

Agenda for CHINADA Symposium 18-19 October 2017

INTERNATIONAL SYMPOSIUM ON FOODSTUFF RESIDUES AND IMPACT ON ANTI-DOPING ANALYSIS IN SPORT

Day 1: 18 October 2017

8.30-9.00 Registration

Opening of the meeting

9.00-9.05 Welcome to the Conference (**Dr. O.Rabin**)

9.05-9.15 Address by the Representative of the Chinese governmental authorities
(**Vice-Minister Li**)

9.15-9.25 Address by the Representative of CHINADA (**Mr. Chen Zhiyu**)

9.25-9.35 Address by Chair of WADA Health & Medical Research Committee (**Dr. O.Rabin**
on behalf of **Prof. Ugur Erdener**)

9.35-10.00 *Coffee Break / Group picture*

Session 1 Residues in food – Overall situation and regulatory environment

Co-Chairs: **Zhang Yinong** & *Bruno Le Bizec*

10.00-10.30 A general perspective on the use of WADA prohibited substances for animal husbandry (**Bruno Le Bizec**)

10.30-11.00 Nature, source and incidence of meat contaminants interfering with anti-doping tests (**Saskia Sterk**)

11.00-11.30 Introduction to Prohibited Substances in Chinese Daily Food and Traditional Medicine (**Wang Jingzhu**)

11.30-12.00 Perspectives of a Regulatory Agency (**Jerome Lepeintre**)

12.00-12.30 **Discussion 1** – Assessment of overall risk of residue contamination for the general population

12.30-13.50 **LUNCH**

Session 2: Historical issue of food residue and consequences in doping control

Co-Chairs: ZHANG LISI / Irene Mazzoni

14.00-14.30 Overview of clenbuterol situation – Case Studies (**Mario Thevis**)

14.30-15.00 Detection of clenbuterol in anti-doping tests – Situation in China (**Lu Jianghai**)

15.00-15.30 Zilpaterol Case study (**Martial Saugy**)

15.30-16.00 *Coffee Break*

16.00 – 16.30 Drug residue analysis and implications for in anti-doping analysis
(**Mario Thevis**)

16.30–17.00 **Discussion 2** – identification of residues of concerns and specific risks in
anti-doping analysis

19.00 – **Official Symposium Dinner**

.....

Day 2: 19 October 2017

Session 3: Research on analytical methods for tackling residue contamination in doping control

Co-Chairs: Xu Youxuan / Osquel Barroso

09.00-9.30 Mexican clenbuterol Study design (**Benjamin Velasco**)

09.30-10.00 Analysis of enantiomers in urine (**Saskia Sterk**)

10.00-10.30 Hair analysis (**Detlef Thieme**)

10.30-11.00 *Coffee Break*

Session 4: The Way Forward

Co-Chairs: Chen Zhiyu / Olivier Rabin

11.00-12.45 Panel Discussion

“Facing the current challenges and defining the future”

(O.Barroso, B. LeBizec, M. Saugy, Catrin Goebel S. Sterk, D. Thieme & Zhang Y.N.)

12.45-13.45 **LUNCH**

14.00 – 15.00 Conclusions and outcomes of the Symposium (**Chen Z.Y. & O. Rabin**)
