PART ONE: INTRODUCTION, CODE PROVISIONS, INTERNATIONAL STANDARD PROVISIONS, AND DEFINITIONS

1.0 Introduction and Scope

Signatories to the World Anti-Doping Code (the *Code*) commit to comply with a number of legal, technical and operational requirements that are set out in the *Code* and the accompanying *International Standards*. Such compliance is necessary to deliver harmonized, coordinated and effective anti-doping programs at the international and national level, so that *Athletes* and other stakeholders can experience doping-free competition on a level playing field wherever sport is played.

The *Code* makes *WADA* responsible for monitoring and enforcing compliance by *Signatories* with the *Code* and the *International Standards*. The *Code* also requires *Signatories* to report on their compliance to *WADA*.

The purpose of the International Standard for Code Compliance by Signatories is to support an effective and efficient compliance effort by setting out:

- the roles and responsibilities of the different bodies involved in *WADA*'s compliance monitoring function (Part Two, Section 6);
- the support and assistance that *WADA* will offer to *Signatories* in their efforts to comply with the *Code* and the *International Standards* (Part Two, Section 7);
- the tools that *WADA* will use to monitor compliance by *Signatories* with their obligations under the *Code* and the *International Standards* (Part Two, Section 8);
- the opportunities that *WADA* will give *Signatories* to correct Non-Conformities before any formal action is taken (Part Two, Section 9);
- the process to be followed in determining non-compliance and the consequences of such non-compliance if a *Signatory* fails to correct the Non-Conformities. This process mirrors, insofar as is appropriate and practicable, the process followed in determining *Code* non-compliance and the consequences of such non-compliance for individuals (Part Two, Section 10);
- the range of potential consequences that might be imposed for non-compliance, and the principles to be applied to determine the consequences to be imposed in a particular case, depending on the facts and circumstances of that case (Part Two, Section 11); and
- the procedures that *WADA* will follow to ensure that a *Signatory* that has been determined to be non-compliant is reinstated as quickly as possible once it has corrected that non-compliance (Part Two, Section 12).

The ultimate objective is to ensure that strong, *Code*-compliant anti-doping rules and programs are applied and enforced consistently and effectively across all sports and all countries, so that clean *Athletes* can have confidence that there is fair competition on a level playing field, and public confidence in the integrity of sport can be maintained. However, the International Standard for Code Compliance by Signatories is flexible enough to recognize certain priorities. In particular, it includes specific provisions (including a special fast-track process) to enable *WADA* to take urgent and effective action to address instances of deliberate/bad faith non-compliance with critical *Code* requirements. Beyond that, it also gives *WADA* discretion to prioritize its compliance efforts in particular areas and/or with particular *Signatories*. Most importantly, *Signatories* who are seeking in good faith to comply with the *Code* will be encouraged and supported to achieve and maintain full Code Compliance. The desire is always to have *Signatories* address any compliance issues voluntarily. Having a *Signatory* declared non-compliant and Signatory Consequences imposed is the last resort, to be pursued only where the *Signatory* has failed, despite every encouragement, to take the necessary corrective actions within the required timelines.

In the interests of transparency and accountability, *WADA* may publish as much detail as it considers appropriate about its general compliance monitoring program. It may also publish information about activities and outcomes in respect of individual *Signatories* who have been the subject of specific action under the program.

Terms used in this *International Standard* that are defined terms from the *Code* are written in italics. Terms that are defined in this or another *International Standard* (see Part One, Articles 4.2 and 4.3) are underlined.

2.0 Relevant Code Provisions

The following provisions in the *Code* are directly relevant to the International Standard for Code Compliance by Signatories:

NOTE TO READER: THE FOLLOWING PROVISIONS REFLECT THE AMENDMENTS THAT ARE PROPOSED TO BE MADE TO THE PROVISIONS OF THE 2015 CODE THAT ARE MOST RELEVANT TO SIGNATORY COMPLIANCE (NAMELY, ARTICLES 12, 20 AND 23). A TRACK-CHANGED VERSION OF THESE PROPOSED AMENDMENTS TO THE CODE CAN BE FOUND IN A SEPARATE DOCUMENT ACCOMPANYING THIS DRAFT INTERNATIONAL STANDARD FOR CODE COMPLIANCE BY SIGNATORIES. THE INTERNATIONAL STANDARD FOR CODE COMPLIANCE BY SIGNATORIES IS DESIGNED TO IMPLEMENT AND SUPPORT THE CODE PROVISIONS AS AMENDED.

PURPOSE, SCOPE AND ORGANIZATION OF THE WORLD ANTI-DOPING PROGRAM AND THE CODE

The purposes of the World Anti-Doping Code and the World Anti-Doping Program which supports it are:

- To protect the *Athletes'* fundamental right to participate in doping-free sport and thus promote health, fairness and equality for *Athletes* worldwide, and
- To ensure harmonized, coordinated and effective anti-doping programs at the international and national level with regard to detection, deterrence and prevention of doping.

PART ONE DOPING CONTROL

INTRODUCTION

Part One of the *Code* sets forth specific anti-doping rules and principles that are to be followed by organizations responsible for adopting, implementing or enforcing anti-doping rules within their authority, e.g. the International Olympic Committee, International Paralympic Committee, International Federations, *National Olympic Committees* and Paralympic Committees, *Major Event Organizations*, and *National Anti-Doping Organizations*. All such organizations are collectively referred to as *Anti-Doping Organizations*.

All provisions of the *Code* are mandatory in substance and must be followed as applicable by each *Anti-Doping Organization* and *Athlete* or other *Person*. The *Code* does not, however, replace or eliminate the need for comprehensive anti-doping rules to be adopted by each *Anti-Doping Organization*. ...

Code Article 12 Sanctions Against Sporting Bodies

12.1 The International Standard for Code Compliance by Signatories sets out when and how *WADA* may proceed against a *Signatory* for failure to comply with its obligations under the *Code* and/or the *International Standards*, and identifies the range of possible sanctions that may be imposed on the *Signatory* for such non-compliance.

12.2 Nothing in the *Code* or the International Standard for Code Compliance by Signatories precludes any *Signatory* or government accepting the *Code* from enforcing its own rules for the purpose of imposing sanctions for non-compliance with the *Code* on another sporting body over which the *Signatory* or a member of the *Signatory* or government has authority.

[Comment to Article 12.2: This Article makes it clear that the Code and the International Standard for Code Compliance by Signatories do not limit in any way the right of a Signatory or government to take disciplinary action under its own rules to enforce the obligation on bodies under its authority to recognize, implement, uphold and enforce the Code within its area of competence.]

PART 3 ROLES AND RESPONSIBILITIES

All *Signatories* shall act in a spirit of partnership and collaboration in order to ensure the success of the fight against doping in sport and the respect of the *Code*.

[Comment: Responsibilities for Signatories and Athletes or other Persons are addressed in various Articles in the Code and the responsibilities listed in this part are additional to these responsibilities.]

PART FOUR ACCEPTANCE, COMPLIANCE, MODIFICATION AND INTERPRETATION

Code Article 23 Acceptance, Compliance and Modification

23.1 Acceptance of the *Code*

23.1.1 The following entities shall be *Signatories* accepting the *Code*: WADA, the International Olympic Committee, International Federations, the International Paralympic Committee, *National Olympic Committees*, National Paralympic Committees, *Major Event Organizations*, and *National Anti-Doping Organizations*. These entities shall accept the *Code* by signing a declaration of acceptance upon approval by each of their respective governing bodies.

[Comment to Article 23.1.1: Each accepting Signatory will separately sign an identical copy of the standard form common declaration of acceptance and deliver it to WADA. The act of acceptance will be as authorized by the organic documents of each organization. For example, an International Federation by its Congress and WADA by its Foundation Board.]

23.1.2 Other sport organizations that may not be under the control of a *Signatory* may, upon WADA's invitation, also become a *Signatory* by accepting the *Code*.

[Comment to Article 23.1.2: Those professional leagues that are not currently under the jurisdiction of any government or International Federation will be encouraged to accept the Code.]

23.1.3 A list of all acceptances will be made public by WADA.

23.2 Implementation of the *Code*

23.2.1 The *Signatories* shall implement applicable *Code* provisions through policies, statutes, rules or regulations according to their authority and within their relevant spheres of responsibility.

23.2.2 The following Articles as applicable to the scope of the anti-doping activity which the *Anti-Doping Organization* performs must be implemented by *Signatories* without substantive change (allowing for any non-substantive changes to the language in order to refer to the organization's name, sport, section numbers, etc.):

- Article 1 (Definition of Doping)
- Article 2 (Anti-Doping Rule Violations)
- Article 3 (Proof of Doping)
- Article 4.2.2 (*Specified Substances*)
- Article 4.3.3 (WADA's Determination of the *Prohibited List*)
- Article 7.11 (Retirement from Sport)

- Article 9 (Automatic *Disqualification* of Individual Results)
- Article 10 (Sanctions on Individuals)
- Article 11 (Consequences to Teams)
- Article 13 (Appeals) with the exception of 13.2.2, 13.6, and 13.7
- Article 15.1 (Recognition of Decisions)
- Article 17 (Statute of Limitations)
- Article 24 (Interpretation of the *Code*)
- Appendix 1 – Definitions

No additional provision may be added to a *Signatory's* rules which changes the effect of the Articles enumerated in this Article. A *Signatory's* rules must expressly acknowledge the Commentary of the *Code* and endow the Commentary with the same status that it has in the *Code*.

[Comment to Article 23.2.2: Nothing in the Code precludes an Anti-Doping Organization from adopting and enforcing its own specific disciplinary rules for conduct by Athlete Support Personnel related to doping but which does not, in and of itself, constitute an anti-doping rule violation under the Code. For example, a National or International Federation could refuse to renew the license of a coach when multiple Athletes have committed anti-doping rule violations while under that coach's supervision.]

23.2.3 In implementing the *Code*, the *Signatories* are encouraged to use the models of best practice recommended by *WADA*.

23.3 Implementation of Anti-Doping Programs.

Signatories shall devote sufficient resources in order to implement anti-doping programs that are compliant in all areas with the *Code* and the *International Standards*.

23.4 Compliance with the *Code*

Signatories shall not be considered in compliance with the *Code* until they have accepted and implemented the *Code* in accordance with Articles 23.1, 23.2, and 23.3. They shall no longer be considered in compliance once acceptance has been withdrawn.

23.5 Monitoring Compliance with the *Code*

23.5.1 Compliance by *Signatories* with the *Code* and the *International Standards* shall be monitored by *WADA* in

accordance with the International Standard for Code Compliance by Signatories.

23.5.2 To facilitate such monitoring, each *Signatory* shall report to *WADA* on its compliance with the *Code* and the *International Standards* as and when required by *WADA*. As part of that reporting, the *Signatory* shall provide accurately all of the information requested by *WADA* and shall explain the actions it is taking to correct any non-conformities.

23.5.3 Failure by a *Signatory* to provide accurate information in accordance with Article 23.5.2 itself constitutes an instance of non-conformity with the *Code*, as does failure by a *Signatory* to submit accurate information to *WADA* where required by other Articles of the *Code* or by the International Standard for Code Compliance by Signatories.

23.5.4 In cases of non-conformity (whether with reporting obligations or otherwise), *WADA* shall follow the corrective procedures set out in the International Standard for Code Compliance by Signatories. If the *Signatory* fails to correct the non-conformity within the specified timeframe, then (following approval of such course by *WADA*'s Executive Committee) *WADA* shall send a formal notice to the *Signatory*, asserting that the *Signatory* is non-compliant, specifying the consequences that *WADA* considers should apply for such non-compliance, and specifying the conditions that *WADA* considers the *Signatory* should have to satisfy in order to be reinstated to the list of *Code*-compliant *Signatories*. That notice will be publicly reported by *WADA*.

23.5.5 If the *Signatory* does not dispute *WADA*'s assertion of non-compliance or the consequences or reinstatement conditions proposed by *WADA* within twenty-one days of receipt of the formal notice, the assertion will be deemed admitted and the consequences and reinstatement conditions will be deemed accepted, and the notice will automatically become a final decision enforceable with immediate effect in accordance with Article 23.5.9. The decision will be publicly reported by *WADA*.

23.5.6 If the *Signatory* wishes to dispute *WADA*'s assertion of non-compliance, and/or the consequences and/or the reinstatement conditions proposed by *WADA*, the *Signatory* must file a formal notice of dispute with *CAS* (with a copy to *WADA*) within twenty-one days of its receipt of the notice from *WADA*. The dispute will be resolved by the *CAS* Ordinary Arbitration Division in accordance with the International Standard for Code Compliance by Signatories.

23.5.7 WADA will publicly report the fact that the case has been referred to CAS for determination. The following *Persons* shall have the right (but not any obligation) to intervene and participate as a party in the case, provided they do so within 10 days of such publication by WADA: (a) the International Olympic Committee and/or the International Paralympic Committee (as applicable), and the *National Olympic Committee* and/or the National Paralympic Committee (as applicable), where the decision may have an effect in relation to the Olympic Games or Paralympic Games (including decisions affecting eligibility to attend/participate in the Olympic Games or Paralympic Games); and (b) an International Federation, where the decision may have an effect on participation in the International Federation's World Championships and/or on a bid that has been submitted for a country to host the International Federation's World Championships. Any other *Person* wishing to participate as a party in the case must apply to CAS within 10 days of publication by WADA of the fact that the case has been referred to CAS for determination. CAS shall permit such intervention (i) if all other parties in the case agree; or (ii) if the applying *Person* demonstrates a sufficient legal interest in the outcome of the case to justify its participation as a party.

23.5.8 CAS's decision resolving the dispute will be publicly reported by CAS and by WADA. That decision may be challenged before the Swiss Federal Tribunal on the grounds set out in Article 190(2) of the Swiss Federal Act on Private International Law. Subject only thereto, the decision shall be final and enforceable with immediate effect in accordance with Article 23.5.9.

23.5.9 The following decisions are applicable worldwide, and shall be recognized, respected and given full effect by all other *Signatories* in accordance with their authority and within their respective spheres of responsibility: (a) final decisions issued in accordance with Article 23.5.5 or Article 23.5.8, determining that a *Signatory* is non-compliant, and/or imposing consequences for such non-compliance, and/or setting conditions that the *Signatory* has to satisfy in order to be reinstated to the list of *Code-compliant Signatories*; and (b) final decisions issued in accordance with Article 23.5.10, determining that a *Signatory* has not yet met all of the reinstatement conditions imposed on it and therefore is not yet entitled to be reinstated to the list of *Code-compliant Signatories*.

23.5.10 If a *Signatory* wishes to dispute WADA's assertion that the *Signatory* has not yet met all of the reinstatement conditions imposed on it and therefore is not yet entitled to be reinstated to the list of *Code-compliant Signatories*, the

Signatory must file a formal notice of dispute with CAS (with a copy to WADA) within twenty-one days of its receipt of the assertion from WADA. The dispute will be resolved by the CAS Ordinary Arbitration Division in accordance with Articles 23.5.6 to 23.5.9. It will be WADA's burden to prove on the balance of probabilities that the *Signatory* has not yet met all of the reinstatement conditions imposed on it and therefore is not yet entitled to be reinstated.

23.6 Monitoring Compliance with the *UNESCO Convention*

Compliance with the commitments reflected in the *UNESCO Convention* will be monitored as determined by the Conference of Parties to the *UNESCO Convention*, following consultation with the State Parties and WADA. WADA shall advise governments on the implementation of the *Code* by the *Signatories* and shall advise *Signatories* on the ratification, acceptance, approval or accession to the *UNESCO Convention* by governments.

3.0 Relevant Provisions of the International Standard for Laboratories

The following provisions in the International Standard for Laboratories are directly relevant to the International Standard for Code Compliance by Signatories:

4.1 Applying for a WADA Laboratory Accreditation

...

4.1.2 Submitting initial application form

The candidate laboratory shall complete the necessary information in the Application Form as provided by WADA and deliver this to WADA. The Application shall be signed by the Laboratory Director and, if relevant, by the Director of the host organization.

At this stage, WADA will verify the existence of a National Anti-Doping Program (compliant with the Code and International Standards) in the country where the candidate laboratory is located, the ratification of the UNESCO Convention against Doping in Sport by the host country of the candidate laboratory, as well as the payment of the nation's financial contributions to WADA.

NOTE TO READER: IN NOVEMBER 2017, WADA WILL ASK THE EXECUTIVE COMMITTEE TO APPROVE THE SUSPENSION (NON-APPLICATION) OF ISL ARTICLE 4.4 PENDING FULL REVIEW OF THE ISL AT A LATER DATE.

4.4 Maintaining WADA accreditation

In order for the Laboratory to maintain its accreditation status, the *Anti-Doping Organization* of the country of the Laboratory (*National Anti-Doping Organization* and/or *National Olympic Committee* as applicable) shall be *Code* compliant (as determined by WADA) and the Laboratory host country shall maintain its status of a country having ratified the UNESCO Convention against Doping in Sport.

Should a Laboratory's accreditation be suspended in this context, the Suspension will be effective until the country ratifies the UNESCO Convention against Doping in Sport and/or until the non-compliant *Anti-Doping Organization* of the country of the Laboratory is taken out of the non-compliant list by WADA's Foundation Board. With the exception of the duration of the Suspension which shall be as defined above, the other ISL provisions with subject to the Suspension of a Laboratory's accreditation remain applicable.

WADA may decide not to suspend the Laboratory's accreditation in case of non-compliance of the *Anti-Doping Organization* of the country of the Laboratory if, in the year before the declaration of non-compliance, at least 60% of samples analyzed by that Laboratory were provided by *Anti-Doping Organizations* other than the *Anti-Doping Organization* of the country of the Laboratory, or if it is highly likely that in the year of the declaration of non-compliance at least 60% of samples analyzed by that Laboratory are going to be provided by *Anti-Doping Organizations* other than the *Anti-Doping Organization* of the country of the Laboratory.

PART TWO: STANDARDS FOR WADA'S MONITORING AND ENFORCEMENT OF CODE COMPLIANCE BY SIGNATORIES

5.0 Objective

5.1 The objective of Part Two of the International Standard for Code Compliance by Signatories is to ensure that *Signatories* deliver harmonized, coordinated and effective Anti-Doping Programs within their respective spheres of responsibility, so that there is fair competition and a level playing field wherever sport is played.

5.2 The focus of WADA's compliance monitoring program is on dialogue and communication with *Signatories*, assisting them in their efforts to ensure full Code Compliance and providing them with guidance for the continuous improvement of their Anti-Doping Programs. Where instances of Non-Conformity are identified, the International Standard for Code Compliance by Signatories establishes objective, pre-determined, and transparent procedures and standards that give the *Signatory* the opportunity to correct those Non-Conformities, and that lead (if the Non-Conformities are not corrected) to a determination of non-compliance and the imposition of predictable, graded and proportionate Signatory Consequences, as well as setting out a clear pathway to Reinstatement.

6.0 WADA's Compliance Monitoring Program

6.1 Operational Oversight of Code Compliance

6.1.1 Operational oversight of Code Compliance is provided by WADA Management through an internal WADA working group consisting of staff from different WADA departments.

6.1.2 WADA Management is responsible for coordinating and directing the development of all activities related to WADA's Code Compliance monitoring program in coordination with the Compliance Review Committee, and in accordance with any prioritization of effort approved by the Compliance Review Committee further to Article 8.2. This includes:

6.1.2.1 coordinating the provision of ongoing support and assistance by WADA to *Signatories* in meeting their obligations under the *Code* and the *International Standards* (see Article 7);

6.1.2.2 using all tools at WADA's disposal to monitor Code Compliance by *Signatories*, including but not limited to ADAMS, Code Compliance Questionnaires, Mandatory Information Requests,

Compliance Audits, and any other relevant information received or collected by *WADA* (see Article 8);

6.1.2.3 where Non-Conformities are identified, opening a dialogue with the *Signatory*, identifying corrective actions to be taken by the *Signatory* to correct the Non-Conformities, and providing guidance to help the *Signatory* to complete the corrective actions within the set timelines (see Article 9);

6.1.2.4 assessing the effectiveness of the *Signatory's* corrective actions, deciding on referral of matters to the CRC, providing reports with relevant supporting information to facilitate CRC discussions, and implementing and following up on CRC recommendations (see Article 10);

6.1.2.5 where a *Signatory* fails to correct the Non-Conformities within the required timeframe, and following the recommendation of the Compliance Review Committee, obtaining the approval of *WADA's* Executive Committee to notify the *Signatory* formally of the alleged non-compliance, with such notice also specifying the Signatory Consequences that *WADA* considers should apply for such non-compliance and the conditions that *WADA* considers the *Signatory* should have to satisfy in order to be Reinstated (see Articles 10, 11 and 12); and

6.1.2.6 monitoring the *Signatory's* efforts to satisfy the Reinstatement conditions imposed on it, in order to report to the CRC on whether and when to recommend that the *Signatory* be Reinstated (see Article 12).

6.2 Independent Review and Recommendations

6.2.1 The Compliance Review Committee is an independent, non-political *WADA* Standing Committee that oversees *WADA's* Code Compliance monitoring efforts and enforcement activities, and provides advice and recommendations on such matters to *WADA's* Executive Committee.

6.2.1.1 The CRC is governed by its own by-laws, in order to ensure the independence, political neutrality and specialization of its members that underpin the credibility of its work. The by-laws include strict conflict of interest provisions that require CRC members to declare any potential conflicts of interest and to exclude themselves from all deliberations of the CRC in any matter in which they may have a conflict of interest.

6.2.2 The CRC follows standardized procedures encompassing review, assessment, communication, and the making of recommendations to *WADA's* Executive Committee on matters relating to Code Compliance and Reinstatement. These procedures (see Articles 9 and 10) are designed to support a transparent, objective, and consistent approach to the assessment and enforcement of Code Compliance.

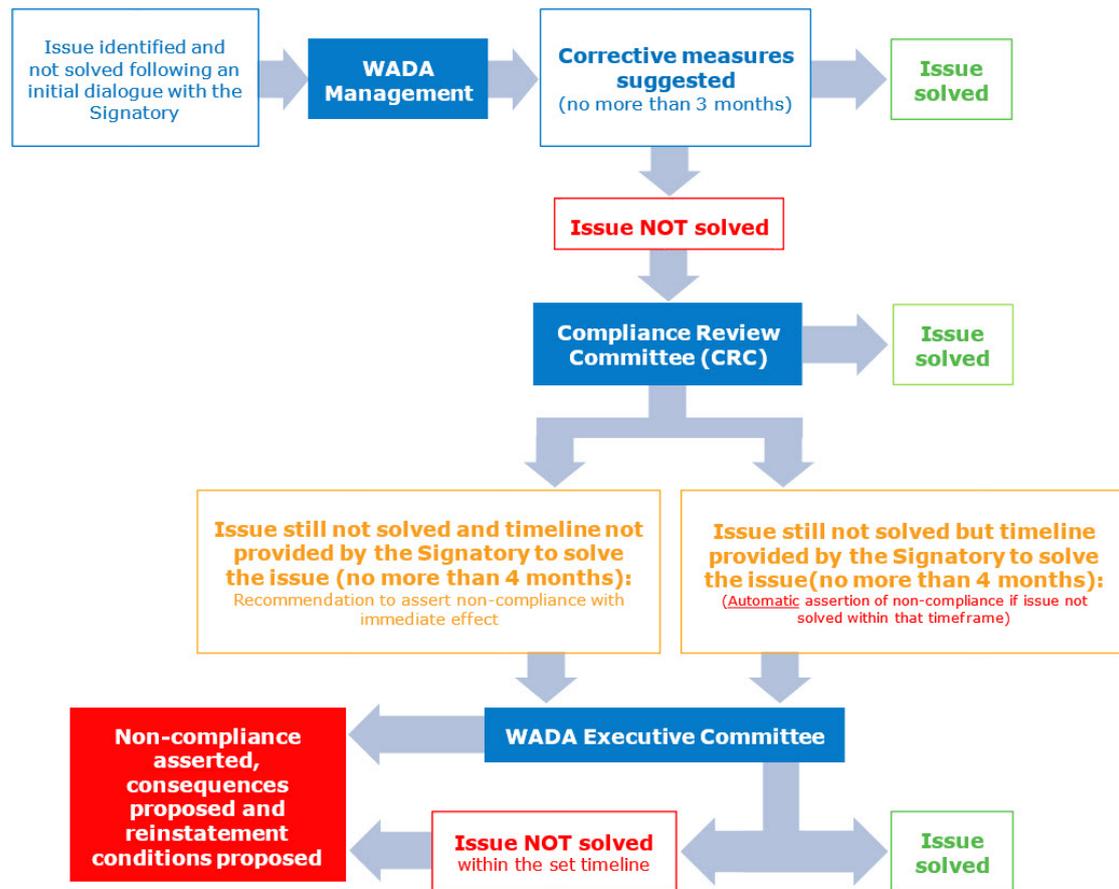

6.2.2.1 Where *WADA* Management reports apparent Non-Conformities to the CRC, a procedure is followed that gives the *Signatory* in question time and opportunity to explain and address the Non-Conformities within a specified timeframe and so achieve full Code Compliance (see Article 9).

6.2.2.2 If the *Signatory* does not correct the Non-Conformities within the framework of that procedure, the CRC will review the case in detail and decide whether to recommend to *WADA*'s Executive Committee that a formal notice be issued to the *Signatory*, (a) asserting that the *Signatory* is non-compliant; (b) proposing Signatory Consequences for such non-compliance in accordance with Article 11; and (c) proposing conditions that the *Signatory* should be required to satisfy in order to be Reinstated, in accordance with Article 12.

6.3 Enforcement Procedures

6.3.1 In accordance with *Code* Article 23.5.4, upon the recommendation of the CRC, *WADA*'s Executive Committee may decide that a *Signatory* should be formally notified of its alleged non-compliance with the *Code* and/or the *International Standards*, with such notice also specifying the Signatory Consequences that *WADA* considers should apply for such non-compliance, and the conditions that *WADA* considers the *Signatory* should have to satisfy in order to be Reinstated.

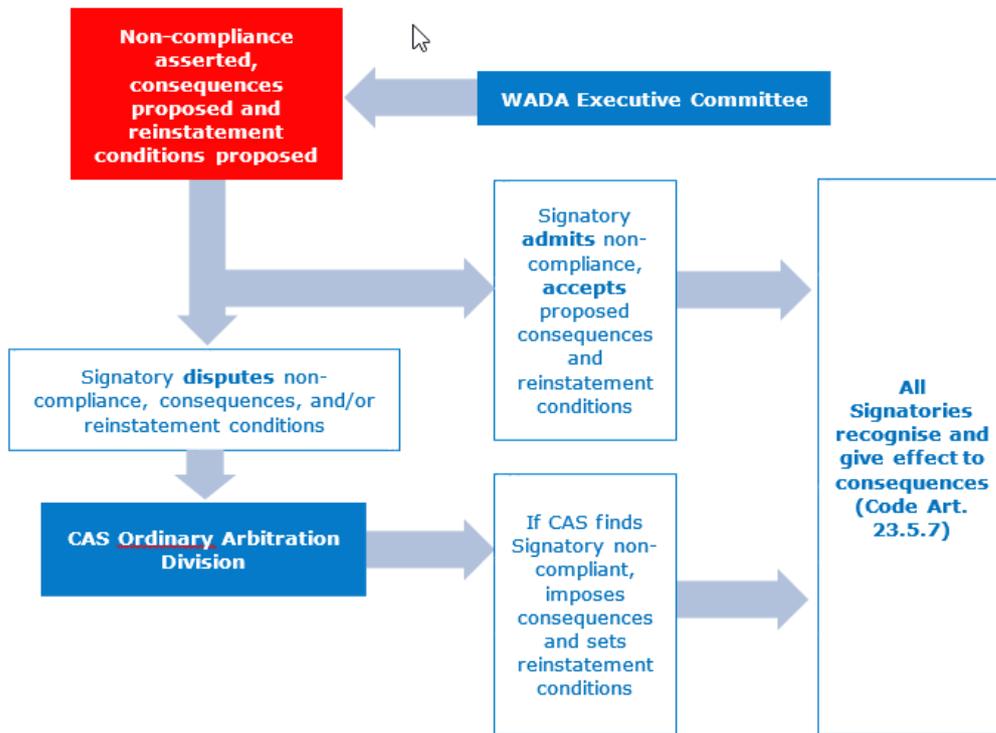

Figure One: Process following identification of Non-Conformity

6.3.2 If the *Signatory* accepts or does not dispute the contents of that notice within twenty-one days of its receipt, the allegation of non-compliance will be deemed admitted and the consequences and reinstatement conditions will be deemed accepted, and the notice will automatically become a final decision enforceable with immediate effect in accordance with *Code Article 23.5.9*. If the *Signatory* disputes any part of the notice, the dispute will be resolved by *CAS* in accordance with *Code Article 23.5.7*.

6.3.3 Once the notice is accepted as a final decision by the *Signatory*, or (if disputed) once a final decision is issued by *CAS*, in accordance with *Code Article 23.5.9* that decision shall be applicable worldwide and shall be recognized, respected and given effect by all other *Signatories* in accordance with their authority and within their respective spheres of responsibility.

Figure Two: Process following formal assertion of non-compliance

6.4 Reinstatement Procedures

6.4.1 Where applicable, *WADA* Management will report to the CRC on the *Signatory's* implementation of the Reinstatement conditions, and the CRC will then make recommendations to *WADA's* Executive Committee as to whether or not the *Signatory* has satisfied those conditions and should be Reinstated.

6.4.2 If *WADA's* Executive Committee asserts that a *Signatory* has not yet satisfied its Reinstatement conditions and so should not yet be Reinstated, if the *Signatory* disputes that assertion, the dispute will be resolved by *CAS* in accordance with *Code* Articles 23.5.6 to 23.4.9. In accordance with *Code* Article 23.5.9, *CAS's* decision shall be applicable worldwide and shall be recognized, respected and given effect by all other *Signatories* in accordance with their authority and within their respective spheres of responsibility.

7.0 WADA's Support for *Signatories'* Efforts to Achieve/Maintain Code Compliance

7.1 Objective

7.1.1 WADA's priority is to support *Signatories* in strengthening their Anti-Doping Programs, thereby increasing the protection that they provide to clean *Athletes*. It shall remain at all times the *Signatory's* obligation to achieve full Code Compliance, and it shall not be a defence or excuse that others did not help the *Signatory* to comply. However, WADA will use all reasonable endeavours to provide support and assistance to *Signatories* seeking to achieve, maintain or restore full Code Compliance.

7.2 Operational and Technical Support

7.2.1 WADA will provide operational and technical support to *Signatories* to assist them to achieve, maintain, or (where applicable) return to full Code Compliance, including by providing advice and information, by developing resources, guidelines, training materials, and training programs, and by facilitating partnerships with other *Anti-Doping Organizations* where possible. Where the WADA budget allows, this support shall be provided without cost to *Signatories*.

7.2.2 By way of illustration, WADA has developed a number of documents and tools to assist *Signatories* to understand their responsibilities under the *Code* and the *International Standards*, and to achieve and maintain full compliance with those responsibilities, including:

7.2.2.1 Technical Documents, such as the Technical Document for Sport Specific Analysis;

7.2.2.2 model rules for the implementation of the *Code* and the *International Standards* within the *Signatory's* area of competence;

7.2.2.3 guideline documents covering the implementation of various components of an effective Anti-Doping Program, including (without limitation) *Testing*, *TUEs*, results management, education, and intelligence and investigations;

7.2.2.4 template documents and forms; and

7.2.2.5 online educational tools.

7.2.3 WADA has also developed the Code Compliance Questionnaire and the Compliance Audit program, which are designed to help *Signatories* to identify Non-Conformities in their Anti-Doping Programs and to devise and implement plans to correct those Non-Conformities. WADA will provide various forms of support and assistance to *Signatories* in understanding the Code Compliance Questionnaire, its Compliance Audit program, and all other aspects of its compliance monitoring program, including information sessions; a dedicated section of its website where materials relevant to the

compliance monitoring program will be posted, including answers to Frequently Asked Questions; and any other support resources.

7.2.4 A *Signatory* may seek assistance from another *Signatory* to help it achieve full Code Compliance. *WADA* will seek to assist *Signatories* in setting up such partnerships, including providing further information and guidelines on partnership agreements on its website. A *Signatory* may also appoint a third party to carry out Anti-Doping Activities on its behalf. In accordance with Article 9.3.3.2, however, the *Signatory* shall always remain fully liable for any Non-Conformities arising as a result, and shall ensure that it is able to require the third party to cooperate in full with (and to enable it to cooperate in full with) all of *WADA*'s compliance monitoring efforts.

7.2.5 As set out in Article 9, when Non-Conformities are identified, whether in a completed Code Compliance Questionnaire or in a Compliance Audit or otherwise, the focus of *WADA Management* will be on assisting the *Signatory* in question through dialogue and support to achieve full Code Compliance. The *Signatory* will be given adequate opportunity to address and correct the Non-Conformities, including (if necessary) by *WADA* providing a Corrective Action Report that sets out which corrective actions are required, and specifies set timelines for their completion. The Corrective Action Report may also include recommendations as to best practice, and may refer where appropriate to resources and materials posted on *WADA*'s website that may assist the *Signatory* in responding to the report and strengthening its Anti-Doping Program. In addition, *WADA* will review any Corrective Action Plan provided by a *Signatory* and provide comments as necessary to ensure that it is fit for purpose.

8.0 Monitoring *Signatories*' Compliance Efforts

8.1 Objective

8.1.1 In accordance with its obligation under *Code* Article 20.7.2 to monitor Code Compliance by *Signatories*, *WADA* reviews *Signatories*' rules and regulations (and/or legislation, if that is how the *Code* has been implemented in a particular country) to ensure that they are compliant with the *Code* and the *International Standards*. It also assesses whether *Signatories* are implementing their rules, regulations and legislation through Anti-Doping Programs that meet all of the requirements of the *Code* and the *International Standards*. The purpose of this Section 8 of the International Standard for Code Compliance by Signatories is to set out the standards that will govern these monitoring activities. The objective will always be to make the process as efficient and cost-effective as possible.

8.2 Prioritization Between Different Signatories

8.2.1 The following parties are all *Signatories* to the *Code*:

8.2.1.1 the International Olympic Committee and the International Paralympic Committee;

- 8.2.1.2 other *Major Event Organizations*;
- 8.2.1.3 International Federations;
- 8.2.1.4 *National Olympic Committees* and National Paralympic Committees;
- 8.2.1.5 *National Anti-Doping Organizations*; and
- 8.2.1.6 various other organizations listed on WADA's website, including but not limited to associations of *National Olympic Committees*, associations of International Federations, organizations for athletes with an impairment, and national Commonwealth Games Associations.

8.2.2 Given the large number of *Signatories* and WADA's limited resources, the CRC may approve proposals by WADA Management to prioritize the monitoring for Code Compliance (a) of certain categories of *Signatories*, based on the scope of the Anti-Doping Activities required of such categories of *Signatories* under the *Code*; and/or (b) of certain specific *Signatories*, based on an objective risk assessment. The following is a non-exhaustive list of factors that may be considered in such assessment:

- 8.2.2.1 (where the *Signatory* is an International Federation) the physiological risk of doping in a particular sport/discipline;
- 8.2.2.2 (where the *Signatory* is an International Federation) participation of the *Signatory* in the Olympic and/or Paralympic Games;
- 8.2.2.3 performances by *Athletes* from a particular country in *International Events*;
- 8.2.2.4 a history of doping in a particular country or a particular sport/discipline;
- 8.2.2.5 a *Signatory's* response to a Mandatory Information Request or a Code Compliance Questionnaire;
- 8.2.2.6 receipt of credible intelligence or the results of an investigation suggesting there may be significant Non-Conformities in the *Signatory's* Anti-Doping Program;
- 8.2.2.7 a *Signatory's* breach of Critical or High Priority requirements under the *Code* or an *International Standard*;
- 8.2.2.8 a *Signatory's* failure to implement recommendations following collaboration programs in which WADA acted as a facilitator or a party;
- 8.2.2.9 a *Signatory's* failure to implement measures (e.g., target testing) following a recommendation made or endorsed by WADA

(e.g., in relation to testing in the lead-up to the Olympic Games or Paralympic Games or other *Event*);

8.2.2.10 (where the *Signatory* is a *NADO* or a *National Olympic Committee* acting as a *NADO*) the fact that the *Signatory's* country is bidding to host or has won the right to host a *WADA*-accredited laboratory or a major sporting event;

8.2.2.11 where a *Signatory* that has been found to be non-compliant is seeking to be Reinstated; and/or

a request by *WADA's* Executive Committee and/or the *WADA* Foundation Board.

8.2.3 *Code* Article 20 requires International Federations, *National Olympic Committees* and National Paralympic Committees to monitor and enforce *Code* compliance by their members/recognized bodies. Accordingly, *WADA* will not actively monitor *Code* compliance by those members/recognized bodies, but rather will expect the *Signatories* in question to do so. If in the course of its monitoring activities *WADA* obtains intelligence of apparent non-compliance with the *Code* by a member/recognized body of such *Signatory*, it will provide that intelligence to the *Signatory* for appropriate follow-up and action in accordance with its obligations under the *Code*.

8.2.4 In addition, again given the large number of *Signatories* and *WADA's* limited resources, the CRC may approve proposals by *WADA* Management to prioritize enforcement of Critical and (in certain circumstances) High Priority requirements of the *Code* and/or the *International Standards* (including, where necessary, by asserting non-compliance and proposing imposition of Signatory Consequences), while giving *Signatories* additional opportunity to take corrective action to ensure compliance with the remaining requirements. The greatest priority will be given to pursuing the imposition of appropriate Signatory Consequences in cases involving non-compliance with Critical requirements with Aggravating Factors.

8.2.5 *WADA* may also enlist the support of other bodies to assist it in its monitoring tasks.

8.2.6 For the avoidance of doubt, a *Signatory* shall remain required to comply in full at all times with its obligations under the *Code* and the *International Standards*, whether or not it is prioritized for monitoring by *WADA*.

8.3 Cooperation With Other Bodies

8.3.1 *WADA* may cooperate as appropriate with other relevant bodies in promoting full Code Compliance by *Signatories*, including (without limitation) with UNESCO in its efforts to promote governments' compliance with the *UNESCO Convention*, with the Council of Europe in its efforts to promote governments' compliance with its Anti-Doping Convention, and/or with any other intergovernmental organization or initiative. The purpose of

such cooperation will be to facilitate and maximize the efficacy of WADA's own efforts in monitoring Code Compliance by *Signatories*.

8.3.2 Such cooperation may include (without limitation) co-ordinating with the other body's compliance monitoring activities in relation to a specific country (e.g., joint site visits, co-ordinated questionnaires), exchange of relevant information that may be of assistance in such activities, and co-ordinating actions aimed at assisting and encouraging compliance by relevant parties.

8.4 WADA's Monitoring Tools

8.4.1 WADA may make use of all proper and legal means at its disposal to monitor Code Compliance by *Signatories*, including (without limitation):

8.4.1.1 requiring each *Signatory*, in accordance with *Code* Article 23.5.2, to complete and submit Code Compliance Questionnaires and/or other reports on its Code Compliance within reasonable and clearly communicated timelines. Such reports shall provide all information requested by WADA accurately and completely, explain the reasons for any Non-Conformities identified, and describe the efforts the *Signatory* has made and/or proposes to make to correct such Non-Conformities;

8.4.1.2 conducting Compliance Audits of *Signatories'* ongoing Anti-Doping Programs, in accordance with Article 8.7, in order to assess their Code Compliance, to identify and categorize Non-Conformities, and to identify corrective actions required to correct the Non-Conformities and so achieve full Code Compliance;

8.4.1.3 conducting effective *Independent Observer Programs* (a) at the Olympic Games and at the Paralympic Games, and (b) (at the cost of the *Event* organizer) at other selected *Events*;

8.4.1.4 reviewing the adequacy of *Signatories'* responses to recommendations made or endorsed by WADA to implement target testing and/or other measures in the lead-up to the Olympic Games or Paralympic Games or other *Event*;

8.4.1.5 reviewing the following key documents:

(a) *Signatories'* rules and regulations (and/or relevant legislation, if that is how the *Code* has been implemented in a particular country);

(b) *Signatories'* risk assessments and test distribution plans provided in accordance with *Code* Article 5.4.2;

(c) *Signatories'* annual statistical reports of their respective *Doping Control* activities provided in accordance with *Code* Article 14.4;

(d) *Doping Control* forms, *TUE* decisions, and other data filed in *ADAMS* (including assessing compliance with requirements to file such information in *ADAMS* within specified timeframes, and reviewing *TUE* decisions for compliance with the International Standard for Therapeutic Use Exemptions);

(e) reports compiled by other relevant bodies (e.g., reports from country visits conducted by the Monitoring Group of the Anti-Doping Convention of the Council of Europe); and

(f) any other documents or data requested by *WADA* Management from the *Signatory*;

8.4.1.6 reviewing results management decisions made by *Signatories* and communicated to *WADA* in accordance with *Code* Articles 7.10 and 14.1.4 and under Article 12.4.3 of the International Standard for Testing and Investigations, including decisions by *Signatories*:

(a) not to bring an *Atypical Finding* forward as an *Adverse Analytical Finding*;

(b) not to bring an *Adverse Analytical Finding* or an *Adverse Passport Finding* forward as an anti-doping rule violation;

(c) not to bring whereabouts failures or other apparent violations forward as anti-doping rule violations;

(d) to withdraw the assertion of an anti-doping rule violation; and

(e) to agree on the outcome of proceedings asserting an anti-doping rule violation without first holding a hearing;

provided that, save in exceptional cases, *WADA* will not assert that a *Signatory* is non-compliant based solely on a single non-compliant results management decision. Instead, *WADA* will (1) notify the *Signatory* within a reasonable period following receipt of the decisions of results management decisions that *WADA* considers to be non-compliant; and (2) only take further action against the *Signatory* for non-compliance if, notwithstanding such notification, a material number of results management decisions issued by that *Signatory* continue to be non-compliant;

8.4.1.7 assessing and processing intelligence about potential Non-Conformities obtained from reliable sources (including but not limited to *WADA*'s Intelligence and Investigations Department, *Signatories* and other stakeholders, *WADA*-accredited laboratories and other laboratories approved by *WADA*, Sample Collection

Authorities and/or Sample Collection Personnel, law enforcement and other relevant authorities, including other regulatory and/or disciplinary bodies, *Athletes* and other *Persons*, whistleblowers, the media, and members of the public);

8.4.1.8 using the powers given to *WADA* under *Code* Article 10.6.1 to encourage *Athletes* and other *Persons* to provide information in relation to non-compliance by *Signatories*;

8.4.1.9 asking *WADA*'s Intelligence and Investigations Department to follow up on intelligence regarding, and/or to investigate potential instances of, non-compliance by *Signatories*; and

8.4.1.10 using any other relevant and reliable information or data available to it.

8.4.2 Where a *Signatory* is required to provide compliance information to *WADA* (e.g., in response to a Code Compliance Questionnaire or a Mandatory Information Request) that is the *Signatory*'s proprietary and confidential information, *WADA* will treat that information confidentially, and will use it only to monitor Code Compliance and not for any other purpose.

8.5 Code Compliance Questionnaires

8.5.1 *Code* Article 23.5.2 requires *Signatories* to report to *WADA* on their Code compliance when requested by *WADA*'s Executive Committee.

8.5.2 As and when determined by *WADA*'s Executive Committee on the recommendation of the CRC (which will not be more than once every three years, unless exceptional circumstances arise), *WADA* will send Code Compliance Questionnaires to *Signatories* to enable them to self-assess and self-report on their Code Compliance and any potential Non-Conformities. The Code Compliance Questionnaire may require the *Signatory* to provide documentation to support and supplement its responses to the questions in the Code Compliance Questionnaire.

8.5.3 *WADA* will specify a reasonable deadline for return of the completed Code Compliance Questionnaire, including any accompanying documentation. It will send reminders to *Signatories* as the deadline approaches.

8.5.3.1 Where the *Signatory* is a *Major Event Organization*, *WADA* may ask it to complete and submit a Code Compliance Questionnaire in advance of the *Event*, describing the Anti-Doping Program it proposes to put in place for the *Event*, so that any Non-Conformities can be identified and corrected in advance.

8.5.4 Further to *Code* Article 23.5.3, a failure by a *Signatory* to return an accurate and complete Code Compliance Questionnaire to *WADA* by the specified deadline is itself a failure to comply with *Code* Article 23.5.2 that will trigger the process outlined in Article 9.2.6.

8.5.5 , WADA will review the information provided in a completed Code Compliance Questionnaire to assess the *Signatory's* degree of Code Compliance. WADA shall seek to verify a *Signatory's* responses to specific questions in the Code Compliance Questionnaire by reference to information obtained from other, reliable sources, such as data filed in ADAMS, and independent investigation reports. WADA will discuss any apparent discrepancies between the *Signatory's* responses and such data with the *Signatory* prior to drawing any conclusions.

8.5.6 Where WADA determines that the Code Compliance Questionnaire does not reveal any Non-Conformities, the *Signatory* will be duly notified in writing.

8.5.7 If in fact there are (and were at the time) Non-Conformities that WADA was not able to identify in its review of the *Signatory's* completed Code Compliance Questionnaire, WADA's original conclusion shall not constrain in any way its ability to take the steps specified in this International Standard for Code Compliance by Signatories to have the Non-Conformities corrected by the *Signatory*.

8.5.8 Where WADA identifies Non-Conformities based on the *Signatory's* completed Code Compliance Questionnaire, it will issue a Corrective Action Report in accordance with Article 9.2 that identifies the Non-Conformities and categorizes them as Critical, High Priority, or Other. The *Signatory* must complete the corrective actions within the set timelines specified in the Corrective Action Report.

8.6 Mandatory Information Requests

8.6.1 Independently of any other monitoring activity, where WADA receives information indicating that a *Signatory* may not be complying with Critical or High Priority requirements, WADA Management may send the *Signatory* a Mandatory Information Request requiring it to provide information that enables WADA to confirm the actual position. WADA shall only request information that is necessary for WADA to assess the *Signatory's* Code Compliance effectively, and that is not already available to WADA through other sources (such as ADAMS). The request will explain why WADA Management is asking for the information and will specify the deadline for the *Signatory* to provide it (which deadline shall be fifteen business days for urgent matters, and longer for matters that are less urgent).

8.6.2 WADA Management will assign a WADA Auditor to review the response received from the *Signatory* and to provide an assessment and recommendation, including (where appropriate) a recommendation to issue a Corrective Action Report in accordance with Article 9.2, which the *Signatory* must address within the period specified in the Corrective Action Report.

8.6.3 If the *Signatory* fails to provide the required response to a Mandatory Information Request by the specified deadline, Article 9.2.6 will apply.

8.7 The Compliance Audit Program

8.7.1 WADA Management will decide (subject to CRC oversight) which *Signatories* shall undergo a Compliance Audit. Factors that may trigger a Compliance Audit shall include (without limitation) the factors listed at Article 8.2.2. *Signatories* may also be selected for a Compliance Audit based on any other relevant reason or credible intelligence collected or received by WADA.

8.7.2 The Compliance Audit will be conducted by WADA Auditors. The Compliance Audit may be conducted in person (i.e., where the audit team visits the *Signatory* and conducts the assessment of the *Signatory's* Anti-Doping Program in the presence of relevant members of the *Signatory's* team) or via an exchange of written information initiated by a request from WADA, such as a Mandatory Information Request.

8.7.3 In each case, the *Signatory* shall cooperate with WADA and the WADA audit team in all aspects of the Compliance Audit. Any lack of cooperation may be referred by WADA Management to the CRC for consideration as a potential Non-Conformity.

8.7.4 Arranging an in-person Compliance Audit:

8.7.4.1 WADA will send the *Signatory* a notice of its selection for a Compliance Audit, the names of the lead auditor and the other members of the audit team, and the dates on which the audit team proposes to visit the *Signatory's* offices to conduct the audit. The dates identified should give the *Signatory* at least one month to prepare for the audit visit (which is usually 2-3 days in duration).

8.7.4.2 The *Signatory* has twenty-one days to respond to the notice with confirmation that the dates proposed for the audit are convenient, or explaining why those dates are not convenient and proposing alternative dates that are as close as possible to the dates proposed by WADA. The *Signatory* cannot refuse to be audited, and if it does not cooperate in finding appropriate dates then ultimately WADA may specify the dates on which the audit visit will take place.

8.7.4.3 Once the dates are confirmed, WADA will send the *Signatory* an audit plan providing guidance on the scope of the audit to be conducted and on how to prepare for the audit visit.

8.7.4.4 At least ten business days prior to the audit visit, the lead auditor should communicate directly (e.g., by teleconference call or by in-person meeting) with the *Signatory's* main contact for compliance matters, in order to confirm all necessary arrangements, answer any questions on the audit, and discuss how information should be prepared and presented by the *Signatory* to the audit team.

8.7.5 In all cases, the *Signatory* shall facilitate the visit of the WADA audit team, including arranging for appropriate staff to be present during the audit

visit, and providing the necessary meeting and related office facilities for the WADA audit team to carry out their audit.

8.7.6 At the opening meeting of the audit, the audit team will explain the approach it will take for the Compliance Audit, confirm the scope of the audit, and what it expects from the *Signatory* in terms of cooperation and support for the audit. It will give the *Signatory* the opportunity to ask any questions the *Signatory* may have in relation to the audit.

8.7.7 During the Compliance Audit, the audit team will assess the *Signatory's* Anti-Doping Program using information held on file from different sources, including the *Signatory's* completed Code Compliance Questionnaire, data filed in ADAMS, independent investigation reports, intelligence collected or received, media reports that WADA considers reliable, and any other reliable information available to it. The audit team will seek out representative examples and evidence of the work conducted by the *Signatory* as part of its Anti-Doping Program, noting any discrepancies between such examples and evidence and the information that the *Signatory* has provided (e.g., in its Code Compliance Questionnaire). The *Signatory* shall cooperate in providing the audit team with full access to all information, procedures and systems required to complete the Compliance Audit.

8.7.8 At the closing meeting, the audit team will verbally present its preliminary findings to the *Signatory*, including identifying any apparent Non-Conformities (focusing on apparent Non-Conformities with Critical and High Priority requirements). The *Signatory* will be given an opportunity to note any disagreement with the audit team's preliminary findings during the closing meeting. The audit team will also outline the likely follow-up process and timeframes in terms of corrective actions, so that the *Signatory* may start addressing the findings immediately, i.e., without waiting for the Corrective Action Report. Following completion of the audit, the lead auditor will present the audit findings in a draft Corrective Action Report to WADA Management. As soon as practicable thereafter, a final Corrective Action Report will be issued to the *Signatory* in accordance with Article 9.2.

8.7.9 WADA will pay the costs of the Compliance Audit in the first instance, subject to potential reimbursement by the *Signatory* in accordance with Article 12.2.1.4.

8.7.10 WADA may publish on its website a list of *Signatories* that have undergone a Compliance Audit. Once an audit is complete, and the *Signatory* in question has received the final Corrective Action Report, WADA may publish a summary of the audit outcomes.

9.0 Giving *Signatories* the Opportunity to Correct Non-Conformities

9.1 Objective

9.1.1 When Non-Conformities are identified (by whatever means), the objective will be to assist the *Signatory* in question through dialogue and support to correct the Non-Conformities and so achieve and maintain full Code Compliance.

9.1.2 This Section 9 of the International Standard for Code Compliance by Signatories sets out the procedures that WADA will follow in giving the *Signatory* adequate opportunity to address and correct the Non-Conformities identified. Those procedures are presented in flow-chart format at Figures One and Two (in Article 6.3, above).

9.2 Corrective Action Reports and Corrective Action Plans

9.2.1 Where the *Signatory's* rules or regulations (or applicable legislation, where that is the means that has been used to implement the *Code*) are not compliant with the *Code*, WADA Management will give the *Signatory* written notice of the Non-Conformities and a three-month deadline to correct them (or to provide draft corrections and a confirmed calendar for their adoption).

9.2.2 Where WADA identifies Non-Conformities in any other aspects of a *Signatory's Anti-Doping Program* (whether as a result of a Code Compliance Questionnaire or a Compliance Audit, or as a result of information provided in response to a Mandatory Information Request, or otherwise), WADA Management will send the *Signatory* a Corrective Action Report that:

9.2.2.1 identifies Non-Conformities with requirements that are considered to be Critical, which the *Signatory* must correct within a timeframe specified by WADA of no more than three months; and/or

9.2.2.2 identifies Non-Conformities with requirements that are considered to be High Priority, which the *Signatory* must correct within a timeframe specified by WADA of no more than six months; and/or

9.2.2.3 identifies Non-Conformities with Other requirements, which the *Signatory* must correct within a timeframe specified by WADA of no more than nine months;

save that if the *Signatory* is a *Major Event Organization*, then the above timeframes will not apply. Instead the matter will be addressed in accordance with the fast track procedures set out at Article 9.4.

9.2.3 Having sent the Corrective Action Report, WADA Management will establish a dialogue with the *Signatory* (or ask the relevant WADA Regional Office to do so) to ensure that the *Signatory* has received the Corrective

Action Report, and that the *Signatory* understands what it needs to do next in terms of planning and implementing the necessary corrective actions.

9.2.4 The Corrective Action Report will include within it a Corrective Action Plan section to assist the *Signatory* in planning who within its organization will implement each of the corrective actions, how, and by when. It is not mandatory for the *Signatory* to provide a Corrective Action Plan to WADA but it is highly recommended. If the *Signatory* provides a Corrective Action Plan to WADA, WADA will review that plan to confirm it is fit for purpose, and if not then will assist the *Signatory* to make it fit for purpose.

9.2.5 WADA Management will monitor the *Signatory's* progress (including against the Corrective Action Plan, if one has been provided) in correcting the Non-Conformities identified in the Corrective Action Report.

9.2.6 If a *Signatory* does not correct all Non-Conformities satisfactorily by the timeframe(s) set in the Corrective Action Report, or if a *Signatory* fails to provide the required response to a Code Compliance Questionnaire or a Mandatory Information Request by the specified timeframe, WADA Management will give the *Signatory* written notice of that failure and a deadline (of up to three months, as WADA sees fit) to correct it. That further deadline will not be extended again, save in exceptional cases, where the *Signatory* establishes that an *Event of Force Majeure* will make it impossible to correct the position by that deadline.

9.3 Referral to the CRC

9.3.1 If a *Signatory* (a) disputes that there is any Non-Conformity; or (b) does not correct a Non-Conformity to the satisfaction of WADA Management by the deadline set in accordance with Article 9.2.6, or (c) does not provide the required response to a Mandatory Information Request or Code Compliance Questionnaire by the deadline set in accordance with Article 9.2.6, WADA Management will refer the matter promptly to the CRC for consideration in accordance with this Article 9.3.

9.3.2 WADA Management will advise the *Signatory* of the decision to refer the matter to the CRC, and that the *Signatory* may submit (via WADA Management) any explanations or other comments that the *Signatory* wishes the CRC to consider. WADA Management will communicate promptly to the CRC any explanation or comments received from the *Signatory*, and the CRC shall place such weight on those explanations and/or comments as it sees fit.

9.3.3 In all cases, the CRC shall review and determine for itself whether the Non-Conformities in question are in respect of requirements that are Critical, High Priority, or Other. It shall also consider fully and fairly any explanations or comments received from the *Signatory* in respect of those Non-Conformities. In particular, any Event of Force Majeure that may explain the *Signatory's* Non-Conformities or inability to correct them as required by the Corrective Action Report shall be fully and fairly considered. In extraordinary situations, the CRC may recommend to WADA's Executive

Committee that the Non-Conformities should be provisionally excused while the Event of Force Majeure continues to prevent the *Signatory's* correction of the Non-Conformities. In no circumstances, however, shall it be an acceptable excuse, or a mitigating factor:

9.3.3.1 that the *Signatory's* failure to comply with its obligations under the *Code* and/or the *International Standards* has been caused by interference by, and/or a failure to provide support or other act or omission by, any governmental or other public authorities. Each *Signatory* has voluntarily accepted the obligation to comply with its obligations under the *Code* and the *International Standards*, which includes an obligation under *Code* Article 23.3 to devote sufficient resources, and, where applicable, an obligation to secure the support of governmental and other public authorities required to achieve and maintain Code compliance; or

9.3.3.2 that the *Signatory* assigned the task of complying with some or all of its obligations under the *Code* and/or the *International Standards* to a third party (such as a Sample Collection Authority to whom the *Signatory* has assigned the task of collecting *Samples*; or a local organising committee to which a *Major Event Organization* has assigned the task of running its Anti-Doping Program at the *Event* in question).

[Comment to Article 9.3.3.2: As CAS ruled in RPC v IPC, CAS 2016/A/4745, (a) a body with an obligation to enforce the Code within its sphere of authority remains fully liable for any violations even if they are due to the actions of other bodies that it relies on but that are beyond its control; and (b) just as an athlete cannot escape the consequences of an anti-doping rule violation by delegating his or her responsibility to comply with his or her anti-doping obligations to others, so too a Signatory has an absolute obligation to comply with the requirements of the Code and the International Standards. The Signatory has the right to decide how to meet that obligation, including the right to assign certain tasks to appropriate third parties, should it see fit, but it remains fully responsible for complying with the Code and the International Standards, and is fully liable for any non-compliance caused by any failures of such third party.]

9.3.4 Where the CRC considers that the *Signatory* has failed without valid reason to correct the Non-Conformity/ies in question within the specified timeframe, or to respond to a Mandatory Information Request or Code Compliance Questionnaire satisfactorily by the specified deadline, the CRC will recommend to *WADA's* Executive Committee that the *Signatory* be sent a formal notice asserting that it is non-compliant with the requirements of the *Code* and/or the *International Standards*, categorizing the requirements in question as Critical, High Priority, or Other, identifying any Aggravating Factors asserted by *WADA*, specifying the Signatory Consequences that *WADA* considers appropriate for such non-compliance (as recommended by the CRC, in accordance with Article 11), and specifying the conditions that *WADA* considers the *Signatory* should have to satisfy in order to be Reinstated (as recommended by the CRC, in accordance with Article 12).

9.3.5 Alternatively, if the *Signatory* has provided a Corrective Action Plan that explains to the satisfaction of the CRC how the *Signatory* will correct the Non-Conformities within no more than four months (or such earlier deadline as may be specified by the CRC), then the CRC may recommend to WADA's Executive Committee that it decide that (a) the formal notice described in Article 9.3.4 will be sent to the *Signatory* upon expiry of that deadline if the Non-Conformities have not been corrected by then, without the need for further decision by WADA's Executive Committee; and (b) if the CRC considers that the *Signatory* has corrected the Non-Conformities in full by the specified deadline, the notice will not be sent to the *Signatory* and no further action will be taken by WADA in respect of such Non-Conformities. In the latter case, the *Signatory's* Anti-Doping Program may be proactively monitored moving forward to confirm its continuing Code Compliance.

9.4 Fast Track Procedure

9.4.1 This Article 9.4 applies to the following cases:

9.4.1.1 A case where (a) there is Non-Conformity by a *Signatory* with one or more Critical requirements of the *Code* and/or the *International Standards*; and (b) urgent intervention is required in order to protect the rights of clean athletes and/or to maintain confidence in the integrity of a sport and/or of a particular *Event* or *Events*.

9.4.1.2 A case that involves Non-Conformity by a *Major Event Organization* with the requirements of the *Code* and/or the *International Standards* (because the scheduling of different editions of the *Event* means that the standard corrective procedures set out in Articles 9.1 to 9.3 are not appropriate in such a case).

9.4.2 If a case arises that falls within Article 9.4.1, WADA Management may refer it to the CRC for urgent consideration without following any or all of the steps set out in the preceding Articles of this International Standard for Code Compliance by Signatories.

9.4.3 In such cases, WADA Management shall give the *Signatory* an opportunity to explain the apparent Non-Conformities within a specified deadline, and shall communicate any explanation provided by the *Signatory* within that deadline to the CRC.

9.4.4 When WADA Management refers a case to the CRC in accordance with this Article 9.4:

9.4.4.1 The CRC will convene (in person or otherwise) as soon as possible to consider the matter. It will consider WADA Management's assessment, and any explanation or comments provided by the *Signatory* in accordance with Article 9.4.2.

9.4.4.2 Following such review, if the CRC considers that a fast track procedure is not required, it may recommend:

- (a) that no further action be taken;
- (b) that the *Signatory* undergo a Compliance Audit (and/or, where the *Signatory* is a *Major Event Organization* and its *Event* is imminent, that a mission in the framework of the *Independent Observer Program* be conducted at the *Event*); and/or
- (c) that a Corrective Action Report be issued to the *Signatory*, requesting the *Signatory* to develop and implement a Corrective Action Plan, to be followed up in accordance with the normal procedures set out in this Article 9 (or, in the case of a *Major Event Organization*, to be followed up in accordance with fast track procedures that ensure the Non-Conformities are corrected well in advance of the next edition of the *Event* in question).

9.4.4.3 If, however, the CRC considers that a fast track procedure is required, the CRC may recommend to WADA's Executive Committee that the *Signatory* be sent a formal notice asserting that it is non-compliant with the requirements of the *Code* and/or the *International Standards*, categorizing the requirements in question as Critical, High Priority, or Other, identifying any Aggravating Factors asserted by WADA, specifying the Signatory Consequences that WADA considers appropriate for such non-compliance (in accordance with Article 11) (including any such consequences that the CRC considers should be imposed urgently to protect the rights of clean athletes and/or to maintain confidence in the integrity of a sport and/or of a particular *Event* or *Events*), and specifying the conditions that WADA considers the *Signatory* should have to satisfy in order to be Reinstated (in accordance with Article 12). If WADA's Executive Committee accepts that recommendation (by vote taken at an in-person meeting or, if necessary to avoid delay, by circular email communication), that formal notice shall be sent to the *Signatory* in accordance with Article 10.2.2, and at the same time or at any time thereafter WADA may refer the case to the CAS Ordinary Arbitration Division and may apply to the CAS Ordinary Arbitration Division for appropriate interim relief, in accordance with Article 10.4.3.

10.0 Confirming Non-Compliance and Imposing Signatory Consequences

10.1 CRC Recommendation

10.1.1 Articles 9.3 and 9.4 identify the circumstances in which the CRC may recommend that the *Signatory* be sent a formal notice asserting that it is not compliant with the requirements of the *Code* and/or the *International Standards*, categorizing the requirements in question as Critical, High

Priority, or Other, identifying any Aggravating Factors alleged by *WADA* (in cases involving non-compliance with Critical requirements), specifying the Signatory Consequences that *WADA* considers appropriate for such non-compliance (in accordance with Article 11), and specifying the conditions that the CRC considers the *Signatory* should have to satisfy in order to be Reinstated (in accordance with Article 12).

10.2 Consideration by *WADA* Executive Committee

10.2.1 At its next meeting in person, or else (if the CRC so recommends) by circular email communication, *WADA*'s Executive Committee will decide whether to accept the CRC's recommendation. The CRC's recommendation and the decision of *WADA*'s Executive Committee in respect of that recommendation shall be made public (e.g., by publication of the minutes of *WADA*'s Executive Committee's deliberations on the matter) no more than fourteen days after *WADA*'s Executive Committee's decision is made.

10.2.2 If *WADA*'s Executive Committee does not accept all or any part of the CRC's recommendation, it shall not substitute its own decision but instead shall remit the matter back to the CRC for further consideration and (if the CRC considers it appropriate) a revised recommendation.

10.2.3 Where *WADA*'s Executive Committee decides to accept the CRC's recommendation to issue a formal notice of non-compliance to a *Signatory* (whether immediately, or automatically upon expiry of the deadline specified in accordance with Article 9.3.4.1, if the CRC concludes that the Non-Conformities have still not been corrected by then), *WADA* shall issue such formal notice to the *Signatory*, setting out the matters referenced at Article 10.1.1.

10.2.4 Where the Signatory Consequences specified in the formal notice may have an effect in relation to the Olympic Games or Paralympic Games, e.g., by affecting eligibility to attend/participate in the Olympic Games or Paralympic Games, *WADA* shall copy the notice formally to the International Olympic Committee and/or the International Paralympic Committee (as applicable). The formal notice sent to the *Signatory* (or a summary thereof) shall also be publicly reported on *WADA*'s website and sent to *WADA*'s stakeholders once that notice has been received by the *Signatory*. To assist in the publicising of the notice, the International Olympic Committee and the International Paralympic Committee shall also publicly report the notice on their own respective websites.

10.3 Acceptance by the *Signatory*

10.3.1 The *Signatory* will have twenty-one days from the date of receipt of the formal notice to dispute *WADA*'s assertion of non-compliance and/or the Signatory Consequences and/or the Reinstatement conditions proposed by *WADA* in the notice. Further to Article 23.5.5 of the *Code*, if the *Signatory* does not communicate such dispute in writing to *WADA* within twenty-one days (or such extended deadline as *WADA* may in its absolute discretion agree), the assertion will be deemed admitted, the Signatory Consequences

and/or the Reinstatement conditions proposed by WADA in the notice will be deemed accepted, and the notice will automatically become a final decision enforceable with immediate effect in accordance with Article 23.5.7 of the *Code*. This outcome will be publicly reported by WADA.

10.4 Determination by CAS

10.4.1 If the *Signatory* wishes to dispute the asserted non-compliance and/or the proposed Signatory Consequences and/or the proposed Reinstatement conditions, then (in accordance with Article 23.5.6 of the *Code*) the *Signatory* must file a formal notice of dispute with CAS (with a copy to WADA) within twenty-one days of its receipt of the notice from WADA. The dispute will be resolved by the CAS Ordinary Arbitration Division in accordance with the CAS Code of Sports-related Arbitration and Mediation Rules and this International Standard for Code Compliance by Signatories (and in the case of conflict between them, the latter shall prevail). Swiss law will govern the proceedings. The seat of the arbitration, and the venue of any hearings, shall be Lausanne, Switzerland. Unless the parties agree otherwise, the proceedings will be conducted in English. WADA and the *Signatory* shall each nominate an arbitrator to sit on the CAS Panel that hears and determines the dispute, preferably from the list of arbitrators specifically designated by CAS for cases arising under Articles 23.5 of the *Code*, and those two arbitrators shall together choose the chair of the Panel from that list. Third parties may intervene or apply to intervene (as applicable) as set out in *Code* Article 23.5.7. Cases shall be completed expeditiously and (save in exceptional circumstances) the reasoned decision shall be issued no later than three months after the date of appointment of the CAS Panel. That decision shall be publicly reported by CAS and the parties.

10.4.2 If the *Signatory* has disputed WADA's allegation that the *Signatory* is not compliant with the *Code* and/or the *International Standards*, WADA shall have the burden of proving, on the balance of probabilities, that the *Signatory* is non-compliant as alleged. If the CAS Panel decides that WADA has met that burden, and if the *Signatory* has also disputed the Signatory Consequences and/or the Reinstatement conditions specified by WADA, the CAS Panel will also consider, by reference to the provisions of Article 11, what Signatory Consequences should be imposed and/or, by reference to the provisions of Article 12, what conditions the *Signatory* should be required to satisfy in order to be Reinstated.

10.4.3 No Signatory Consequences will come into effect unless and until CAS so orders. In urgent cases, however, WADA may ask CAS to issue interim measures on a provisional basis, where necessary (for example) to preserve the integrity of an *Event*. In such cases, if the provisional interim measures are granted, the *Signatory* shall have no right of appeal against those provisional interim measures but instead shall have the right to an expedited hearing on the merits of the case; and if the provisional interim measures are not granted, then CAS may issue directions for an expedited hearing on the merits of the case.

10.5 Recognition and Enforcement by Other *Signatories*

10.5.1 Once a decision as to a *Signatory's* non-compliance is final (either because the *Signatory* did not dispute the contents of *WADA's* formal notice sent in accordance with Article 10.2, or because the *Signatory* did dispute it but *CAS* ruled against the *Signatory*), in accordance with *Code* Article 23.5.9 that decision shall be applicable worldwide and shall be recognized, respected and given effect by all other *Signatories* in accordance with their authority and within their respective spheres of responsibility.

10.6 Disputes about Reinstatement

10.6.1 If a *Signatory* wishes to dispute *WADA's* assertion that the *Signatory* has not yet met Reinstatement conditions imposed on it and therefore is not yet entitled to be Reinstated, the *Signatory* must file a formal notice of dispute with *CAS* (with a copy to *WADA*) within twenty-one days of its receipt of the assertion from *WADA* (see *Code* Article 23.5.10). The dispute will be resolved by the *CAS* Ordinary Arbitration Division in accordance with Articles 23.5.6 to 23.5.9 of the *Code* and this Article 10.

10.6.2 It will be *WADA's* burden to prove on the balance of probabilities that the *Signatory* has not yet met the Reinstatement conditions imposed on it and therefore is not yet entitled to be Reinstated. If the case was previously considered by a *CAS* Panel further to Article 23.5.6 of the *Code*, the same *CAS* Panel shall be constituted to hear and determine this new dispute.

11.0 Determining Signatory Consequences

11.1 Potential Consequences for Non-Compliance with the Code

11.1.1 The following is a range of Signatory Consequences that may be imposed, individually or cumulatively, on a *Signatory* that has failed to comply with the *Code* and/or the *International Standards*, based on application of the principles set out in Article 11.2 to the particular facts and circumstances of the case at hand:

11.1.1.1 the following consequences (referred to collectively as WADA Privileges):

(a) in accordance with the relevant provisions of *WADA's* Statutes, the *Signatory's* Representatives being ruled ineligible for a specified period to hold any *WADA* office or any position as a member of any *WADA* board or committee or other body (including but not limited to membership of *WADA's* Foundation Board, the Executive Committee, any Standing Committee, and any other committee) (although *WADA* may exceptionally permit Representatives of the *Signatory* to remain as members of *WADA* expert groups where there is no effective substitute available);

- (b) the *Signatory* being ruled ineligible to host any event hosted or organized or co-hosted or co-organized by *WADA*;
- (c) the *Signatory's Representatives* being ruled ineligible to participate in any *WADA Independent Observer Program* or *WADA Outreach program* or other *WADA activities*; and
- (d) withdrawal of *WADA* funding to the *Signatory* (whether direct or indirect) relating to the development of specific activities or participation in specific programs;

11.1.1.2 the *Signatory's Representatives* being ruled ineligible for a specified period to hold any office of or position as a member of the board or committees or other bodies of any other *Signatory* (or its members) or association of *Signatories*;

11.1.1.3 Special Monitoring of some or all of the *Signatory's Anti-Doping Activities*, until *WADA* considers that the *Signatory* is in a position to implement such Anti-Doping Activities itself in a compliant manner without such monitoring.

11.1.1.4 Supervision and/or Takeover of some or all of the *Signatory's Anti-Doping Activities* by an Approved Third Party, until *WADA* considers that the *Signatory* is in a position to implement such Anti-Doping Activities itself in a compliant manner without such measures. If the non-compliance involves non-compliant rules, regulations and/or legislation, then the Anti-Doping Activities in issue shall be conducted under other applicable rules (of one or more other *Anti-Doping Organizations*, e.g., International Federations or *National Anti-Doping Organizations*, or the rules of *Regional Anti-Doping Organizations*) that are compliant, as directed by *WADA*. In that case, while the Anti-Doping Activities (including any *Testing* and results management) will be administered by the Approved Third Party under and in accordance with those other applicable rules at the cost of the non-compliant *Signatory*, any costs incurred by the *Anti-Doping Organizations* as a result of the use of their rules in this manner shall be reimbursed by the non-compliant *Signatory*;

- (a) If it is not possible to fill the gap in Anti-Doping Activities in this way (for example, because national legislation prohibits it, and the *National Anti-Doping Organization* has not secured an amendment to that legislation or other solution to permit application of Article 11.1.1.4), then it may be necessary as an alternative measure to exclude *Athletes* who would have been covered by the *Signatory's Anti-Doping Activities* from participating in the Olympic Games/Paralympic Games/other *Events*, in accordance with Article 11.1.1.10, in order to preserve public confidence in the integrity of competition at those events.

11.1.1.5 (where the *Signatory* is a *National Anti-Doping Organization* or a *National Olympic Committee* acting as a *National Anti-Doping Organization*) the *Signatory's* country being ruled ineligible to host or co-host one or more Olympic Games and/or Paralympic Games and/or to be awarded the right to host or co-host World Championships and/or other *International Events*;

(a) If the right to host or co-host World Championships and/or other *International Events* has already been awarded to the country in question, the *Signatory* that awarded that right must assess whether it is legally and practically possible to withdraw that right and re-assign the event to another country. If it is legally and practically possible to do so, then the *Signatory* shall do so.

(b) *Signatories* shall ensure that they have due authority under their statutes, rules and regulations, and hosting agreements, to comply with this requirement (including a right in any *Event* hosting agreement to cancel the agreement without penalty where the relevant country has been ruled ineligible in accordance with this Article 11 to host the *Event*).

11.1.1.6 (in cases involving not only non-compliance with Critical requirements but also Aggravating Factors) imposition of a fine in an amount sufficient to punish the *Signatory* involved and to deter similar conduct in future by any *Signatory* (with the fine amount once paid to be applied by WADA to finance further Code Compliance monitoring activities);

11.1.1.7 loss of eligibility to receive funding and other benefits from the International Olympic Committee or the International Paralympic Committee or any other *Signatory* for a specified period (with no right to receive such funding and/or other benefits for that period retrospectively following Reinstatement);

11.1.1.8 a recommendation to the relevant public authorities to withhold some or all public and/or other funding and/or other benefits from the *Signatory* for a specified period;

[Comment to Article 11.1.1.8: Public authorities are not signatories to the Code. In accordance with Article 11(c) of the UNESCO Convention, however, State Parties shall, where appropriate, withhold some or all financial or other sport-related support from any sports organization or anti-doping organization that is not in compliance with the Code.]

11.1.1.9 withdrawal of recognition as a member of the Olympic Movement and/or the Paralympic Movement;

11.1.1.10 (where the *Signatory* is a *National Anti-Doping Organization* or a *National Olympic Committee* or a *National*

Paralympic Committee) the following *Persons* being excluded from participation in or attendance at the Olympic Games and the Paralympic Games and/or other specified *Events* for a specified period: the *National Olympic Committee* and/or *National Paralympic Committee* of the *Signatory's* country, and the Representatives of and/or the *Athletes* and *Athlete Support Personnel* affiliated to that country and/or *National Olympic Committee* and/or *National Paralympic Committee* and/or National Federation of that country;

11.1.1.11 (where the *Signatory* is an International Federation) the following *Persons* being excluded from participation in or attendance at the Olympic Games and the Paralympic Games and/or other specified *Events* for a specified period: the Representatives of that International Federation and/or the *Athletes* and *Athlete Support Personnel* participating in the International Federation's sport (or in one or more disciplines of that sport); and

11.1.1.12 (where the *Signatory* is a *Major Event Organization*):

(a) Special Monitoring or Supervision of the *Major Event Organization's Anti-Doping Program* at the next edition(s) of its *Event*, such as through a mission conducted as part of an *Independent Observer Program*; and/or

(b) loss of eligibility to receive funding and other benefits from and/or the patronage of the International Olympic Committee, the Paralympic Committee, the Association of National Olympic Committees, or other patron body; and/or

(c) loss of recognition of its *Event* as a qualifying event for the Olympic Games or the Paralympic Games.

11.2 Principles Relevant to the Determination of the Signatory Consequences to be Applied in a Particular Case

11.2.1 The Signatory Consequences applied in a particular case shall reflect the nature and seriousness of the non-compliance in that case, taking into account both the degree of fault of the *Signatory* and the potential impact of its non-compliance on clean sport. As a guide to assessing the potential impact of a *Signatory's* non-compliance on clean sport, the different requirements of the *Code* and *International Standards* shall be categorized (in descending order of gravity) as Critical, High Priority, or Other, as described further in Annex A. Where the case involves more than one category of non-compliance, the Signatory Consequences imposed shall be based on the gravest category of non-compliance. In terms of the degree of fault of the *Signatory*, the obligation to comply is absolute, and so any alleged lack of intent or other fault is not a mitigating factor, but any fault or negligence on the part of a *Signatory* may impact on the Signatory Consequences imposed.

11.2.2 Aggravating Factors shall be taken into account only in a case involving non-compliance with one or more Critical requirements of the *Code* and/or the *International Standards*. In such a case, if there are Aggravating Factors, that case shall attract significantly greater Signatory Consequences than a case where there are no Aggravating Factors.

11.2.3 Signatory Consequences shall be applied without improper discrimination between different categories of *Signatory*. In particular, given that International Federations and *National Anti-Doping Organizations* have equally important roles in fighting doping in sport, they should be treated the same (*mutatis mutandis*) when it comes to imposing Signatory Consequences for non-compliance with their respective obligations under the *Code* and the *International Standards*.

11.2.4 The Signatory Consequences imposed in a particular case shall go as far as is necessary to achieve the objectives underlying the *Code*. In particular, they shall be sufficient to motivate full Code Compliance by the *Signatory* in question, to punish the *Signatory's* non-compliance, to deter further non-compliance by the *Signatory* in question and/or by other *Signatories*, and to incentivize all *Signatories* to ensure they achieve and maintain full and timely Code compliance at all times.

11.2.5 Above all else, the Signatory Consequences imposed should be sufficient to maintain the confidence of all *Athletes* and other stakeholders, and of the public at large, in the commitment of *WADA* and its partners from the public authorities and from the sport movement to do whatever is necessary to defend the integrity of sport against the scourge of doping. This is the most important and fundamental objective, and overrides all others.

[Comment to Articles 11.2.4 and 11.2.5: As CAS ruled in ROC et al v IAAF, CAS 2016/O/4684 and again in RPC v IPC, CAS 2016/A/4745, if a Signatory fails to deliver a Code compliant Anti-Doping Program, then in order to restore a level playing field, to provide a meaningful sanction that will provoke behavioural change within the Signatory's sphere of influence, and to maintain public confidence in the integrity of International Events, it may be necessary (and therefore legitimate and proportionate) to go so far as to exclude the Signatory's affiliated Athletes and Athlete Support Personnel and/or its Representatives from participation in those International Events.]

11.2.6 The consequences should not go further than is necessary to achieve the objectives underlying the *Code*. In particular, consideration should be given to whether it is feasible (logistically, practically, and otherwise) for other relevant *Signatories* to create and implement a mechanism that enables the non-compliant *Signatory's Athletes* and/or *Athlete Support Personnel* to demonstrate that they are not tainted in any way by the *Signatory's* non-compliance. If so, and if it is clear that allowing them to compete in *International Events* in a neutral capacity (i.e., not as representatives of any country) will not make the Signatory Consequences that have been imposed less effective, or undermine public confidence in the integrity of the *International Events* (e.g., because the *Athletes* have been subject to an adequate testing regime for a sufficient period) or in the commitment of *WADA* and its stakeholders to do what is necessary to defend

the integrity of sport against the scourge of doping, then such a mechanism may be permitted, under the control of and/or subject to the approval of WADA (to ensure adequacy and consistency of treatment across different cases).

[Comment to Article 11.2.6: An example is the IAAF's Competition Rule 22.1A, which (as discussed in ROC et al v IAAF, CAS 2016/O/4684) created the possibility for Athletes affiliated to a suspended member national federation to apply for special eligibility to compete in international competitions as 'neutral' athletes, where they could show that the suspended member's failure to enforce the anti-doping rules did not affect or taint the athlete in any way, because he or she was subject to other, fully adequate anti-doping systems for a sufficiently long period to provide substantial objective assurance of integrity. In particular, the Athlete had to show that he or she had been subject to fully compliant Testing both in and out of competition that is equivalent in quality to the Testing to which his or her competitors in the international competition(s) in question were subject in the relevant period.]

11.2.7 The Signatory Consequences applied should include cessation of the Signatory's non-compliant Anti-Doping Activities where necessary to maintain confidence in the integrity of sport, but should be designed to ensure as far as practicable that there is no gap in the protection offered to clean Athletes while the Signatory is working to satisfy the Reinstatement conditions. Depending on the circumstances of the particular case, this may involve imposition of Supervision and/or Takeover of some or all of the Signatory's Anti-Doping Activities. Where the circumstances warrant, however, the Signatory may be permitted to continue to conduct particular Anti-Doping Activities (e.g., education) pending Reinstatement, provided this can be done without endangering clean sport. In such circumstances, Special Monitoring of the activities in question may be warranted.

11.2.8 Unless specified otherwise, all Signatory Consequences shall remain in effect until the Signatory is Reinstated.

11.2.9 The decision imposing the original Signatory Consequences (whether that decision is the WADA proposal that is accepted by the Signatory or the CAS decision if the WADA proposal is disputed by the Signatory) may specify that the Signatory Consequences shall increase in the event that the Signatory does not satisfy all of the Reinstatement conditions by a set deadline.

11.2.10 Applying the principles set out above, Annex B identifies the range of graded and proportionate Signatory Consequences that shall *prima facie* apply in cases involving non-compliance with Critical requirements (see paragraph B.3) or only High Priority requirements (see paragraph B.2) or only Other requirements (see paragraph B.1). The intention behind Annex B is to promote predictability and consistency in the imposition of Signatory Consequences across all cases. However, there shall be flexibility to vary within or even to depart from this range in a particular case, where the application of the principles set out above to the specific facts and circumstances of that case so warrant. In particular, the greater the degree of non-compliance (i.e., the more requirements with which the Signatory

has failed to comply, and the more serious those requirements), the greater the Signatory Consequences should be). And if the case includes not only non-compliance with Critical requirements but also Aggravating Factors, that shall warrant a significant increase in the Signatory Consequences imposed (which may include, without limitation, a fine in an amount sufficient to punish such conduct and to deter similar conduct by that *Signatory* or any other *Signatory* in the future).

11.2.11 In accordance with Article 12.2.1.3, it shall be a condition of Reinstatement that the *Signatory* has respected and observed in full all of the Signatory Consequences imposed on it.

11.3 Other Consequences

11.3.1 Governments and *Signatories* and associations of *Signatories* may impose additional consequences within their respective spheres of authority for non-compliance by *Signatories*, in accordance with *Code* Article 12.1, provided that this does not compromise or restrict in any way the ability to apply Signatory Consequences in accordance with this Section 11.

[Comment to Article 11.3.1: For example, the IOC may decide to impose symbolic or other consequences pursuant to the Olympic Charter, such as withdrawal of eligibility to organize an IOC Session or an Olympic Congress; while an International Federation may decide to cancel International Events that were scheduled to be held in the country of a non-compliant Signatory, or move them to another country.]

12.0 Reinstatement

12.1 Objective

12.1.1 Once a *Signatory* has been determined to be non-compliant, the objective is to help that *Signatory* to achieve Reinstatement as quickly as possible, while ensuring that corrective actions have been taken that will deliver enduring Code Compliance by that *Signatory*.

12.1.2 While *WADA* Management shall seek to guide the *Signatory* in its efforts to satisfy the Reinstatement conditions as quickly as is reasonably practicable, that objective shall not be allowed to compromise the integrity of the process and/or of the eventual outcome.

12.2 Reinstatement Conditions

12.2.1 In accordance with *Code* Article 23.5.4, in the formal notice that it sends to the *Signatory*, setting out its alleged non-compliance and the proposed Signatory Consequences, *WADA* shall also specify the conditions that it considers the *Signatory* should have to satisfy in order to be Reinstated, which shall be as follows:

12.2.1.1 all of the matters that caused the *Signatory* to be declared non-compliant have been corrected in full;

(a) If further Non-Conformities are identified after the *Signatory* has been declared non-compliant and before it is Reinstated, *WADA* will issue a new Corrective Action Report addressing those new Non-Conformities, and the normal process and timeframes for correcting them (set out in Article 9) will apply. If in the meantime the *Signatory* meets all of the original Reinstatement conditions, it will be Reinstated, even if it has not yet corrected the new Non-Conformities.

12.2.1.2 the *Signatory* has demonstrated that it is ready, willing and able to comply with all of its obligations under the *Code* and the *International Standards*, including (without limitation) carrying out all of its Anti-Doping Activities independently and without improper outside interference;

12.2.1.3 the *Signatory* has respected and observed in full all of the Signatory Consequences applied to it;

12.2.1.4 the *Signatory* has paid in full the following costs and expenses upon demand by *WADA*:

(a) any specific costs and expenses reasonably incurred by *WADA* in identifying the *Signatory's* non-compliance beyond the costs of *WADA's* routine monitoring activities (e.g., the costs of any specific investigation conducted by *WADA's* Intelligence and Investigations Department that identified such non-compliance);

(b) the costs and expenses reasonably incurred by *WADA* and/or Approved Third Parties from the date on which the decision that the *Signatory* was non-compliant became final until the date of the *Signatory's* Reinstatement, including (without limitation) costs and expenses reasonably incurred in implementing the Signatory Consequences (including the costs referred to in Articles 11.1.1.3 and 11.1.1.4 and the costs of monitoring the *Signatory's* compliance with the Signatory Consequences) and the costs and expenses reasonably incurred in assessing the *Signatory's* efforts to satisfy the Reinstatement conditions; and

12.2.1.5 any other conditions that *WADA's* Executive Committee may specify (on the recommendation of the CRC) based on the particular facts and circumstances of the case.

12.2.2 Within twenty-one days of its receipt of the notice referenced in *Code* Article 23.5.4, in accordance with *Code* Article 23.5.6 the *Signatory* may dispute the Reinstatement conditions proposed by *WADA*, in which case *WADA* will refer the case to the *CAS* Ordinary Arbitration Division in accordance with *Code* Article 23.5.6 and the *CAS* will determine whether all

of the Reinstatement conditions proposed by WADA are necessary and proportionate.

12.2.3 Subject to any contrary decision issued by CAS, to be eligible for Reinstatement a non-compliant *Signatory* shall be required to demonstrate (by its own efforts but also by securing the support and assistance of public authorities and/or other relevant parties, as necessary) that it has satisfied each of the Reinstatement conditions specified by WADA.

12.2.3.1 In a particular case, WADA (and/or CAS) may establish an instalment plan for payment of the costs and expenses set out in Article 12.12.1.4. In such a case, provided the Signatory is fully up-to-date with payments under that instalment plan, once the Signatory has complied with all other Reinstatement conditions it may be Reinstated even if further instalments will only become due for payment after the date of Reinstatement. However, the Signatory remains liable to pay all remaining instalments after such Reinstatement. A failure to do so shall be processed as a new Non-Conformity.

12.3 The Reinstatement Process

12.3.1 WADA's Executive Committee alone has authority to Reinstate a *Signatory* that has been declared non-compliant.

12.3.2 WADA Management will monitor the *Signatory's* efforts to satisfy the Reinstatement conditions, and will report to the CRC periodically on the *Signatory's* progress. A Compliance Audit may be used to assist in this task.

12.3.3 Where a *Signatory's* right to conduct some or all Anti-Doping Activities has been withdrawn in accordance with Article 11.1.1.4, the CRC may recommend to WADA's Executive Committee that the *Signatory* be given back the right to conduct certain of those Anti-Doping Activities (under Special Monitoring and/or Supervision by an Approved Third Party in accordance with Article 11.1.1.3) prior to full Reinstatement, where the CRC agrees with WADA Management that the *Signatory's* corrective efforts to date mean it is in a position to implement such Anti-Doping Activities itself in a compliant manner.

12.3.4 Once WADA Management considers that the *Signatory* has met all of the Reinstatement conditions, it will inform the CRC accordingly.

12.3.5 If the CRC agrees with WADA Management that the *Signatory* has met all of the Reinstatement conditions, it will recommend that WADA's Executive Committee confirm the Reinstatement of the *Signatory*.

12.3.6 In accordance with Code Article 13.6, a decision by the CRC and/or WADA's Executive Committee that a *Signatory* has not yet met all of the conditions for its Reinstatement may be appealed by the *Signatory* exclusively to CAS.

12.3.7 Following the *Signatory's Reinstatement*, WADA shall monitor the *Signatory's Code Compliance* closely for such further period as it deems appropriate. When it confirms such *Reinstatement*, WADA's Executive Committee may impose special conditions recommended by the *CRC* with which the *Signatory* must comply post-*Reinstatement* in order to facilitate such monitoring and to demonstrate the *Signatory's* continuing *Code Compliance*. Such conditions may include (without limitation) scheduling a *Compliance Audit* for the *Signatory* within a specified period following *Reinstatement*. Any breach of such conditions shall be processed in the same manner as any other new *Non-Conformity*.

PART THREE: ANNEXES

Annex A: Categories of Non-Compliance

A1. The following is a non-exhaustive list of requirements that are considered Critical to the fight against doping in sport:

- a) Adoption of compliant rules, regulations, and/or (where necessary) legislation.
- b) The development and implementation of an effective test distribution plan in accordance with Article 5.4 of the *Code*, based on the risk assessment and other principles set out in Article 4 of the International Standard for Testing and Investigations, and including (without limitation) *No Advance Notice Testing*.
- c) In particular, the development and implementation of an effective program for the *Testing of Athletes* prior to their participation in the Olympic Games or Paralympic Games or other *International Event* (including implementing any recommendations made or endorsed by *WADA* in this regard).
- d) The use of *ADAMS* or another system approved by *WADA* (including for the timely entry of Doping Control Forms and *TUE* decisions).
- e) The use of *WADA*-accredited laboratory/ies (or *WADA*-approved laboratory/ies) to analyze all *Samples*, in accordance with Article 6.1 of the *Code*.
- f) The proper and timely pursuit of all apparent anti-doping rule violations in accordance with Articles 7 and 8 of the *Code*, including proper notification of the *Athlete* in accordance with the requirements of Article 7.3 of the *Code*.

Annex B: Signatory Consequences

This Annex B applies the principles set out in Article 11 to identify the range of graded and proportionate Signatory Consequences that shall *prima facie* apply in cases involving non-compliance with Critical requirements (see paragraph B.3) or only High Priority requirements (see paragraph B.2) or only Other requirements (see paragraph B.1). The intention is to promote predictability and consistency in the imposition of Signatory Consequences across all cases. However, there shall be flexibility to vary within or even to depart from this range in a particular case, where the application of the principles set out in Article 11 to the specific facts and circumstances of that case so warrant. In particular, the greater the degree of non-compliance (i.e., the more requirements with which the *Signatory* has failed to comply, and the more serious those requirements), the greater the Signatory Consequences should be). And if a case includes not only non-compliance with one or more Critical requirements but also Aggravating Factors, that shall warrant a significant increase in the Signatory Consequences imposed (which may include, without limitation, a fine in an amount sufficient to punish such conduct and to deter similar conduct by that *Signatory* or any other *Signatory* in the future).

B.1 In a case of non-compliance with Other requirements (but not with any High Priority or Critical requirements):

B.1.1 In the first instance:

(a) the *Signatory* will lose its WADA Privileges;

(b) it will be assisted in its Anti-Doping Activities (through the provision of advice and information, the development of resources, guidelines and training materials, and/or, where necessary, the delivery of training programs) by *WADA*, or by an Approved Third Party, at the *Signatory's* expense, including up to two visits a year, with all costs paid in advance (where known); and

(c) some or all of its Anti-Doping Activities (as specified by *WADA*) will be subject to either Special Monitoring by *WADA* or Supervision by an Approved Third Party, at the *Signatory's* expense.

B.1.2 If the *Signatory* has not fully satisfied the conditions for Reinstatement six months after the above consequences have been imposed (or such other period as *WADA* – or, if disputed, *CAS* – may specify), then the following further consequences will also apply:

(a) some or all of the *Signatory's* Anti-Doping Activities will be Supervised at its expense by an Approved Third Party, including up to four site visits a year, with all costs to be paid in advance (where known); and

(b) its Representatives will be ineligible to sit as members of the boards or committees or other bodies of any *Signatory* (or its members) or association of *Signatories* until the non-compliant *Signatory* is Reinstated.

B.1.3 If the *Signatory* has still not fully satisfied the conditions for Reinstatement twelve months after the consequences set out at paragraph B.1.1 have been imposed (or such other period as *WADA* – or, if disputed, *CAS* – may specify), then the following further consequences will also apply:

(a) all of the *Signatory's* Anti-Doping Activities will be Supervised by an Approved Third Party, at the *Signatory's* expense, including up to six site visits a year, with all costs to be paid in advance (where known); and

(b) its Representatives will be ineligible to sit as members of the boards or committees or other bodies of any *Signatory* (or its members) or association of *Signatories* for four years or until the non-compliant *Signatory* is Reinstated (whichever is longer).

B.2 In a case of non-compliance with High Priority requirements (but not with any Critical requirements):

B.2.1 In the first instance:

(a) the *Signatory* will lose its WADA Privileges;

(b) some or all of its Anti-Doping Activities (as specified by *WADA*) will be subject to Supervision or Takeover by an Approved Third Party, at the *Signatory's* expense, including up to six site visits a year, with all costs paid in advance (where known);

(c) its Representatives will be ineligible to sit as members of the boards or committees or other bodies of any *Signatory* (or its members) or association of *Signatories* until the non-compliant *Signatory* is Reinstated;

(d) (if the *Signatory* is a *National Anti-Doping Organization* or a *National Olympic Committee* acting as a *National Anti-Doping Organization*) the *Signatory's* country will be ineligible to host one or more Olympic Games and/or the Paralympic Games and/or to be awarded the right to host World Championships until the *Signatory* is Reinstated;

(e) (if the *Signatory* is an International Federation) the *Signatory* will be ineligible to receive funding or other benefits of the patronage of the International Olympic Committee or International Paralympic Committee or any

other *Signatory* until the *Signatory* is Reinstated (and then it shall still not be able to receive any funding or other benefits retrospectively for the period of non-compliance prior to Reinstatement); and

(f) (if the *Signatory* is a *Major Event Organization*) there will be Special Monitoring or Supervision or Takeover of its Anti-Doping Program by an Approved Third Party, at the *Signatory's* expense, at the next edition of its *Event*.

B.2.2 If the *Signatory* has not fully satisfied the conditions for Reinstatement twelve months after the consequences set out at paragraph B.2.1 are imposed (or such other period as *WADA* – or, if disputed, *CAS* – may specify), then the following further consequences will also apply:

(a) the *Signatory's* Representatives will be ineligible to sit as members of the boards or committees or other bodies of any *Signatory* (or its members) or association of *Signatories* until the non-compliant *Signatory* is Reinstated or for four years (whichever is longer);

(b) (where the *Signatory* is a *National Anti-Doping Organization* or a *National Olympic Committee* acting as a *National Anti-Doping Organization*) the following *Persons* will be excluded from participation in or attendance at the next edition of the Olympic Games and Paralympic Games (summer or winter, as applicable) and/or World Championships or until Reinstatement (whichever is longer): the Representatives of the *National Olympic Committee* and *National Paralympic Committee* of the *Signatory's* country, and (subject to Article 11.2.6) the *Athletes* and *Athlete Support Personnel* representing that country or representing the *National Olympic Committee*, *National Paralympic Committee*, or National Federation of that country;

(c) (where the *Signatory* is an International Federation) the following *Persons* will be excluded from participation in or attendance at the Olympic Games and Paralympic Games and/or any other multi-sport *Event* for the next edition of that *Event* (summer or winter, where relevant) or until Reinstatement (whichever is longer): the International Federation's Representatives, as well as the *Athletes* and *Athlete Support Personnel* participating in its sport (or in one or more disciplines of that sport); and

(d) (where the *Signatory* is a *Major Event Organization*)
(i) the *Signatory* will be ineligible to receive funding or enjoy any of the other benefits of the patronage of the International Olympic Committee or International

Paralympic Committee or any other *Signatory* until it is Reinstated (and then it shall still not be able to receive any funding or other benefits retrospectively for the period prior to Reinstatement); and (ii) any previous recognition of its *Event* as a qualifying event for the Olympic Games or Paralympic Games will be lost.

(d) (where the *Signatory* is a *National Anti-Doping Organization* or a *National Olympic Committee* acting as a *National Anti-Doping Organization*):

(1) the *Signatory's* country may not host the Olympic Games and/or the Paralympic Games and/or be awarded the right to host World Championships or other events organized by *Major Event Organizations* for a specified period; and

(2) the country's flag will not be flown at, and the Representatives of the *National Olympic Committee* and *National Paralympic Committee* of the *Signatory's* country, as well as (subject to Article 11.2.6) the *Athletes* and *Athlete Support Personnel* representing that country (or representing the *National Olympic Committee*, *National Paralympic Committee*, or National Federation of that country), will be excluded from participation in or attendance at the Olympic Games and Paralympic Games and/or any World Championships for the next edition of that *Event* (summer or winter, where relevant) or until Reinstatement (whichever is longer); and

(e) (where the *Signatory* is an International Federation) the International Federation's Representatives, as well as the *Athletes* and *Athlete Support Personnel* participating in its sport (or in one or more disciplines of that sport) will be

excluded from participation in or attendance at the Olympic Games and Paralympic Games or any other multi-sports *Event* for the next edition of that *Event* (summer or winter, where relevant) or until Reinstatement (whichever is longer);
