

TD2019NA: Summary of Major Modifications

The Technical Document on Detection of Harmonization of Analysis and Reporting of 19-Norsteroids related to Nandrolone, TD2019NA, has been modified to update the formula for adjustment of 19-NA concentrations in *Samples* with high (> 1.018) urinary specific gravity (SG). The formula in footnote 5 has been updated to reflect the changes made in the new TD2019DL. The TD2019NA replaces the former TD2017NA.
