

## WORLD ANTI-DOPING CODE: COMPLIANCE

In November 2015, WADA will report publicly on the extent to which National Anti-Doping Organizations (NADOs), National Olympic Committees (NOCs) and all other Code signatories have implemented the Code in their legal systems. Following this step, it is crucial to start implementing anti-doping programs based on the new rules. We urge all African countries' NOCs and NADOs that still need to finalize aspects related to the implementation of anti-doping programs to do so as soon as possible. WADA has been communicating with all stakeholders in this regard but for more information concerning this process; please do not hesitate to contact the WADA Regional Office.

## UNESCO INTERNATIONAL CONVENTION AGAINST DOPING IN SPORT (THE CONVENTION)

### RATIFICATION

Following their ratification, Djibouti becomes the 47<sup>th</sup> country respectively to join the 46 African countries that are States Parties to the Convention. The following seven countries are yet to complete this very important process: Central African Republic, Guinea Bissau, Mauritania, São Tomé and Príncipe, Tanzania, Sierra Leone and South Sudan. In the case of Sierra Leone, we have been informed of the ratification, but the official instrument must still reach the UNESCO office.

### VOLUNTARY FUND

All States Parties to the Convention are eligible to apply for funding through the UNESCO Convention Fund for the Elimination of Doping in Sport (Voluntary Fund). The next meeting of the Approval Committee of the Fund is scheduled for 27 October 2015. We hope that you have made all the necessary efforts for your project to be considered for this round.

### 10<sup>TH</sup> ANNIVERSARY OF THE CONVENTION

Please also note and save the date for the UNESCO's 10<sup>th</sup> Anniversary of the Conference of Parties meeting to be held at UNESCO Headquarters in Paris on 28 and 29 October. We encourage attendance by Ministers, senior government officials and those responsible for anti-doping.

### UNESCO ADLogic – 13 COUNTRIES NOT YET COMPLETED THE ONLINE QUESTIONNAIRE

Every two years there is a monitoring report requirement under the Convention. All States Parties to the Convention are required to complete an online questionnaire called UNESCO ADLogic to fulfill this. To date, 13 African countries still have to complete this process. Contact our offices or Mr. Marcellin Dally at UNESCO for details: [m.dally@unesco.org](mailto:m.dally@unesco.org) and Mr. Nicolas Keraudren: [n.keraudren@unesco.org](mailto:n.keraudren@unesco.org)
