

CROSS REFERENCING OF TUE PHYSICIAN GUIDELINES WITH PROHIBITED SUBSTANCES

Sorted by WADA Medical Information to support the decisions of TUECs

WADA Documents	Generic Prohibited Substances
ADHD	Methylphenidate Dexamphetamine/Dextroamphetamine
Anaphylaxis	Epinephrine (Adrenaline) Glucocorticoids
Adrenal Insufficiency	Glucocorticoids Mineralocorticoids Spironolactone
Androgen Deficiency/Hypogonadism	Testosterone hCG (human Chorionic Gonadotropin)
Arterial hypertension	Diuretics Beta-blockers
Asthma	Beta 2 Agonists (Terbutaline, etc.) Glucocorticoids
Diabetes Mellitus (Insulin dependant)	Insulin
Female-to-Male Transsexual athletes	Testosterone
Growth Hormone Deficiency	Growth hormone
Infertility/Polycystic Ovarian Syndrome	Clomiphene citrate Spironolactone
Inflammatory Bowel Disease	Glucocorticoids
Intravenous Infusion	IV infusions
Intrinsic Sleep Disorders	Modafinil Dexamphetamine/Dextroamphetamine Methylphenidate
Musculoskeletal Injuries	Narcotics Glucocorticoids
Post Infectious Cough	Pseudoephedrine Glucocorticoids
Renal transplantation	Beta-blockers Diuretics Erythropoietin Glucocorticoids
Sinusitis/Rhinosinusitis	Pseudoephedrine

Sorted by substances

Generic Prohibited Substances	WADA Documents
Beta-2 Agonists	Asthma
Beta-Blockers	Arterial hypertension Renal transplant
Clomiphene citrate	Infertility/Polycystic Ovaries
Dexamphetamine	ADHD
Diuretics	Arterial hypertension Renal transplant
Epinephrine (adrenaline)	Anaphylaxis
Erythropoietin	Renal transplant
Glucocorticoids	Adrenal Insufficiency Anaphylaxis Asthma Inflammatory Bowel Disease Musculoskeletal Conditions Post Infectious Cough Renal transplant
Growth hormone	Growth Hormone Deficiency
hCG (Human Chorionic Gonadotropin)	Androgen Deficiency/Hypogonadism
Insulin	Insulin Dependent Diabetes Mellitus
IV infusions	Intravenous infusions
Methylphenidate	ADHD
Mineralocorticoids	Adrenal Insufficiency
Modafinil	Intrinsic Sleep Disorders
Narcotics	Musculoskeletal Conditions
Pseudoephedrine	Post Infectious Cough Sinusitis
Spironolactone	Adrenal Insufficiency Infertility/Polycystic Ovaries
Terbutaline	Asthma
Testosterone	Androgen Deficiency/Hypogonadism Female-to-Male Transsexual Athletes
