not involving a Substance of Abuse is committed by a Protected Person or Recreational Athlete, and the Protected Person or Recreational Athlete can establish No Significant Fault or Negligence, then the period of Ineligibility shall be, at a minimum, a reprimand and no period of Ineligibility, and at a maximum, two (2) years Ineligibility, depending on the Protected Person or Recreational Athlete’s degree of Fault.

10.6.2 Application of No Significant Fault or Negligence beyond the Application of Article 10.6.1

If an Athlete or other Person establishes in an individual case where Article 10.6.1 is not applicable, that he or she bears No Significant Fault or Negligence, then, subject to further reduction or elimination as provided in Article 10.7, the otherwise applicable period of Ineligibility may be reduced based on the Athlete or other Person’s degree of Fault, but the reduced period of Ineligibility may not be less than one-half of the period of Ineligibility otherwise applicable. If the

\(^{45}\)Comment to Article 10.6.1.2: In order to receive the benefit of this Article, the Athlete or other Person must establish not only that the detected Prohibited Substance came from a Contaminated Product, but must also separately establish No Significant Fault or Negligence. It should be further noted that Athletes are on notice that they take nutritional supplements at their own risk. The sanction reduction based on No Significant Fault or Negligence has rarely been applied in Contaminated Product cases unless the Athlete has exercised a high level of caution before taking the Contaminated Product. In assessing whether the Athlete can establish the source of the Prohibited Substance, it would, for example, be significant for purposes of establishing whether the Athlete actually Used the Contaminated Product, whether the Athlete had declared the product which was subsequently determined to be contaminated on the Doping Control form.

This Article should not be extended beyond products that have gone through some process of manufacturing. Where an Adverse Analytical Finding results from environment contamination of a “non-product” such as tap water or lake water in circumstances where no reasonable person would expect any risk of an anti-doping rule violation, typically there would be No Fault or Negligence under Article 10.5.]
otherwise applicable period of Ineligibility is a lifetime, the reduced period under this Article may be no less than eight (8) years.46

10.7 Elimination, Reduction, or Suspension of Period of Ineligibility or Other Consequences for Reasons Other than Fault

10.7.1 Substantial Assistance in Discovering or Establishing Code Violations47

10.7.1.1 [MEO] may, prior to an appellate decision under Article 12 or the expiration of the time to appeal, suspend a part of the Consequences (other than Disqualification and mandatory Public Disclosure) imposed in an individual case where the Athlete or other Person has provided Substantial Assistance to an Anti-Doping Organization, criminal authority or professional disciplinary body which results in: (i) the Anti-Doping Organization discovering or bringing forward an anti-doping rule violation by another Person; or (ii) which results in a criminal or disciplinary body discovering or bringing forward a criminal offense or the breach of professional rules committed by another Person and the information provided by the Person providing Substantial Assistance is made available to [MEO] or other Anti-Doping Organization with Results Management responsibility; or (iii) which results in WADA initiating a proceeding against a Signatory, WADA-accredited laboratory, or Athlete passport management unit (as defined in the International Standard for Laboratories) for non-compliance with the Code, International Standard or Technical Document; or (iv) with the approval by WADA, which results in a criminal or disciplinary body bringing forward a criminal offense or the breach of professional or sport rules arising out of a sport integrity violation other than doping. After an appellate decision under Article 12 or the expiration of time to appeal, [MEO] may only suspend a part of the otherwise applicable Consequences with the approval of WADA and the applicable International Federation.

The extent to which the otherwise applicable period of Ineligibility may be suspended shall be based on the seriousness of the anti-doping rule violation committed by the Athlete or other Person and the significance of the Substantial Assistance provided by the Athlete or other Person to the effort to eliminate doping in sport, non-compliance with the Code and/or sport integrity violations. No more than three-quarters of the otherwise applicable period of Ineligibility may be suspended. If the otherwise applicable period of Ineligibility is a lifetime, the non-suspended period under this Article must be no less than eight (8) years. For purposes of this paragraph, the otherwise applicable period of Ineligibility shall not include any period of Ineligibility that could be added under Article 10.9.3.2 of these Anti-Doping Rules.

If so requested by an Athlete or other Person who seeks to provide Substantial Assistance, [MEO] shall allow the Athlete or other Person to provide the information to it subject to a Without Prejudice Agreement.

46 [Comment to Article 10.6.2: Article 10.6.2 may be applied to any anti-doping rule violation except, those Articles where intent is an element of the anti-doping rule violation (e.g., Article 2.5, 2.7, 2.8, 2.9 or 2.11) or an element of a particular sanction (e.g., Article 10.2.1) or a range of Ineligibility is already provided in an Article based on the Athlete or other Person’s degree of Fault.]

47 [Comment to Article 10.7.1: The cooperation of Athletes, Athlete Support Personnel and other Persons who acknowledge their mistakes and are willing to bring other anti-doping rule violations to light is important to clean sport.]
If the Athlete or other Person fails to continue to cooperate and to provide the complete and credible Substantial Assistance upon which a suspension of Consequences was based, [MEO] shall reinstate the original Consequences. If [MEO] decides to reinstate suspended Consequences or decides not to reinstate suspended Consequences, that decision may be appealed by any Person entitled to appeal under Article 12.

10.7.1.2 To further encourage Athletes and other Persons to provide Substantial Assistance to Anti-Doping Organizations, at the request of [MEO] or at the request of the Athlete or other Person who has, or has been asserted to have, committed an anti-doping rule violation, or other violation of the Code, WADA may agree at any stage of the Results Management process, including after an appellate decision under Article 12, to what it considers to be an appropriate suspension of the otherwise-applicable period of Ineligibility and other Consequences. In exceptional circumstances, WADA may agree to suspensions of the period of Ineligibility and other Consequences for Substantial Assistance greater than those otherwise provided in this Article, or even no period of Ineligibility, no mandatory Public Disclosure and/or no return of prize money or payment of fines or costs. WADA’s approval shall be subject to reinstatement of Consequences, as otherwise provided in this Article. Notwithstanding Article 12, WADA’s decisions in the context of this Article 10.7.1.2 may not be appealed.

10.7.1.3 If [MEO] suspends any part of an otherwise applicable sanction because of Substantial Assistance, then notice providing justification for the decision shall be provided to the other Anti-Doping Organizations with a right to appeal under Article 12.2.2 as provided in Article 13.

In unique circumstances where WADA determines that it would be in the best interest of anti-doping, WADA may authorize [MEO] to enter into appropriate confidentiality agreements limiting or delaying the disclosure of the Substantial Assistance agreement or the nature of Substantial Assistance being provided.

10.7.2 Admission of an Anti-Doping Rule Violation in the Absence of Other Evidence

Where an Athlete or other Person voluntarily admits the commission of an anti-doping rule violation before having received notice of a Sample collection which could establish an anti-doping rule violation (or, in the case of an anti-doping rule violation other than Article 2.1, before receiving first notice of the admitted violation pursuant to Article 7) and that admission is the only reliable evidence of the violation at the time of admission, then the period of Ineligibility may be reduced, but not below one-half of the period of Ineligibility otherwise applicable. 48

10.7.3 Application of Multiple Grounds for Reduction of a Sanction

Where an Athlete or other Person establishes entitlement to reduction in sanction under more than one provision of Article 10.5, 10.6 or 10.7, before

48 [Comment to Article 10.7.2: This Article is intended to apply when an Athlete or other Person comes forward and admits to an anti-doping rule violation in circumstances where no Anti-Doping Organization is aware that an anti-doping rule violation might have been committed. It is not intended to apply to circumstances where the admission occurs after the Athlete or other Person believes he or she is about to be caught. The amount by which Ineligibility is reduced should be based on the likelihood that the Athlete or other Person would have been caught had he or she not come forward voluntarily.]
applying any reduction or suspension under Article 10.7, the otherwise applicable period of Ineligibility shall be determined in accordance with Articles 10.2, 10.3, 10.5, and 10.6. If the Athlete or other Person establishes entitlement to a reduction or suspension of the period of Ineligibility under Article 10.7, then the period of Ineligibility may be reduced or suspended, but not below one-fourth of the otherwise applicable period of Ineligibility.

10.8 Results Management Agreements

10.8.1 One-Year Reduction for Certain Anti-Doping Rule Violations Based on Early Admission and Acceptance of Sanction

Where an Athlete or other Person, after being notified by MEO of a potential anti-doping rule violation that carries an asserted period of Ineligibility of four (4) or more years (including any period of Ineligibility asserted under Article 10.4), admits the violation and accepts the asserted period of Ineligibility no later than twenty (20) days after receiving notice of an anti-doping rule violation charge, the Athlete or other Person may receive a one-year reduction in the period of Ineligibility asserted by MEO. Where the Athlete or other Person receives the one-year reduction in the asserted period of Ineligibility under this Article 10.8.1, no further reduction in the asserted period of Ineligibility shall be allowed under any other Article.49

10.8.2 Case Resolution Agreement

Where the Athlete or other Person admits an anti-doping rule violation after being confronted with the anti-doping rule violation by MEO and agrees to Consequences acceptable to MEO and WADA, at their sole discretion, then: (a) the Athlete or other Person may receive a reduction in the period of Ineligibility based on an assessment by MEO and WADA of the application of Articles 10.1 through 10.7 to the asserted anti-doping rule violation, the seriousness of the violation, the Athlete or other Person’s degree of Fault and how promptly the Athlete or other Person admitted the violation; and (b) the period of Ineligibility may start as early as the date of Sample collection or the date on which another anti-doping rule violation last occurred. In each case, however, where this Article is applied, the Athlete or other Person shall serve at least one-half of the agreed-upon period of Ineligibility going forward from the earlier of the date the Athlete or other Person accepted the imposition of a sanction or a Provisional Suspension which was subsequently respected by the Athlete or other Person. The decision by WADA and MEO to enter or not enter into a case resolution agreement, and the amount of the reduction to, and the starting date of the period of Ineligibility, are not matters for determination or review by a hearing body and are not subject to appeal under Article 12.

If so requested by an Athlete or other Person who seeks to enter into a case resolution agreement under this Article, MEO shall allow the Athlete or other Person to discuss an admission of the anti-doping rule violation with it subject to a Without Prejudice Agreement.50

[NOTE: In some countries, the imposition of a period of Ineligibility is left entirely to a hearing body and the Anti-Doping Organization may not assert a specific period of Ineligibility for purposes of Article 10.8.1 nor have the power to agree to a specific period of Ineligibility under Article 10.8.2. In these circumstances, Articles 10.8.1 and 10.8.2 will not be applicable but may be considered by the hearing body.]

49 [Comment to Article 10.8.1: For example, if MEO alleges that an Athlete has violated Article 2.1 for Use of an anabolic steroid and asserts the applicable period of Ineligibility is four (4) years, then the Athlete may unilaterally reduce the period of Ineligibility to three (3) years by admitting the violation and accepting the three-year period of Ineligibility within the time specified in this Article, with no further reduction allowed. This resolves the case without any need for a hearing.]

50 [Comment to Article 10.8: Any mitigating or aggravating factors set forth in this Article 10 shall be considered in arriving at the Consequences set forth in the case resolution agreement, and shall not be applicable beyond the terms of that agreement.]
10.9 Multiple Violations

10.9.1 Second or Third Anti-Doping Rule Violation

10.9.1.1 For an Athlete or other Person’s second anti-doping rule violation, the period of Ineligibility shall be the greater of:

(a) A six-month period of Ineligibility; or

(b) A period of Ineligibility in the range between:

(i) the sum of the period of Ineligibility imposed for the first anti-doping rule violation plus the period of Ineligibility otherwise applicable to the second anti-doping rule violation treated as if it were a first violation, and

(ii) twice the period of Ineligibility otherwise applicable to the second anti-doping rule violation treated as if it were a first violation.

The period of Ineligibility within this range shall be determined based on the entirety of the circumstances and the Athlete or other Person’s degree of Fault with respect to the second violation.

10.9.1.2 A third anti-doping rule violation will always result in a lifetime period of Ineligibility, except if the third violation fulfills the condition for elimination or reduction of the period of Ineligibility under Article 10.5 or 10.6, or involves a violation of Article 2.4. In these particular cases, the period of Ineligibility shall be from eight (8) years to lifetime Ineligibility.

10.9.1.3 The period of Ineligibility established in Articles 10.9.1.1 and 10.9.1.2 may then be further reduced by the application of Article 10.7.

10.9.2 An anti-doping rule violation for which an Athlete or other Person has established No Fault or Negligence shall not be considered a violation for purposes of this Article 10.9. In addition, an anti-doping rule violation sanctioned under Article 10.2.4.1 shall not be considered a violation for purposes of Article 10.9.

10.9.3 Additional Rules for Certain Potential Multiple Violations

10.9.3.1 For purposes of imposing sanctions under Article 10.9, except as provided in Articles 10.9.3.2 and 10.9.3.3, an anti-doping rule violation will only be considered a second violation if [MEO] can establish that the Athlete or other Person committed the additional anti-doping rule violation after the Athlete or other Person received notice pursuant to Article 7, or after [MEO] made reasonable efforts to give notice of the first anti-doping rule violation. If [MEO] cannot establish this, the violations shall be considered together as one single first violation, and the sanction imposed shall be based on the violation that carries the more severe sanction, including the application of Aggravating Circumstances. Results in all Competitions dating back to the earlier anti-doping rule violation will be Disqualified as provided in Article 10.10.51

51 [Comment to Article 10.9.3.1: The same rule applies where, after the imposition of a sanction, [MEO] discovers facts involving an anti-doping rule violation that occurred prior to notification for a first anti-doping rule violation – e.g., [MEO] shall impose a
10.9.3.2 If [MEO] establishes that an Athlete or other Person committed an additional anti-doping rule violation prior to notification, and that the additional violation occurred twelve (12) months or more before or after the first-noticed violation, then the period of Ineligibility for the additional violation shall be calculated as if the additional violation were a stand-alone first violation and this period of Ineligibility is served consecutively, rather than concurrently, with the period of Ineligibility imposed for the earlier-noticed violation. Where this Article 10.9.3.2 applies, the violations taken together shall constitute a single violation for purposes of Article 10.9.1.

10.9.3.3 If [MEO] establishes that an Athlete or other Person committed a violation of Article 2.5 in connection with the Doping Control process for an underlying asserted anti-doping rule violation, the violation of Article 2.5 shall be treated as a stand-alone first violation and the period of Ineligibility for such violation shall be served consecutively, rather than concurrently, with the period of Ineligibility, if any, imposed for the underlying anti-doping rule violation. Where this Article 10.9.3.3 is applied, the violations taken together shall constitute a single violation for purposes of Article 10.9.1.

10.9.3.4 If [MEO] establishes that an Athlete or other Person has committed a second or third anti-doping rule violation during a period of Ineligibility, the periods of Ineligibility for the multiple violations shall run consecutively, rather than concurrently.

10.9.4 Multiple Anti-Doping Rule Violations during Ten-Year Period

For purposes of Article 10.9, each anti-doping rule violation must take place within the same ten-year period in order to be considered multiple violations.

10.10 Disqualification of Results in Competitions Subsequent to Sample Collection or Commission of an Anti-Doping Rule Violation

In addition to the automatic Disqualification of the results in the Competition which produced the positive Sample under Article 9, all other competitive results of the Athlete obtained from the date a positive Sample was collected (whether In-Competition or Out-of-Competition), or other anti-doping rule violation occurred, through the commencement of any Provisional Suspension or Ineligibility period, shall, unless fairness requires otherwise, be Disqualified with all of the resulting Consequences including forfeiture of any medals, points and prizes.

10.11 Forfeited Prize Money

If [MEO] recovers prize money forfeited as a result of an anti-doping rule violation, it shall take reasonable measures to allocate and distribute this prize money to the Athletes who would have been entitled to it had the forfeiting Athlete not competed.

10.12 Financial Consequences

______________________________
sanction based on the sanction that could have been imposed if the two (2) violations had been adjudicated at the same time, including the application of Aggravating Circumstances.

52 [Comment to Article 10.10: Nothing in these Anti-Doping Rules precludes clean Athletes or other Persons who have been damaged by the actions of a Person who has committed an anti-doping rule violation from pursuing any right which they would otherwise have to seek damages from such Person.]

53 [Comment to Article 10.11: This Article is not intended to impose an affirmative duty on [MEO] to take any action to collect forfeited prize money. If [MEO] elects not to take any action to collect forfeited prize money, it may assign its right to recover such money to the Athlete(s) who should have otherwise received the money. “Reasonable measures to allocate and distribute this prize money” could include using collected forfeited prize money as agreed upon by [MEO] and its Athletes.]
NOTE: Under this Article, a Major Event Organization may provide for the proportionate recovery of costs from or the imposition of financial sanctions on Athletes and other Persons who commit anti-doping rule violations. However, a Major Event Organization may only impose financial sanctions in cases where the maximum period of Ineligibility otherwise applicable has already been imposed. Financial sanctions may only be imposed where the principle of proportionality is satisfied. No recovery of costs or financial sanction may be considered a basis for reducing the Ineligibility or other sanction which would otherwise be applicable under their Anti-Doping Rules. For those Major Event Organizations that do not want to make provisions for the recovery of costs or financial sanctions, this Article should simply read "Article 10.12 (Financial Consequences) intentionally left blank." If a Major Event Organization wishes to include such provisions, the Articles included below provide an example of a possible approach.

10.12.1 Where an Athlete or other Person commits an anti-doping rule violation, [MEO] may, in its discretion and subject to the principle of proportionality, elect to (a) recover from the Athlete or other Person costs associated with the anti-doping rule violation, regardless of the period of Ineligibility imposed and/or (b) fine the Athlete or other Person in an amount up to [_____] [Euros, Swiss Francs, U.S. Dollars, etc.], only in cases where the maximum period of Ineligibility otherwise applicable has already been imposed.

10.12.2 The imposition of a financial sanction or the [MEO]'s recovery of costs shall not be considered a basis for reducing the Ineligibility or other sanction which would otherwise be applicable under these Anti-Doping Rules.

10.13 Commencement of Ineligibility Period

Where an Athlete is already serving a period of Ineligibility for an anti-doping rule violation, any new period of Ineligibility shall commence on the first day after the current period of Ineligibility has been served. Otherwise, except as provided below, the period of Ineligibility shall start on the date of the final hearing decision providing for Ineligibility or, if the hearing is waived or there is no hearing, on the date Ineligibility is accepted or otherwise imposed.

10.13.1 Delays Not Attributable to the Athlete or other Person

Where there have been substantial delays in the hearing process or other aspects of Doping Control, and the Athlete or other Person can establish that such delays are not attributable to the Athlete or other Person, [MEO] or [MEO's Hearing Panel] / [XXX] / [CAS ADD], if applicable, may start the period of Ineligibility at an earlier date commencing as early as the date of Sample collection or the date on which another anti-doping rule violation last occurred. All competitive results achieved during the period of Ineligibility, including retroactive Ineligibility, shall be Disqualified.54

10.13.2 Credit for Provisional Suspension or Period of Ineligibility Served

10.13.2.1 If a Provisional Suspension is respected by the Athlete or other Person, then the Athlete or other Person shall receive a credit for such period of Provisional Suspension against any period of Ineligibility which may ultimately be imposed. If the Athlete or other Person does not respect a Provisional Suspension, then the Athlete or other Person shall receive no credit for any period of Provisional Suspension served. If a period of Ineligibility is served pursuant to a decision that is subsequently appealed, then the Athlete or other Person shall receive a credit for such period of Ineligibility served against any period of Ineligibility which may ultimately be imposed on appeal.

54 [Comment to Article 10.13.1: In cases of anti-doping rule violations other than under Article 2.1, the time required for an Anti-Doping Organization to discover and develop facts sufficient to establish an anti-doping rule violation may be lengthy, particularly where the Athlete or other Person has taken affirmative action to avoid detection. In these circumstances, the flexibility provided in this Article to start the sanction at an earlier date should not be used.]
10.13.2.2 If an Athlete or other Person voluntarily accepts a Provisional Suspension in writing from [MEO] and thereafter respects the Provisional Suspension, the Athlete or other Person shall receive a credit for such period of voluntary Provisional Suspension against any period of Ineligibility which may ultimately be imposed. A copy of the Athlete or other Person’s voluntary acceptance of a Provisional Suspension shall be provided promptly to each party entitled to receive notice of an asserted anti-doping rule violation under Article 13.1.56

10.13.2.3 No credit against a period of Ineligibility shall be given for any time period before the effective date of the Provisional Suspension or voluntary Provisional Suspension regardless of whether the Athlete elected not to compete or was suspended by a team.

10.13.2.4 In Team Sports, where a period of Ineligibility is imposed upon a team, unless fairness requires otherwise, the period of Ineligibility shall start on the date of the final hearing decision providing for Ineligibility or, if the hearing is waived, on the date Ineligibility is accepted or otherwise imposed. Any period of team Provisional Suspension (whether imposed or voluntarily accepted) shall be credited against the total period of Ineligibility to be served.

10.14 Status During Ineligibility or Provisional Suspension

10.14.1 Prohibition Against Participation During Ineligibility or Provisional Suspension

No Athlete or other Person who has been declared Ineligible or is subject to a Provisional Suspension may, during a period of Ineligibility or Provisional Suspension, participate in any capacity in a Competition or activity (other than authorized anti-doping Education or rehabilitation programs) authorized or organized by any Signatory, Signatory's member organization, or a club or other member organization of a Signatory's member organization, or in Competitions authorized or organized by any professional league or any international- or national-level Event organization or any elite or national-level sporting activity funded by a governmental agency.

An Athlete or other Person subject to a period of Ineligibility longer than four (4) years may, after completing four (4) years of the period of Ineligibility, participate as an Athlete in local sport events not sanctioned or otherwise under the authority of a Code Signatory or member of a Code Signatory, but only so long as the local sport event is not at a level that could otherwise qualify such Athlete or other Person directly or indirectly to compete in (or accumulate points toward) a national championship or International Event, and does not involve the Athlete or other Person working in any capacity with Protected Persons.

An Athlete or other Person subject to a period of Ineligibility shall remain subject to Testing and any requirement by [MEO] to provide whereabouts information.56

55 [Comment to Article 10.13.2.2: An Athlete’s voluntary acceptance of a Provisional Suspension is not an admission by the Athlete and shall not be used in any way as to draw an adverse inference against the Athlete.]

56 [Comment to Article 10.14.1: For example, subject to Article 10.14.2 below, Ineligible Athletes cannot participate in a training camp, exhibition or practice organized by their National Federation or a club which is a member of that National Federation or which is funded by a governmental agency. Further, an Ineligible Athlete may not compete in a non-Signatory professional league (e.g., the National Hockey League, the National Basketball Association, etc.), Events organized by a non-Signatory International Event organization or a non-Signatory national-level Event organization without triggering the Consequences set forth in Article 10.14.3. The term “activity” also includes, for example, administrative activities, such as serving as an official, director, officer, employee, or volunteer of the organization described in this Article. Ineligibility imposed in one sport shall also be recognized by other sports (see Article 14.1, Automatic Binding Effect of Decisions). An Athlete or other Person serving a period of Ineligibility is prohibited from coaching or serving as an Athlete Support Person in any other capacity at any time during the period of Ineligibility, and doing so could also result in a violation of Article 2.10 by another Athlete. Any performance standard accomplished during a period of Ineligibility shall not be recognized by [MEO] for any purpose.]
10.14.2 Return to Training

As an exception to Article 10.14.1, an Athlete may return to train with a team or to use the facilities of a club or other member organization of a Signatory’s member organization during the shorter of: (1) the last two months of the Athlete’s period of Ineligibility, or (2) the last one-quarter of the period of Ineligibility imposed.57

10.14.3 Violation of the Prohibition of Participation During Ineligibility or Provisional Suspension

Where an Athlete or other Person who has been declared Ineligible violates the prohibition against participation during Ineligibility described in Article 10.14.1, the results of such participation shall be Disqualified and a new period of Ineligibility equal in length to the original period of Ineligibility shall be added to the end of the original period of Ineligibility. The new period of Ineligibility, including a reprimand and no period of Ineligibility, may be adjusted based on the Athlete or other Person’s degree of Fault and other circumstances of the case. The determination of whether an Athlete or other Person has violated the prohibition against participation, and whether an adjustment is appropriate, shall be made by the Anti-Doping Organization whose Results Management led to the imposition of the initial period of Ineligibility. This decision may be appealed under Article 12.

An Athlete or other Person who violates the prohibition against participation during a Provisional Suspension described in Article 10.14.1 shall receive no credit for any period of Provisional Suspension served and the results of such participation shall be Disqualified.

Where an Athlete Support Person or other Person assists a Person in violating the prohibition against participation during Ineligibility or a Provisional Suspension, [MEO] shall impose sanctions for a violation of Article 2.9 for such assistance.

10.14.4 Withholding of Financial Support during Ineligibility

In addition, for any anti-doping rule violation not involving a reduced sanction as described in Article 10.5 or 10.6, some or all sport-related financial support or other sport-related benefits received by such Person will be withheld by [MEO].

10.15 Automatic Publication of Sanction

A mandatory part of each sanction shall include automatic publication, as provided in Article 13.3.

ARTICLE 11 CONSEQUENCES TO TEAMS

11.1 Testing of Team Sports

Where more than one (1) member of a team in a Team Sport has been notified of an anti-doping rule violation under Article 7 in connection with an Event, [MEO] shall conduct appropriate Target Testing of the team during the Event Period.

11.2 Consequences for Team Sports

If more than two (2) members of a team in a Team Sport are found to have committed an anti-doping rule violation during an Event Period, the [MEO’s Hearing Panel] shall impose an appropriate sanction on the team (e.g., loss of points, Disqualification from a Competition or Event).

57 Comment to Article 10.14.2: In many Team Sports and some individual sports (e.g., ski jumping and gymnastics), Athletes cannot effectively train on their own so as to be ready to compete at the end of the Athlete’s period of Ineligibility. During the training period described in this Article, an Ineligible Athlete may not compete or engage in any activity described in Article 10.14.1 other than training.]
or other sanction) in addition to any Consequences imposed upon the individual Athletes committing the anti-doping rule violation.

11.3 Other Consequences for Team Sports within [MEO]'s authority

[NOTE: If a Major Event Organization chooses to impose stricter Consequences for Team Sports, it should set out and describe those Consequences in this Article. If this is not the case, Article 11.3 could be deleted.]

11.4 Consequences for Teams in sports which are not Team Sports

If one or more members of a team in a sport, which is not a Team Sport but where awards are given to teams, is found to have committed an anti-doping rule violation during the Event, the [MEO’s Hearing Panel] shall apply the rules of the relevant International Federation to determine the Consequences on the team (e.g., loss of points, Disqualification from a Competition, Event or the Event, or other Consequences), in addition to any Consequences imposed pursuant to these Anti-Doping Rules on the individual Athlete(s) found to have committed the anti-doping rule violation.

Should the relevant International Federation not have such rules or, if in the [MEO’s Hearing Panel]’s discretion, the rules of the relevant International Federation do not adequately protect the integrity of the Competition, the [MEO’s Hearing Panel] shall have the authority to determine the Consequences for the team, including the Disqualification of the team’s results in any Competition or Event or any other Consequences. The [MEO’s Hearing Panel] may only take such action in circumstances when one or more members of a team are found to have committed an anti-doping rule violation and, in the Panel’s discretion, the violation may have affected the results of the team in the concerned Competition(s) or Event(s).

ARTICLE 12 RESULTS MANAGEMENT: APPEALS

12.1 Decisions Subject to Appeal

Decisions made under the Code or these Anti-Doping Rules may be appealed as set forth below in Articles 12.2 through 12.6 or as otherwise provided in these Anti-Doping Rules, the Code or International Standards. Such decisions shall remain in effect while under appeal unless the appellate body orders otherwise.

12.1.1 Scope of Review Not Limited

The scope of review on appeal includes all issues relevant to the matter and is expressly not limited to the issues or scope of review before the initial decision maker. Any party to the appeal may submit evidence, legal arguments and claims that were not raised in the first instance hearing so long as they arise from the same cause of action or same general facts or circumstances raised or addressed in the first instance hearing.

12.1.2 CAS Shall Not Defer to the Findings Being Appealed

[Comment to Article 11.3: For example, the International Olympic Committee could establish rules which would require Disqualification of a team from the Olympic Games based on a lesser number of anti-doping rule violations during the period of the Games.]

[Comment to Article 12: The object of the Code is to have anti-doping matters resolved through fair and transparent internal processes with a final appeal. Anti-doping decisions by Anti-Doping Organizations are made transparent in Article 13. Specified Persons and organizations, including WADA, are then given the opportunity to appeal those decisions. Note that the definition of interested Persons and organizations with a right to appeal under Article 12 does not include Athletes, or their National Federations, who might benefit from having another competitor Disqualified.]

[Comment to Article 12.1.1: The revised language is not intended to make a substantive change to the 2015 Code, but rather for clarification. For example, where an Athlete was charged in the first instance hearing only with Tampering but the same conduct could also constitute Complicity, an appealing party could pursue both Tampering and Complicity charges against the Athlete in the appeal.]
In making its decision, CAS shall not give deference to the discretion exercised by the body whose decision is being appealed.\(^61\)

**12.1.3 WADA Not Required to Exhaust Internal Remedies**

Where WADA has a right to appeal under Article 12 and no other party has appealed a final decision within the [MEO]'s process, WADA may appeal such decision directly to CAS without having to exhaust other remedies in the [MEO]'s process.\(^62\)

**12.2 Appeals from Decisions Regarding Anti-Doping Rule Violations, Consequences, Provisional Suspensions, Implementation of Decisions and Authority**

A decision that an anti-doping rule violation was committed, a decision imposing Consequences or not imposing Consequences for an anti-doping rule violation, or a decision that no anti-doping rule violation was committed; a decision that an anti-doping rule violation proceeding cannot go forward for procedural reasons (including, for example, prescription); a decision by WADA not to grant an exception to the six-months notice requirement for a retired Athlete to return to competition under Article 5.6.1; a decision by WADA assigning Results Management under Article 7.1 of the Code; a decision by [MEO] not to bring forward an Adverse Analytical Finding or an Atypical Finding as an anti-doping rule violation, or a decision not to go forward with an anti-doping rule violation after an investigation in accordance with the International Standard for Results Management; a decision to impose, or lift, a Provisional Suspension as a result of a Provisional Hearing; [MEO]'s failure to comply with Article 7.4; a decision that [MEO] lacks authority to rule on an alleged anti-doping rule violation or its Consequences; a decision to suspend, or not suspend, Consequences or to reinstate, or not reinstate, Consequences under Article 10.7.1; failure to comply with Articles 7.1.4 and 7.1.5 of the Code; failure to comply with Article 10.8.1; a decision under Article 10.14.3; a decision to impose, or lift, a Provisional Suspension as a result of a Provisional Hearing; a decision under Article 27.3 of the Code may be appealed exclusively as provided in this Article 12.2.

**12.2.1 In cases arising from participation in [MEO]'s Event, the decision may be appealed exclusively to CAS.\(^63\)**

**12.2.2 Persons Entitled to Appeal**

The following parties shall have the right to appeal to CAS: (a) the Athlete or other Person who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) the relevant International Federation; (d) the National Anti-Doping Organization of the Person's country of residence or countries where the Person is a national or license holder; (e) the International Olympic Committee or International Paralympic Committee, as applicable, where the decision may have an effect in relation to the Olympic Games or Paralympic Games, including decisions affecting eligibility for the Olympic Games or Paralympic Games; and (f) WADA.

**12.2.3 Duty to Notify**

All parties to any CAS appeal must ensure that WADA and all other parties with a right to appeal have been given timely notice of the appeal.

\(^{61}\) [Comment to Article 12.1.2: CAS proceedings are de novo. Prior proceedings do not limit the evidence or carry weight in the hearing before CAS.]

\(^{62}\) [Comment to Article 12.1.3: Where a decision has been rendered before the final stage of [MEO]'s process (for example, a first hearing) and no party elects to appeal that decision to the next level of [MEO]'s process (e.g., the Managing Board), then WADA may bypass the remaining steps in [MEO]'s internal process and appeal directly to CAS.]

\(^{63}\) [Comment to Article 12.2.1: CAS decisions are final and binding except for any review required by law applicable to the annulment or enforcement of arbitral awards.]
12.2.4 Appeal from Imposition of Provisional Suspension

Notwithstanding any other provision herein, the only Person who may appeal from the imposition of a Provisional Suspension is the Athlete or other Person upon whom the Provisional Suspension is imposed.

12.2.5 Cross Appeals and other Subsequent Appeals Allowed

Cross appeals and other subsequent appeals by any respondent named in cases brought to CAS under the Code are specifically permitted. Any party with a right to appeal under this Article 12 must file a cross appeal or subsequent appeal at the latest with the party’s answer.

12.3 Failure to Render a Timely Decision by [MEO]

Where, in a particular case, [MEO] fails to render a decision with respect to whether an anti-doping rule violation was committed within a reasonable deadline set by WADA, WADA may elect to appeal directly to CAS as if [MEO] had rendered a decision finding no anti-doping rule violation. If the CAS hearing panel determines that an anti-doping rule violation was committed and that WADA acted reasonably in electing to appeal directly to CAS, then WADA’s costs and attorney fees in prosecuting the appeal shall be reimbursed to WADA by [MEO].

12.4 Appeals Relating to TUEs

TUE decisions may be appealed exclusively as provided in Article 4.4.

12.5 Notification of Appeal Decisions

[MEO] shall promptly provide the appeal decision to the Athlete or other Person and to the other Anti-Doping Organizations that would have been entitled to appeal under Article 12.2.2 as provided under Article 13.

12.6 Time for Filing Appeals

The time to file an appeal to CAS shall be twenty-one (21) days from the date of receipt of the decision by the appealing party. The above notwithstanding, the following shall apply in connection with appeals filed by a party entitled to appeal but which was not a party to the proceedings that led to the decision being appealed:

(a) Within fifteen (15) days from the notice of the decision, such party/ies shall have the right to request a copy of the full case file pertaining to the decision from the Anti-Doping Organization that had Results Management authority;

(b) If such a request is made within the fifteen (15) day period, then the party making such request shall have twenty-one (21) days from receipt of the file to file an appeal to CAS.

The above notwithstanding, the filing deadline for an appeal filed by WADA shall be the later of:

---

64 [Comment to Article 12.2.5: This provision is necessary because since 2011, CAS rules no longer permit an Athlete the right to cross appeal when an Anti-Doping Organization appeals a decision after the Athlete’s time for appeal has expired. This provision permits a full hearing for all parties.]

65 [Comment to Article 12.3: Given the different circumstances of each anti-doping rule violation investigation and Results Management process, it is not feasible to establish a fixed time period for [MEO] to render a decision before WADA may intervene by appealing directly to CAS. Before taking such action, however, WADA will consult with [MEO] and give [MEO] an opportunity to explain why it has not yet rendered a decision.]

66 [Comment to Article 12.6: Whether governed by CAS rules or these Anti-Doping Rules, a party’s deadline to appeal does not begin running until receipt of the decision. For that reason, there can be no expiration of a party’s right to appeal if the party has not received the decision.]
(a) Twenty-one (21) days after the last day on which any other party having a right to appeal could have appealed, or

(b) Twenty-one (21) days after WADA’s receipt of the complete file relating to the decision.

ARTICLE 13  CONFIDENTIALITY AND REPORTING

13.1 Information Concerning Adverse Analytical Findings, Atypical Findings, and other Asserted Anti-Doping Rule Violations

13.1.1 Notice of Anti-Doping Rule Violations to Athletes and other Persons

Notice to Athletes or other Persons of anti-doping rule violations asserted against them shall occur as provided under Articles 7 and 13.

If at any point during Results Management up until the anti-doping rule violation charge, [MEO] decides not to move forward with a matter, it must notify the Athlete or other Person (provided that the Athlete or other Person had been already informed of the ongoing Results Management).

[NOTE: The Major Event Organization may also specify the exact means of notification in this Article, e.g.: "Notice shall be delivered or emailed to Athletes or other Persons with a confirmation of receipt."]

13.1.2 Notice of Anti-Doping Rule Violations to National Anti-Doping Organizations, International Federations and WADA

Notice of the assertion of an anti-doping rule violation to the Athlete’s or other Person’s National Anti-Doping Organization, International Federation and WADA shall occur as provided under Articles 7 and 13, simultaneously with the notice to the Athlete or other Person.

[NOTE: The Major Event Organization may also specify the exact means of notification in this Article, e.g.: "Notice shall be delivered or emailed."]

If at any point during Results Management up until the anti-doping rule violation charge, [MEO] decides not to move forward with a matter, it must give notice (with reasons) to the Anti-Doping Organizations with a right of appeal under Article 12.2.2.

13.1.3 Content of an Anti-Doping Rule Violation Notice

Notification of an anti-doping rule violation shall include: the Athlete’s or other Person’s name, country, sport and discipline within the sport, the Athlete’s competitive level, whether the test was In-Competition or Out-of-Competition, the date of Sample collection, the analytical result reported by the laboratory, and other information as required by the International Standard for Results Management.

Notification of anti-doping rule violation other than under Article 2.1 shall also include the rule violated and the basis of the asserted violation.

13.1.4 Status Reports

Except with respect to investigations which have not resulted in a notice of an anti-doping rule violation pursuant to Article 13.1.1, the Athlete’s or other Person’s National Anti-Doping Organization, International Federation and WADA shall be regularly updated on the status and findings of any review or proceedings conducted pursuant to Article 7, 8 or 12 and shall be provided with a prompt written reasoned explanation or decision explaining the resolution of the matter.

13.1.5 Confidentiality
The recipient organizations shall not disclose this information beyond those Persons with a need to know (which would include the appropriate personnel at the applicable National Olympic Committee, National Federation, and team in a Team Sport) until [MEO] has made Public Disclosure as permitted by Article 13.3.

[NOTE: Each Major Event Organization shall include procedures in these Anti-Doping Rules for the protection of confidential information and for investigating and disciplining improper disclosure of confidential information by any employee or agent of the Major Event Organization. The following provides an example of the type of clause that a Major Event Organization could include in these Anti-Doping Rules:]

13.1.6 Protection of Confidential Information by an Employee or Agent of [MEO]

[MEO] shall ensure that information concerning Adverse Analytical Findings, Atypical Findings, and other asserted anti-doping rule violations remains confidential until such information is Publicly Disclosed in accordance with Article 13.3. [MEO] shall ensure that its employees (whether permanent or otherwise), contractors, agents, consultants, and Delegated Third Parties are subject to a fully enforceable contractual duty of confidentiality and to fully enforceable procedures for the investigation and disciplining of improper and/or unauthorized disclosure of such confidential information.

13.2 Notice of Anti-Doping Rule Violation or Violations of Ineligibility or Provisional Suspension Decisions and Request for Files

13.2.1 Anti-doping rule violation decisions or decisions related to violations of Ineligibility or Provisional Suspension rendered pursuant to Article 7.6, 8.2, 10.5, 10.6, 10.7, 10.14.3 or 12.5, shall include the full reasons for the decision, including, if applicable, a justification for why the maximum potential sanction was not imposed. Where the decision is not in English or French, [MEO] shall provide an English or French summary of the decision and the supporting reasons.

13.2.2 An Anti-Doping Organization having a right to appeal a decision received pursuant to Article 13.2.1 may, within fifteen (15) days of receipt, request a copy of the full case file pertaining to the decision.

13.3 Public Disclosure

13.3.1 After notice has been provided to the Athlete or other Person in accordance with the International Standard for Results Management, and to the applicable Anti-Doping Organizations in accordance with Article 13.1.2, the identity of any Athlete or other Person who is notified of a potential anti-doping rule violation, the Prohibited Substance or Prohibited Method and the nature of the violation involved, and whether the Athlete or other Person is subject to a Provisional Suspension, may be Publicly Disclosed by [MEO].

13.3.2 No later than twenty (20) days after it has been determined in an appellate decision under Article 12.2.1, or such appeal has been waived, or a hearing in accordance with Article 8 has been waived, or the assertion of an anti-doping rule violation has not otherwise been timely challenged, or the matter has been resolved under Article 10.8, or a new period of Ineligibility, or reprimand, has been imposed under Article 10.14.3, [MEO] must Publicly Disclose the disposition of the anti-doping matter, including the sport, the anti-doping rule violated, the name of the Athlete or other Person committing the violation, the Prohibited Substance or Prohibited Method involved (if any) and the Consequences imposed, [MEO] must also Publicly Disclose within twenty (20)
days the results of appellate decisions concerning anti-doping rule violations, including the information described above.\textsuperscript{67}

\[\textbf{NOTE}: \textit{If Public Disclosure} as required by Article 13.3.2 would result in a breach of other applicable laws by the \textit{Major Event Organization}, an alternative provision should be inserted in this Article detailing the \textit{Public Disclosure} process and requirements that will be met by the \textit{Major Event Organization}. Deviations from the \textit{Code} requirement should be limited to only what is necessary to ensure the \textit{Major Event Organization}’s compliance with the relevant applicable laws.\]

13.3.3 After an anti-doping rule violation has been determined to have been committed in an appellate decision under Article 12.2.1 or such appeal has been waived, or in a hearing in accordance with Article 8 or where such hearing has been waived, or the assertion of an anti-doping rule violation has not otherwise been timely challenged, or the matter has been resolved under Article 10.8, [MEO] may make public such determination or decision and may comment publicly on the matter.

13.3.4 In any case where it is determined, after a hearing or appeal, that the Athlete or other Person did not commit an anti-doping rule violation, the fact that the decision has been appealed may be \textit{Publicly Disclosed}. However, the decision itself and the underlying facts may not be \textit{Publicly Disclosed} except with the consent of the Athlete or other Person who is the subject of the decision. [MEO] shall use reasonable efforts to obtain such consent, and if consent is obtained. [MEO] shall \textit{Publicly Disclose} the decision in its entirety or in such redacted form as the Athlete or other Person may approve.

13.3.5 Publication shall be accomplished at a minimum by placing the required information on [MEO]’s website and leaving the information up for the longer of one (1) month or the duration of any period of \textit{Ineligibility}.\[\textbf{NOTE}: \textit{The Major Event Organization} may also include a provision explicitly stating when the publication will be removed, e.g. that it will be removed immediately after the expiry of the indicated time periods.\]

13.3.6 Except as provided in Articles 13.3.1 and 13.3.3, no Anti-Doping Organization, National Federation, or WADA-accredited laboratory, or any official of any such body, shall publicly comment on the specific facts of any pending case (as opposed to general description of process and science) except in response to public comments attributed to, or based on information provided by the Athlete, other Person or their entourage or other representatives.

13.3.7 The mandatory \textit{Public Disclosure} required in Article 13.3.2 shall not be required where the Athlete or other Person who has been found to have committed an anti-doping rule violation is a Minor, a Protected Person or a Recreational Athlete. Any optional \textit{Public Disclosure} in a case involving a Minor, Protected Person or Recreational Athlete shall be proportionate to the facts and circumstances of the case.

13.4 Statistical Reporting

[MEO] shall, after each Event under its jurisdiction, publish publicly a general statistical report of its Doping Control activities, with a copy provided to WADA. [MEO] may also publish reports showing the name of each Athlete tested and the date of each Testing.

\textsuperscript{67}[Comment to Article 13.3.2: Where Public Disclosure as required by Article 13.3.2 would result in a breach of other applicable laws, [MEO]’s failure to make the Public Disclosure will not result in a determination of non-compliance with Code as set forth in Article 4.2 of the International Standard for the Protection of Privacy and Personal Information.]
13.5 Doping Control Information Database and Monitoring of Compliance

To enable WADA to perform its compliance monitoring role and to ensure the effective use of resources and sharing of applicable Doping Control information among Anti-Doping Organizations, [MEO] shall report to WADA through ADAMS Doping Control-related information, including, in particular:

(a) Athlete Biological Passport data for International-Level Athletes and National-Level Athletes,
(b) Whereabouts information for Athletes including those in Registered Testing Pools,
(c) TUE decisions, and
(d) Results Management decisions,

as required under the applicable International Standard(s).

13.5.1 To facilitate coordinated test distribution planning, avoid unnecessary duplication in Testing by various Anti-Doping Organizations, and to ensure that Athlete Biological Passport profiles are updated, [MEO] shall report all In-Competition and Out-of-Competition tests to WADA by entering the Doping Control forms into ADAMS in accordance with the requirements and timelines contained in the International Standard for Testing and Investigations.

13.5.2 To facilitate WADA’s oversight and appeal rights for TUEs, [MEO] shall report all TUE applications, decisions and supporting documentation using ADAMS in accordance with the requirements and timelines contained in the International Standard for Therapeutic Use Exemptions.

13.5.3 To facilitate WADA’s oversight and appeal rights for Results Management, [MEO] shall report the following information into ADAMS in accordance with the requirements and timelines outlined in the International Standard for Results Management: (a) notifications of anti-doping rule violations and related decisions for Adverse Analytical Findings; (b) notifications and related decisions for other anti-doping rule violations that are not Adverse Analytical Findings; (c) whereabouts failures; and (d) any decision imposing, lifting or reinstating a Provisional Suspension.

13.5.4 The information described in this Article will be made accessible, where appropriate and in accordance with the applicable rules, to the Athlete, the Athlete’s National Anti-Doping Organization and International Federation, and any other Anti-Doping Organizations with Testing authority over the Athlete.

13.6 Data Privacy

13.6.1 [MEO] may collect, store, process or disclose personal information relating to Athletes and other Persons where necessary and appropriate to conduct its Anti-Doping Activities under the Code, the International Standards (including specifically the International Standard for the Protection of Privacy and Personal Information), these Anti-Doping Rules, and in compliance with applicable law.

13.6.2 Without limiting the foregoing, [MEO] shall:

(a) Only process personal information in accordance with a valid legal ground;

NOTE: A Major Event Organization may wish to include the relevant legal grounds in this Article.

(b) Notify any Participant or Person subject to these Anti-Doping Rules, in a manner and form that complies with applicable laws and the International Standard for the Protection of Privacy and Personal Information, that their
personal information may be processed by [MEO] and other Persons for the purpose of the implementation of these Anti-Doping Rules;

[NOTE: Such notice may be in the form substantially similar to the Sample Athlete Information Notice available on WADA’s website at https://www.wada-ama.org/en/resources/adams/athlete-information-notice, as amended from time to time, as modified and/or supplemented with additional information if required under applicable laws].

(c) Ensure that any third-party agents (including any Delegated Third Party) with whom [MEO] shares the personal information of any Participant or Person is subject to appropriate technical and contractual controls to protect the confidentiality and privacy of such information.

ARTICLE 14  IMPLEMENTATION OF DECISIONS

14.1 Automatic Binding Effect of Decisions by Signatory Anti-Doping Organizations

14.1.1 A decision of an anti-doping rule violation made by a Signatory Anti-Doping Organization, an appellate body (Article 13.2.2 of the Code) or CAS shall, after the parties to the proceeding are notified, automatically be binding beyond the parties to the proceeding upon [MEO], as well as every Signatory in every sport with the effects described below:

14.1.1.1 A decision by any of the above-described bodies imposing a Provisional Suspension (after a Provisional Hearing has occurred or the Athlete or other Person has either accepted the Provisional Suspension or has waived the right to a Provisional Hearing, expedited hearing or expedited appeal offered in accordance with Article 7.4.3) automatically prohibits the Athlete or other Person from participation (as described in Article 10.14.1) in all sports within the authority of any Signatory during the Provisional Suspension.

14.1.1.2 A decision by any of the above-described bodies imposing a period of Ineligibility (after a hearing has occurred or been waived) automatically prohibits the Athlete or other Person from participation (as described in Article 10.14.1) in all sports within the authority of any Signatory for the period of Ineligibility.

14.1.1.3 A decision by any of the above-described bodies accepting an anti-doping rule violation automatically binds all Signatories.

14.1.1.4 A decision by any of the above-described bodies to Disqualify results under Article 10.10 for a specified period automatically Disqualifies all results obtained within the authority of any Signatory during the specified period.

14.1.2 [MEO] shall recognize and implement a decision and its effects as required by Article 14.1.1, without any further action required, on the earlier of the date [MEO] receives actual notice of the decision or the date the decision is placed into ADAMS.

14.1.3 A decision by an Anti-Doping Organization, an appellate body or CAS to suspend, or lift, Consequences shall be binding upon [MEO], as well as each Signatory, without any further action required, on the earlier of the date [MEO] receives actual notice of the decision or the date the decision is placed into ADAMS.

14.1.4 Notwithstanding any provision in Article 14.1.1, however, a decision of an anti-doping rule violation by a Major Event Organization made in an expedited process during an Event shall not be binding on [MEO] or other Signatories
14.2 Implementation of Other Decisions by Anti-Doping Organizations

[MEO] may decide to implement other anti-doping decisions rendered by Anti-Doping Organizations not described in Article 14.1.1 above, such as a Provisional Hearing or acceptance by the Athlete or other Person.68

14.3 Implementation of Decisions by Body that is not a Signatory

An anti-doping decision by a body that is not a Signatory to the Code shall be implemented by [MEO], if [MEO] finds that the decision purports to be within the authority of that body and the anti-doping rules of that body are otherwise consistent with the Code.70

ARTICLE 15 STATUTE OF LIMITATIONS

No anti-doping rule violation proceeding may be commenced against an Athlete or other Person unless he or she has been notified of the anti-doping rule violation as provided in Article 7, or notification has been reasonably attempted, within ten (10) years from the date the violation is asserted to have occurred.

ARTICLE 16 EDUCATION

[MEO] shall plan, implement, evaluate and promote Education in line with the requirements of Article 18.2 of the Code and the International Standard for Education.

ARTICLE 17 ADDITIONAL ROLES AND RESPONSIBILITIES OF [MEO]

17.1 In addition to the roles and responsibilities described in Article 20.6 of the Code for Major Event Organizations, [MEO] shall report to WADA on [MEO]'s compliance with the Code and International Standards in accordance with Article 24.1.2 of the Code.

[OPTIONAL: Major Event Organizations may choose to include the following Articles in these Anti-Doping Rules as a way to explicitly refer to their obligations under Articles 20.6.5 and 20.6.6 of the Code:]

17.2 Subject to applicable law, and in accordance with Article 20.6.5 of the Code, all [MEO] board members, directors, officers, and those employees (and those of appointed Delegated Third Parties) who are involved in any aspect of Doping Control, must sign a

---

68 [Comment to Article 14.1.4: By way of example, where the rules of the Major Event Organization give the Athlete or other Person the option of choosing an expedited CAS appeal or a CAS appeal under normal CAS procedure, the final decision or adjudication by the Major Event Organization is binding on other Signatories regardless of whether the Athlete or other Person chooses the expedited appeal option.]

69 [Comment to Articles 14.1 and 14.2: Anti-Doping Organization decisions under Article 14.1 are implemented automatically by other Signatories without the requirement of any decision or further action on the Signatories' part. For example, when a National Anti-Doping Organization decides to Provisionally Suspend an Athlete, that decision is given automatic effect at the International Federation level. To be clear, the “decision” is the one made by the National Anti-Doping Organization, there is not a separate decision to be made by the International Federation. Thus, any claim by the Athlete that the Provisional Suspension was improperly imposed can only be asserted against the National Anti-Doping Organization. Implementation of Anti-Doping Organizations’ decisions under Article 14.2 is subject to each Signatory's discretion. A Signatory’s implementation of a decision under Article 14.1 or Article 14.2 is not appealable separately from any appeal of the underlying decision. The extent of recognition of TUE decisions of other Anti-Doping Organizations shall be determined by Article 4.4 and the International Standard for Therapeutic Use Exemptions.]

70 [Comment to Article 14.3: Where the decision of a body that has not accepted the Code is in some respects Code compliant and in other respects not Code compliant, Signatories should attempt to apply the decision in harmony with the principles of the Code. For example, if in a process consistent with the Code a non-Signatory has found an Athlete to have committed an anti-doping rule violation on account of the presence of a Prohibited Substance in the Athlete’s body but the period of Ineligibility applied is shorter than the period provided for in the Code, then all Signatories should recognize the finding of an anti-doping rule violation and the Athlete’s National Anti-Doping Organization should conduct a hearing consistent with Article 8 to determine whether the longer period of Ineligibility provided in the Code should be imposed. A Signatory’s implementation of a decision or its decision not to implement a decision under Article 14.3, is appealable under Article 12.]
form provided by the [MEO], agreeing to be bound by these Anti-Doping Rules as Persons in conformity with the Code for direct and intentional misconduct.

17.3 Subject to applicable law, and in accordance with Article 20.6.6 of the Code, any [MEO] employee who is involved in Doping Control (other than authorized anti-doping Education or rehabilitation programs) must sign a statement provided by [MEO] confirming that they are not Provisionally Suspended or serving a period of Ineligibility and have not been directly or intentionally engaged in conduct within the previous six (6) years which would have constituted a violation of anti-doping rules if Code-compliant rules had been applicable to them.

ARTICLE 18 ADDITIONAL ROLES AND RESPONSIBILITIES OF ATHLETES

18.1 To be knowledgeable of and comply with these Anti-Doping Rules.

18.2 To be available for Sample collection at all times. 71

18.3 To take responsibility, in the context of anti-doping, for what they ingest and Use.

18.4 To inform medical personnel of their obligation not to Use Prohibited Substances and Prohibited Methods and to take responsibility to make sure that any medical treatment received does not violate these Anti-Doping Rules.

18.5 To disclose to [MEO] any decision by a non-Signatory finding that the Athlete committed an anti-doping rule violation within the previous ten (10) years.

18.6 To cooperate with Anti-Doping Organizations investigating anti-doping rule violations.

[NOTE: Failure to cooperate is not an anti-doping rule violation under the Code, but Major Event Organizations are strongly urged to make it the basis for disciplinary action under their general codes of conduct/disciplinary rules. The following provides an example of the type of clause that a Major Event Organization could include in this Article:]

Failure by any Athlete to cooperate in full with Anti-Doping Organizations investigating anti-doping rule violations may result in a [charge of misconduct] under [MEO]'s [disciplinary rules/code of conduct].

18.7 To disclose the identity of their Athlete Support Personnel upon request by [MEO], or any other Anti-Doping Organization with authority over the Athlete.

[NOTE: Offensive conduct towards a Doping Control official or other Person involved in Doping Control, which does not otherwise constitute Tampering, is not an anti-doping rule violation under the Code. However, Major Event Organizations must address such conduct in their general codes of conduct/disciplinary rules. The following Article provides an example of the type of clause that a Major Event Organization could include in this Article:]

18.8 Offensive conduct towards a Doping Control official or other Person involved in Doping Control by an Athlete, which does not otherwise constitute Tampering, may result in a [charge of misconduct] under [MEO]'s [disciplinary rules/code of conduct].

ARTICLE 19 ADDITIONAL ROLES AND RESPONSIBILITIES OF ATHLETE SUPPORT PERSONNEL

19.1 To be knowledgeable of and comply with these Anti-Doping Rules.

19.2 To cooperate with the Athlete Testing program.

71 [Comment to Article 18.2: With due regard to an Athlete’s human rights and privacy, legitimate anti-doping considerations sometimes require Sample collection late at night or early in the morning. For example, it is known that some Athletes Use low doses of EPO during these hours so that it will be undetectable in the morning.]
19.3 To use their influence on Athlete values and behavior to foster anti-doping attitudes.

19.4 To disclose to [MEO] any decision by a non-Signatory finding that they committed an anti-doping rule violation within the previous ten (10) years.

19.5 To cooperate with Anti-Doping Organizations investigating anti-doping rule violations.

[NOTE: Failure to cooperate is not an anti-doping rule violation under the Code, but Major Event Organizations are strongly urged to make it the basis for disciplinary action under their general codes of conduct/disciplinary rules. The following provides an example of the type of clause that a Major Event Organization could include in this Article:]

Failure by any Athlete Support Personnel to cooperate in full with Anti-Doping Organizations investigating anti-doping rule violations may result in a [charge of misconduct] under [MEO]'s [disciplinary rules/code of conduct].

19.6 Athlete Support Personnel shall not Use or Possess any Prohibited Substance or Prohibited Method without valid justification.

[NOTE: In those situations where Use or personal Possession of a Prohibited Substance or Prohibited Method by an Athlete Support Person without justification is not an anti-doping rule violation under the Code, it should be subject to other sport disciplinary rules. Coaches and other Athlete Support Personnel are often role models for Athletes. They should not be engaging in personal conduct which conflicts with their responsibility to encourage their Athletes not to dope. The following provides an example of the type of clause that a Major Event Organization is strongly encouraged to include in this Article:]

Any such Use or Possession may result in a [charge of misconduct] under [MEO]'s [disciplinary rules/code of conduct].

[NOTE: Offensive conduct towards a Doping Control official or other Person involved in Doping Control, which does not otherwise constitute Tampering, is not an anti-doping rule violation under the Code. However, Major Event Organizations must address such conduct in their general codes of conduct/disciplinary rules. The following provides an example of the type of clause that a Major Event Organization could include in this Article:]

Offensive conduct towards a Doping Control official or other Person involved in Doping Control by Athlete Support Personnel, which does not otherwise constitute Tampering, may result in a [charge of misconduct] under [MEO]'s [disciplinary rules/code of conduct].

ARTICLE 20 ADDITIONAL ROLES AND RESPONSIBILITIES OF OTHER PERSONS SUBJECT TO THESE ANTI-DOPING RULES

20.1 To be knowledgeable of and comply with these Anti-Doping Rules.

20.2 To disclose to [MEO] any decision by a non-Signatory finding that they committed an anti-doping rule violation within the previous ten (10) years.

20.3 To cooperate with Anti-Doping Organizations investigating anti-doping rule violations.

[NOTE: Failure to cooperate is not an anti-doping rule violation under the Code, but Major Event Organizations are strongly urged to make it the basis for disciplinary action under their general codes of conduct/disciplinary rules. The following provides an example of the type of clause that a Major Event Organization could include in this Article:]

Failure by any other Person subject to these Anti-Doping Rules to cooperate in full with Anti-Doping Organizations investigating anti-doping rule violations may result in a [charge of misconduct] under [MEO]'s [disciplinary rules/code of conduct].
20.4 Not to Use or Possess any Prohibited Substance or Prohibited Method without valid justification.

[NOTE: Offensive conduct towards a Doping Control official or other Person involved in Doping Control, which does not otherwise constitute Tampering, is not an anti-doping rule violation under the Code. However, Major Event Organizations must address such conduct in their general codes of conduct/disciplinary rules. The following provides an example of the type of clause that a Major Event Organization could include in this Article:]

20.5 Offensive conduct towards a Doping Control official or other Person involved in Doping Control by a Person, which does not otherwise constitute Tampering, may result in a charge of misconduct under MEO's disciplinary rules/code of conduct.

ARTICLE 21 INTERPRETATION OF THE CODE

21.1 The official text of the Code shall be maintained by WADA and shall be published in English and French. In the event of any conflict between the English and French versions, the English version shall prevail.

21.2 The comments annotating various provisions of the Code shall be used to interpret the Code.

21.3 The Code shall be interpreted as an independent and autonomous text and not by reference to the existing law or statutes of the Signatories or governments.

21.4 The headings used for the various Parts and Articles of the Code are for convenience only and shall not be deemed part of the substance of the Code or to affect in any way the language of the provisions to which they refer.

21.5 Where the term “days” is used in the Code or an International Standard, it shall mean calendar days unless otherwise specified.

21.6 The Code shall not apply retroactively to matters pending before the date the Code is accepted by a Signatory and implemented in its rules. However, pre-Code anti-doping rule violations would continue to count as “First violations” or “Second violations” for purposes of determining sanctions under Article 10 for subsequent post-Code violations.

21.7 The Purpose, Scope and Organization of the World Anti-Doping Program and the Code and Appendix 1, Definitions, shall be considered integral parts of the Code.

ARTICLE 22 FINAL PROVISIONS

22.1 Where the term “days” is used in these Anti-Doping Rules, it shall mean calendar days unless otherwise specified.

22.2 These Anti-Doping Rules shall be interpreted as an independent and autonomous text and not by reference to existing law or statutes.

22.3 These Anti-Doping Rules have been adopted pursuant to the applicable provisions of the Code and the International Standards and shall be interpreted in a manner that is consistent with applicable provisions of the Code and the International Standards. The Code and the International Standards shall be considered integral parts of these Anti-Doping Rules and shall prevail in case of conflict.

22.4 The Introduction and Appendix 1 shall be considered integral parts of these Anti-Doping Rules.
22.5 **OPTION 1, where the Code comments are included in these Anti-Doping Rules:** The comments annotating various provisions of these Anti-Doping Rules shall be used to interpret these Anti-Doping Rules.

**NOTE:** If Option 1 is chosen, the Major Event Organization shall include all comments (and not just the selected ones) in these Anti-Doping Rules.

**OPTION 2, where the Code comments are not included in these Anti-Doping Rules:** The comments annotating various provisions of the Code are incorporated by reference into these Anti-Doping Rules, shall be treated as if set out fully herein, and shall be used to interpret these Anti-Doping Rules.

22.6 These Anti-Doping Rules shall enter into force on [ENTER EFFECTIVE DATE].
APPENDIX 1 DEFINITIONS

ADAMS: The Anti-Doping Administration and Management System is a Web-based database management tool for data entry, storage, sharing, and reporting designed to assist stakeholders and WADA in their anti-doping operations in conjunction with data protection legislation.

Administration: Providing, supplying, supervising, facilitating, or otherwise participating in the Use or Attempted Use by another Person of a Prohibited Substance or Prohibited Method. However, this definition shall not include the actions of bona fide medical personnel involving a Prohibited Substance or Prohibited Method Used for genuine and legal therapeutic purposes or other acceptable justification and shall not include actions involving Prohibited Substances which are not prohibited in Out-of-Competition Testing unless the circumstances as a whole demonstrate that such Prohibited Substances are not intended for genuine and legal therapeutic purposes or are intended to enhance sport performance.

Adverse Analytical Finding: A report from a WADA-accredited laboratory or other WADA-approved laboratory that, consistent with the International Standard for Laboratories, establishes in a Sample the presence of a Prohibited Substance or its Metabolites or Markers or evidence of the Use of a Prohibited Method.

Adverse Passport Finding: A report identified as an Adverse Passport Finding as described in the applicable International Standards.

Aggravating Circumstances: Circumstances involving, or actions by, an Athlete or other Person which may justify the imposition of a period of Ineligibility greater than the standard sanction. Such circumstances and actions shall include, but are not limited to: the Athlete or other Person Used or Possessed multiple Prohibited Substances or Prohibited Methods, Used or Possessed a Prohibited Substance or Prohibited Method on multiple occasions or committed multiple other anti-doping rule violations; a normal individual would be likely to enjoy the performance-enhancing effects of the anti-doping rule violation(s) beyond the otherwise applicable period of Ineligibility; the Athlete or Person engaged in deceptive or obstructive conduct to avoid the detection or adjudication of an anti-doping rule violation; or the Athlete or other Person engaged in Tampering during Results Management. For the avoidance of doubt, the examples of circumstances and conduct described herein are not exclusive and other similar circumstances or conduct may also justify the imposition of a longer period of Ineligibility.

Anti-Doping Activities: Anti-doping Education and information, test distribution planning, maintenance of a Registered Testing Pool, managing Athlete Biological Passports, conducting Testing, organizing analysis of Samples, gathering of intelligence and conduct of investigations, processing of TUE applications, Results Management, monitoring and enforcing compliance with any Consequences imposed, and all other activities related to anti-doping to be carried out by or on behalf of an Anti-Doping Organization, as set out in the Code and/or the International Standards.

Anti-Doping Organization: WADA or a Signatory that is responsible for adopting rules for initiating, implementing or enforcing any part of the Doping Control process. This includes, for example, the International Olympic Committee, the International Paralympic Committee, other Major Event Organizations that conduct Testing at their Events, International Federations, and National Anti-Doping Organizations.

Athlete: Any Person who competes in sport at the international level (as defined by each International Federation), or the national level (as defined by each National Anti-Doping Organization). An Anti-Doping Organization has discretion to apply anti-doping rules to an Athlete who is neither an International-Level Athlete nor a National-Level Athlete, and thus to bring them within the definition of “Athlete.” In relation to Athletes who are neither International-Level nor National-Level Athletes, an Anti-Doping Organization may elect to: conduct limited Testing or no Testing at all; analyze Samples for less than the full menu of Prohibited Substances; require limited or no whereabouts information; or not require advance TUEs. However, if an Article 2.1, 2.3 or 2.5 anti-doping rule violation is committed by any Athlete over whom an Anti-Doping Organization has elected to exercise its authority to test and who competes below the international or national level, then the Consequences set forth in the Code must be applied. For purposes

72 [Comment: Defined terms shall include their plural and possessive forms, as well as those terms used as other parts of speech.]
of Article 2.8 and Article 2.9 and for purposes of anti-doping information and Education, any Person who participates in sport under the authority of any Signatory, government, or other sports organization accepting the Code is an Athlete.73

**Athlete Biological Passport:** The program and methods of gathering and collating data as described in the **International Standard for Testing and Investigations and International Standard for Laboratories.**

**Athlete Support Personnel:** Any coach, trainer, manager, agent, team staff, official, medical, paramedical personnel, parent or any other Person working with, treating or assisting an Athlete participating in or preparing for sports **Competition.**

**Atypical Finding:** A report from a WADA-accredited laboratory or other WADA-approved laboratory which requires further investigation as provided by the **International Standard for Laboratories or related Technical Documents** prior to the determination of an **Adverse Analytical Finding.**

**Atypical Passport Finding:** A report described as an **Atypical Passport Finding** as described in the applicable **International Standards.**

**CAS:** The Court of Arbitration for Sport.

**Code:** The World Anti-Doping **Code.**

**Competition:** A single race, match, game or singular sport contest. For example, a basketball game or the finals of the Olympic 100-meter race in athletics. For stage races and other sport contests where prizes are awarded on a daily or other interim basis the distinction between a **Competition** and an **Event** will be as provided in the rules of the applicable International Federation.

**Consequences of Anti-Doping Rule Violations (“Consequences”):** An Athlete’s or other Person’s violation of an anti-doping rule may result in one or more of the following: (a) **Disqualification** means the Athlete’s results in a particular **Competition** or **Event** are invalidated, with all resulting **Consequences** including forfeiture of any medals, points and prizes; (b) **Ineligibility** means the Athlete or other Person is barred on account of an anti-doping rule violation for a specified period of time from participating in any **Competition** or other activity or funding as provided in Article 10.14; (c) **Provisional Suspension** means the Athlete or other Person is barred temporarily from participating in any **Competition** or activity prior to the final decision at a hearing conducted under Article 8; (d) **Financial Consequences** means a financial sanction imposed for an anti-doping rule violation or to recover costs associated with an anti-doping rule violation; and (e) **Public Disclosure** means the dissemination or distribution of information to the general public or Persons beyond those Persons entitled to earlier notification in accordance with Article 13. Teams in **Team Sports** may also be subject to **Consequences** as provided in Article 11.

**Contaminated Product:** A product that contains a **Prohibited Substance** that is not disclosed on the product label or in information available in a reasonable Internet search.

**Decision Limit:** The value of the result for a threshold substance in a **Sample,** above which an **Adverse Analytical Finding** shall be reported, as defined in the **International Standard for Laboratories.**

**Delegated Third Party:** Any Person to which [MEO] delegates any aspect of Doping Control or anti-doping Education programs including, but not limited to, third parties or other Anti-Doping Organizations that

---

73 [Comment to Athlete: Individuals who participate in sport may fall in one of five (5) categories: 1) International-Level Athlete, 2) National-Level Athlete, 3) individuals who are not International- or National-Level Athletes but over whom the International Federation or National Anti-Doping Organization has chosen to exercise authority, 4) Recreational Athlete, and 5) individuals over whom no International Federation or National Anti-Doping Organization has, or has chosen to, exercise authority. All International- and National-Level Athletes are subject to the anti-doping rules of the Code, with the precise definitions of international and national level sport to be set forth in the anti-doping rules of the International Federations and National Anti-Doping Organizations.]
conduct Sample collection or other Doping Control services or anti-doping Educational programs for [MEO], or individuals serving as independent contractors who perform Doping Control services for [MEO] (e.g., non-employee Doping Control officers or chaperones). This definition does not include CAS.

Disqualification: See Consequences of Anti-Doping Rule Violations above.

Doping Control: All steps and processes from test distribution planning through to ultimate disposition of any appeal and the enforcement of Consequences, including all steps and processes in between, including, but not limited to Testing, investigations, whereabouts, TUEs, Sample collection and handling, laboratory analysis, Results Management, and investigations or proceedings relating to violations of Article 10.14 (Status During Ineligibility or Provisional Suspension).

Education: The process of learning to instill values and develop behaviors that foster and protect the spirit of sport, and to prevent intentional and unintentional doping.

Event: A series of individual Competitions conducted together under one ruling body (e.g., the Olympic Games, World Championships of an International Federation, or Pan American Games). For the purposes of these Anti-Doping Rules, the Event is XX [title of the Games or another specific Event].

Event Period: The period commencing on the date [of the opening of the Athlete village/opening ceremony] of the Event [namely, insert date], up until and including the day of the closing ceremony of the Event [namely, insert date].

Event Venues: Those venues so designated by [MEO], namely: XX [please indicate the specific venues, e.g. “those venues for which it is necessary to have an accreditation, ticket or permission from [MEO] and any other areas that are specifically designated as such by [MEO].”]

Fault: Fault is any breach of duty or any lack of care appropriate to a particular situation. Factors to be taken into consideration in assessing an Athlete’s or other Person’s degree of Fault include, for example, the Athlete’s or other Person’s experience, whether the Athlete or other Person is a Protected Person, special considerations such as impairment, the degree of risk that should have been perceived by the Athlete and the level of care and investigation exercised by the Athlete in relation to what should have been the perceived level of risk. In assessing the Athlete’s or other Person’s degree of Fault, the circumstances considered must be specific and relevant to explain the Athlete’s or other Person’s departure from the expected standard of behavior. Thus, for example, the fact that an Athlete would lose the opportunity to earn large sums of money during a period of Ineligibility, or the fact that the Athlete only has a short time left in a career, or the timing of the sporting calendar, would not be relevant factors to be considered in reducing the period of Ineligibility under Article 10.6.1 or 10.6.2.74

Financial Consequences: See Consequences of Anti-Doping Rule Violations above.

In-Competition: The period commencing at 11:59 p.m. on the day before a Competition in which the Athlete is scheduled to participate through the end of such Competition and the Sample collection process related to such Competition. Provided, however, WADA may approve, for a particular sport, an alternative definition if an International Federation provides a compelling justification that a different definition is necessary for its sport; upon such approval by WADA, the alternative definition shall be followed by [MEO] for that particular sport.75

---

74 [Comment to Fault: The criterion for assessing an Athlete’s degree of Fault is the same under all Articles where Fault is to be considered. However, under Article 10.6.2, no reduction of sanction is appropriate unless, when the degree of Fault is assessed, the conclusion is that No Significant Fault or Negligence on the part of the Athlete or other Person was involved.]

75 [Comment to In-Competition: Having a universally accepted definition for In-Competition provides greater harmonization among Athletes across all sports, eliminates or reduces confusion among Athletes about the relevant timeframe for In-Competition Testing, avoids inadvertent Adverse Analytical Findings in between Competitions during an Event and assists in preventing any potential performance enhancement benefits from Substances prohibited Out-of-Competition being carried over to the Competition period.]
Independent Observer Program: A team of observers and/or auditors, under the supervision of WADA, who observe and provide guidance on the Doping Control process prior to or during certain Events and report on their observations as part of WADA’s compliance monitoring program.

Individual Sport: Any sport that is not a Team Sport.

Ineligibility: See Consequences of Anti-Doping Rule Violations above.

Institutional Independence: Hearing panels on appeal shall be fully independent institutionally from the Anti-Doping Organization responsible for Results Management. They must therefore not in any way be administered by, connected or subject to the Anti-Doping Organization responsible for Results Management.

International Event: An Event or Competition where the International Olympic Committee, the International Paralympic Committee, an International Federation, a Major Event Organization, or another international sport organization is the ruling body for the Event or appoints the technical officials for the Event.

International-Level Athlete: Athletes who compete in sport at the international level, as defined by each International Federation, consistent with the International Standard for Testing and Investigations.76

International Standard: A standard adopted by WADA in support of the Code. Compliance with an International Standard (as opposed to another alternative standard, practice or procedure) shall be sufficient to conclude that the procedures addressed by the International Standard were performed properly. International Standards shall include any Technical Documents issued pursuant to the International Standard.

Major Event Organizations: The continental associations of National Olympic Committees and other international multi-sport organizations that function as the ruling body for any continental, regional or other International Event. For the purpose of these Anti-Doping Rules, the Major Event Organization is [insert name of the MEO].

Marker: A compound, group of compounds or biological variable(s) that indicates the Use of a Prohibited Substance or Prohibited Method.

Metabolite: Any substance produced by a biotransformation process.

Minimum Reporting Level: The estimated concentration of a Prohibited Substance or its Metabolite(s) or Marker(s) in a Sample below which WADA-accredited laboratories should not report that Sample as an Adverse Analytical Finding.

Minor: A natural Person who has not reached the age of eighteen (18) years.

National Anti-Doping Organization: The entity(ies) designated by each country as possessing the primary authority and responsibility to adopt and implement anti-doping rules, direct the collection of Samples, manage test results and conduct Results Management at the national level. If this designation has not been made by the competent public authority(ies), the entity shall be the country’s National Olympic Committee or its designee.

National Event: A sport Event or Competition involving International- or National-Level Athletes that is not an International Event.

National Federation: A national or regional entity which is a member of or is recognized by an International Federation as the entity governing the International Federation’s sport in that nation or region.

76 [Comment to International-Level Athlete: Consistent with the International Standard for Testing and Investigations, the International Federation is free to determine the criteria it will use to classify Athletes as International-Level Athletes, e.g., by ranking, by participation in particular International Events, by type of license, etc. However, it must publish those criteria in clear and concise form, so that Athletes are able to ascertain quickly and easily when they will become classified as International-Level Athletes. For example, if the criteria include participation in certain International Events, then the International Federation must publish a list of those International Events.]
National-Level Athlete: Athletes who compete in sport at the national level, as defined by each National Anti-Doping Organization, consistent with the International Standard for Testing and Investigations.

National Olympic Committee: The organization recognized by the International Olympic Committee. The term National Olympic Committee shall also include the National Sport Confederation in those countries where the National Sport Confederation assumes typical National Olympic Committee responsibilities in the anti-doping area.

No Fault or Negligence: The Athlete or other Person’s establishing that he or she did not know or suspect, and could not reasonably have known or suspected even with the exercise of utmost caution, that he or she had Used or been administered the Prohibited Substance or Prohibited Method or otherwise violated an anti-doping rule. Except in the case of a Protected Person or Recreational Athlete, for any violation of Article 2.1, the Athlete must also establish how the Prohibited Substance entered the Athlete’s system.

No Significant Fault or Negligence: The Athlete or other Person’s establishing that any Fault or Negligence, when viewed in the totality of the circumstances and taking into account the criteria for No Fault or Negligence, was not significant in relationship to the anti-doping rule violation. Except in the case of a Protected Person or Recreational Athlete, for any violation of Article 2.1, the Athlete must also establish how the Prohibited Substance entered the Athlete’s system.

Operational Independence: This means that (1) board members, staff members, commission members, consultants and officials of the Anti-Doping Organization with responsibility for Results Management or its affiliates (e.g., member federation or confederation), as well as any Person involved in the investigation and pre-adjudication of the matter cannot be appointed as members and/or clerks (to the extent that such clerk is involved in the deliberation process and/or drafting of any decision) of hearing panels of that Anti-Doping Organization with responsibility for Results Management and (2) hearing panels shall be in a position to conduct the hearing and decision-making process without interference from the Anti-Doping Organization or any third party. The objective is to ensure that members of the hearing panel or individuals otherwise involved in the decision of the hearing panel, are not involved in the investigation of, or decisions to proceed with, the case.

Out-of-Competition: Any period which is not In-Competition.

Participant: Any Athlete or Athlete Support Person.

Person: A natural Person or an organization or other entity.

Possession: The actual, physical Possession, or the constructive Possession (which shall be found only if the Person has exclusive control or intends to exercise control over the Prohibited Substance or Prohibited Method or the premises in which a Prohibited Substance or Prohibited Method exists); provided, however, that if the Person does not have exclusive control over the Prohibited Substance or Prohibited Method or the premises in which a Prohibited Substance or Prohibited Method exists, constructive Possession shall only be found if the Person knew about the presence of the Prohibited Substance or Prohibited Method and intended to exercise control over it. Provided, however, there shall be no anti-doping rule violation based solely on Possession if, prior to receiving notification of any kind that the Person has committed an anti-doping rule violation, the Person has taken concrete action demonstrating that the Person never intended to have Possession and has renounced Possession by explicitly declaring it to an Anti-Doping Organization. Notwithstanding anything to the contrary in this definition, the purchase (including by any electronic or other means) of a Prohibited Substance or Prohibited Method constitutes Possession by the Person who makes the purchase.77

---

77 [Comment to Possession: Under this definition, anabolic steroids found in an Athlete’s car would constitute a violation unless the Athlete establishes that someone else used the car; in that event, the Anti-Doping Organization must establish that, even though the Athlete did not have exclusive control over the car, the Athlete knew about the anabolic steroids and intended to have control over them. Similarly, in the example of anabolic steroids found in a home medicine cabinet under the joint control of an Athlete and spouse, the Anti-Doping Organization must establish that the Athlete knew the anabolic steroids were in the cabinet and that the Athlete intended to exercise control over them. The act of purchasing a Prohibited Substance alone constitutes Possession, even where, for example, the product does not arrive, is received by someone else, or is sent to a third party address.]
Prohibited List: The list identifying the Prohibited Substances and Prohibited Methods.

Prohibited Method: Any method so described on the Prohibited List.

Prohibited Substance: Any substance, or class of substances, so described on the Prohibited List.

Protected Person: An Athlete or other natural Person who at the time of the anti-doping rule violation: (i) has not reached the age of sixteen (16) years; (ii) has not reached the age of eighteen (18) years and is not included in any Registered Testing Pool and has never competed in any International Event in an open category; or (iii) for reasons other than age has been determined to lack legal capacity under applicable national legislation.

Provisional Hearing: For purposes of Article 7.4.3, an expedited abbreviated hearing occurring prior to a hearing under Article 8 that provides the Athlete with notice and an opportunity to be heard in either written or oral form.

Provisionally Suspended: See Consequences of Anti-Doping Rule Violations above.

Publicly Disclose: See Consequences of Anti-Doping Rule Violations above.

Recreational Athlete: A natural Person who is so defined by the relevant National Anti-Doping Organization; provided, however, the term shall not include any Person who, within the five (5) years prior to committing any anti-doping rule violation, has been an International-Level Athlete (as defined by each International Federation consistent with the International Standard for Testing and Investigations) or National-Level Athlete (as defined by each National Anti-Doping Organization consistent with the International Standard for Testing and Investigations), has represented any country in an International Event in an open category or has been included within any Registered Testing Pool or other whereabouts information pool maintained by any International Federation or National Anti-Doping Organization.

Regional Anti-Doping Organization: A regional entity designated by member countries to coordinate and manage delegated areas of their national anti-doping programs, which may include the adoption and implementation of anti-doping rules, the planning and collection of Samples, the management of results, the review of TUEs, the conduct of hearings, and the conduct of Educational programs at a regional level.

Registered Testing Pool: The pool of highest-priority Athletes established separately at the international level by International Federations and at the national level by National Anti-Doping Organizations, who are subject to focused In-Competition and Out-of-Competition Testing as part of that International Federation’s or National Anti-Doping Organization’s test distribution plan and therefore are required to provide whereabouts information as provided in Article 5.5 of the Code and the International Standard for Testing and Investigations.

Results Management: The process encompassing the timeframe between notification as per Article 5 of the International Standard for Results Management, or in certain cases (e.g., Atypical Finding, Athlete Biological Passport, whereabouts failure), such pre-notification steps expressly provided for in Article 5 of the International Standard for Results Management, through the charge until the final resolution of the matter, including the end of the hearing process at first instance or on appeal (if an appeal was lodged).

[Comment to Protected Person: The Code treats Protected Persons differently than other Athletes or Persons in certain circumstances based on the understanding that, below a certain age or intellectual capacity, an Athlete or other Person may not possess the mental capacity to understand and appreciate the prohibitions against conduct contained in the Code. This would include, for example, a Paralympic Athlete with a documented lack of legal capacity due to an intellectual impairment. The term “open category” is meant to exclude competition that is limited to junior or age group categories.]

[Comment to Provisional Hearing: A Provisional Hearing is only a preliminary proceeding which may not involve a full review of the facts of the case. Following a Provisional Hearing, the Athlete remains entitled to a subsequent full hearing on the merits of the case. By contrast, an “expedited hearing”, as that term is used in Article 7.4, is a full hearing on the merits conducted on an expedited time schedule.]

[Comment to Recreational Athlete: The term “open category” is meant to exclude competition that is limited to junior or age group categories.]
Sample or Specimen: Any biological material collected for the purposes of Doping Control.\(^{81}\)

Signatories: Those entities accepting the Code and agreeing to implement the Code, as provided in Article 23 of the Code.

Specified Method: See Article 4.2.2.

Specified Substance: See Article 4.2.2.

Strict Liability: The rule which provides that under Article 2.1 and Article 2.2, it is not necessary that intent, Fault, Negligence, or knowing Use on the Athlete's part be demonstrated by the Anti-Doping Organization in order to establish an anti-doping rule violation.

Substance of Abuse: See Article 4.2.3.

Substantial Assistance: For purposes of Article 10.7.1, a Person providing Substantial Assistance must: (1) fully disclose in a signed written statement or recorded interview all information he or she possesses in relation to anti-doping rule violations or other proceeding described in Article 10.7.1.1, and (2) fully cooperate with the investigation and adjudication of any case or matter related to that information, including, for example, presenting testimony at a hearing if requested to do so by an Anti-Doping Organization or hearing panel. Further, the information provided must be credible and must comprise an important part of any case or proceeding which is initiated or, if no case or proceeding is initiated, must have provided a sufficient basis on which a case or proceeding could have been brought.

Tampering: Intentional conduct which subverts the Doping Control process but which would not otherwise be included in the definition of Prohibited Methods. Tampering shall include, without limitation, offering or accepting a bribe to perform or fail to perform an act, preventing the collection of a Sample, affecting or making impossible the analysis of a Sample, falsifying documents submitted to an Anti-Doping Organization or TUE committee or hearing panel, procuring false testimony from witnesses, committing any other fraudulent act upon the Anti-Doping Organization or hearing body to affect Results Management or the imposition of Consequences, and any other similar intentional interference or Attempted interference with any aspect of Doping Control.\(^{82}\)

Team Sport: A sport in which the substitution of players is permitted during a Competition.

Technical Document: A document adopted and published by WADA from time to time containing mandatory technical requirements on specific anti-doping topics as set forth in an International Standard.

Testing: The parts of the Doping Control process involving test distribution planning, Sample collection, Sample handling, and Sample transport to the laboratory.

Therapeutic Use Exemption (TUE): A Therapeutic Use Exemption allows an Athlete with a medical condition to Use a Prohibited Substance or Prohibited Method, but only if the conditions set out in Article 4.4 and the International Standard for Therapeutic Use Exemptions are met.

 Trafficking: Selling, giving, transporting, sending, delivering or distributing (or Possessing for any such purpose) a Prohibited Substance or Prohibited Method (either physically or by any electronic or other means) by an Athlete, Athlete Support Person or any other Person subject to the authority of an Anti-

---

\(^{81}\) [Comment to Sample or Specimen: It has sometimes been claimed that the collection of blood Samples violates the tenets of certain religious or cultural groups. It has been determined that there is no basis for any such claim.]

\(^{82}\) [Comment to Tampering: For example, this Article would prohibit altering identification numbers on a Doping Control form during Testing, breaking the B bottle at the time of B Sample analysis, altering a Sample by the addition of a foreign substance, or intimidating or attempting to intimidate a potential witness or a witness who has provided testimony or information in the Doping Control process. Tampering includes misconduct which occurs during the Results Management process. See Article 10.9.3.3. However, actions taken as part of a Person's legitimate defense to an anti-doping rule violation charge shall not be considered Tampering. Offensive conduct towards a Doping Control official or other Person involved in Doping Control which does not otherwise constitute Tampering shall be addressed in the disciplinary rules of sport organizations.]
**Doping Organization** to any third party; provided, however, this definition shall not include the actions of “bona fide” medical personnel involving a **Prohibited Substance Used** for genuine and legal therapeutic purposes or other acceptable justification, and shall not include actions involving **Prohibited Substances** which are not prohibited in Out-of-Competition Testing unless the circumstances as a whole demonstrate such **Prohibited Substances** are not intended for genuine and legal therapeutic purposes or are intended to enhance sport performance.

**UNESCO Convention:** The International Convention against Doping in Sport adopted by the 33rd session of the UNESCO General Conference on 19 October 2005 including any and all amendments adopted by the States Parties to the Convention and the Conference of Parties to the International Convention against Doping in Sport.

**Use:** The utilization, application, ingestion, injection or consumption by any means whatsoever of any **Prohibited Substance or Prohibited Method**.

**WADA:** The World Anti-Doping Agency.

**Without Prejudice Agreement:** For purposes of Articles 10.7.1.1 and 10.8.2, a written agreement between an **Anti-Doping Organization** and an **Athlete or other Person** that allows the **Athlete or other Person** to provide information to the **Anti-Doping Organization** in a defined time-limited setting with the understanding that, if an agreement for Substantial Assistance or a case resolution agreement is not finalized, the information provided by the **Athlete or other Person** in this particular setting may not be used by the **Anti-Doping Organization** against the **Athlete or other Person** in any **Results Management** proceeding under the **Code**, and that the information provided by the **Anti-Doping Organization** in this particular setting may not be used by the **Athlete or other Person** against the **Anti-Doping Organization** in any **Results Management** proceeding under the **Code**. Such an agreement shall not preclude the **Anti-Doping Organization, Athlete or other Person** from using any information or evidence gathered from any source other than during the specific time-limited setting described in the agreement.
